EDITOR'S CORNER

WELCOME BACK! We hope everyone had an enjoyable summer.

As editors of this paper we spent a great deal of time thinking of ways we could improve the bulletin to make it more of a voice for all students. We have come up with a few ideas, but we need your input and your voices to make them work.

One of our goals is to include a discussion of an important issue each week. To do this we need to know how you feel about our topic, be ye for or against it. We know that everyone has an opinion (we spent a lot of time in Rhoades Center last year listening). Now we are offering you an opportunity to have these opinions heard.

We also want to include things of interest for all students. We want to tell you about on-campus activities, club happening, and about cultural and informational events off-campus. So, if you know of anything that may interest other students, please submit it and we will spread the word.

We believe that the college experience is more than just showing up for classes. Therefore, if our campus life can be enriched by the sharing of our collective ideas through this publication, we will all benefit.

INTERNATIONAL STUDIES SCHOLARSHIP !!

The International Studies Association will once again be offering full scholarship programs to students of Clarion University. Students receiving a scholarship will be able to spend four weeks abroad, at no cost, studying the language of their choice.

In order to earn a full scholarship, students must:

- (a) Be a U.S. citizen or permanent resident.
- (b) Be at least 16 years of age and no older than 22 by June 30, 1993.
- (c) Have completed a minimum of 2 high school years or 2 college semesters of the language of the Study Abroad Program of the student's choice by January 31, 1993.

(d) Pass the International Studies Association Test with a minimum score of 700 of a possible 800. Test will be given at your school.

A testing fee of \$25.00 per student must be paid by the school or student. All students who meet the above criteria will be awarded full scholarships. If interested contact Dr. Barb Reagle at ext. 270 for more details.

THINGS THAT MAKE YOU GO HMMM....

Have you ever heard or read, or witnessed something that triggered a reaction quite like any of the following?

- (a) "You're kidding!"
- (b) "Say what?"
- (c) "What's wrong with people?"

This column arises out of the perplexities in the world around us, in the things that make you go Hmmm.... It is intended to be used for the discussion of absurdities observed by this staff. Each week we will put before you, the readers, our "Hmmm..." of the week. We invite appropriate responses to each of the topics discussed in this column, and hope that by exposing each others thoughts we can eventually gain insight, compassion, and clarity from these experiences.

For example:

Do you know about the latest fad in trading cards? They're not lined with pictures of athletes, but instead, with full color pictures of mass murderers. Yes, that's right, serial killers on trading cards. Let's all rush to the nearest store and buy our maleable, impressionable children a complete set! With a simple turn of the card we can read the stats on how many people so and so killed, how many were mutilated, tortured, etc., and what type of weaponry was used. This is certainly the kind of thing we want our children to be well-versed in.

Okay, so right about now we're saying, "What's wrong with people?" Something is terribly wrong here. People are lining their greedy pockets with this blood money, spilled many times over through the ludicrous media coverage of these sick puppies, then with the publications of literary waste (which is toxic in nature) that depicts the life and times of so and so, which eventually find their way into movie theaters and our living rooms via the true boob (meaning 'stupid') tube. And, if that's not enough, now the insult is added to this injury yet again and into the hands of our children

Personally, I'm sick to death (no pun intended, I assure you) of hearing about, reading about, or listening to jokes about these dregs of society.

If one of information's purposes is to educate formable minds, then we better truly understand the power of that information, and think first. After all, it is not logical or rational to first jump in an ocean of water and then discern whether or not one can swim.

V.C. ANNOUNCES NEW FACES ON CAMPUS!!

Several new faces can be seen around campus this semester. Not only do we welcome the many new students, but Venango Campus is pleased to have on board several new faculty members. They come to us from around the country, bringing with them expert knowledge, diverse experiences and friendly attitudes. They are: **Bill Adams**-Communications, **Rick Sobousky**-Rehab Services, **Nancy Queson**-Accounting, **Lejene Quesenberry**-Paralegal, **Carie Forden**-Psychology.

Venango Campus is also pleased to welcome our new Personal Counselor, **Kay King**. Kay will be dividing her office time between Clarion Campus and here, so she is doubly available for counseling services. Counseling is a confidential service offered to any student attending Clarion Univ., and is provided at no cost to the student. Appointments can be made by calling Kay King at ext. 277 (this campus). Her office is located in Room 202, Montgomery Hall, with the following hours: Tues.-Wed. 10-5, Thur. 4-9.

Two other new faces that you may spot around Montgomery Hall this semester are those of our graduate students, **Matt Winger** and **Amy Rarrick**. Matt is a Clarion English graduate pursuing a Masters in English. He will be fulfilling duties as the Learning Center Assistant.

Amy Rarrick comes to us from Franklin Pierce College, and will be the friendly new face in our Career Center, as the Career Center Assistant.

Welcome Aboard!

Women's Studies Minor Now Being Offered at Clarion

Dr. Donna Ashcraft, assistant professor of psychology, will be the director of the new women's studies minor offered for the first time at Clarion University this fall.

To receive a minor in women's studies under the proposed program, 18 credits must be completed, nine of them at the 300/400 course level, from among 11 courses. The courses being offered include the introductory course, "Women's Studies 100: Survey of Women's Studies," and the capstone course, "Women's Studies 490: Seminar in Women's Studies."

The other courses are: Art 216: Women in Art; History 230:

Women in the United States; English 365: Images of Women in Literature; Health and Physical Education 370: Women in Sports; Speech Communication and Theatre 420: Gender and Communication; Sociology 452: Sex, Gender, and Socialization; Marketing 463: Women in Marketing; and two new courses, Great Women of French History and French Society, and Myth, Difference and Popular Culture.

VENANGO VOICE SEEKS CAMPUS TALENT!!

As you may have noticed, the "Bulletin", as it has been known in the past, is in the process of a "facelift." It has acquired not only a new name, The *Venango Voice*, but it is also undergoing some format and content changes. This newspaper is your newspaper, and in order to make it a success it needs you, the students and faculty, to represent yourselves through articles, original writings, notices of interest, and even cartoons or artwork.

We welcome the opportunity to highlight students and faculty for their achievements, so if you know of someone that should be showcased, simply submit a brief article.

This is your chance to play "roving reporter" and see your articles in print!

How about those cartoon doodles you may have been doing in class? Submit them to be featured in the *Voice*!

You can drop off your submissions to the *Voice* office, located in Montgomery Hall, Rm. 205, or in Frame office. Deadline for submissions is every Thursday at NOON.

NEED SOME HELP?

The tutoring Lab is a free service offered by Venango Campus to any student. It operates out of Rooms 207, 208 and 210 in Montgomery Hall. To request a tutor, students should complete a Tutor Request Form available outside Room 210. Remember, friendly, knowledgeable FREE help is yours for the asking!!

THINGS THAT MAKE YOU GO HMMM

I heard somewhere that someone did a study on the affects of watching news before bedtime. Most people who watched news directly before tucking in for the night reportedly woke the next morning tired and somewhat depressed. Well, if that's true, then what I heard on the news this past week should have me waking exhausted and ready to commit suicide!

As you should well know, hundreds of thousands of people had to be evacuated from their homes during the rage of Hurricane Andrew. It is not astonishing that some people elected to stay with their homes to "ride out the storm," as they probably didn't expect it to be as devastating as it turned out to be. But it was devastating, as so many soon found out. What is astonishing, however, is that not only did these people have to worry about the huge losses done to their homes and property by Andrew, but then their tragedies were intensified with the word that looters were running rampant, gathering what was left of their belongings.

I thought I had seen enough greed-driven faces to last me a lifetime during the coverage of the riots in L.A., but alas, I guess not, for there were more to be

seen. And rampant they ran—pilaging through wind-broken homes before the rains had even stopped falling from the sky. What could possibly possess someone to act like this? Stealing the sole belongings of victims of natural disaster? I watched the news report in utter disbelief and disgust, and at the first commercial break, headed to the kitchen for a glass of milk to soothe my nauseous stomach.

The milk wasn't even beginning to enjoy its travels through my system when the next report from Miami curdled it instantly.

The report was that a couple in their seventies who had chosen to remain with their home during the storm, had suffered quite serious injuries as their house was torn apart by the 150 mph plus winds. As they laid in the rubble of what was left of their living room, waiting for help, they heard voices coming closer and assumed that help had arrived. Here's the part that began the curdling process in my stomach, as well as the disillusionment of humanity for the elderly couple in Miami. It seems that the voices they heard were those of looters—(there they were again—my favorite kind of people!). But these weren't your average maniac

thieves, these were even lower life forms than pond scum, for they quickly removed any visibly valuable items from the couples wrecked home, stepping over their injured bodies, and then before leaving these heartless pirates mercilessly yanked the jewelry from the couples hands and arms.

I said a prayer for the state of the human race that night, and I haven't watched the news before going to bed since. For whatever it's worth, I've awakened refreshed and pleasant for the past several mornings, however, I still have a mysterious aftertaste of cottage cheese in my mouth.

CAB Plans A New Lecture Series

This years Lecture Series will focus on Women's Issues. The first program is scheduled for Tuesday, September 22, at 7:30 pm, in Rhoades Auditorium. The lectures series is brought to you by the Campus Activity Board in cooperation with the Pennsylvania Humanities Council.

The speaker is Dr. Madelyn Gutwirth from West Chester University. Her topic is "Women Speak Out." Dr. Gutwirth describes western folklore's critical posture toward women who speak out, as represented by tales of "the wife who talks too much." By contrast, she deals with the issue of women's performance in the rostrum and the public's response to it. Dr. Gutwirth discusses the tribulations of the women of the suffrage movement - Elizabeth Cady Stanton and Susan B. Anthony, the heroine of Henry James's *Bostonians*, and recent political figures like Margaret Thatcher and Geraldine Ferraro.

EMPLOYMENT

Job Fair/ Employment Opportunity

The PA Department of Corrections will be holding a job fair September 22- 25, in Albion, PA at the St. Lawrence Center on East Pearl Street and at Boyd Hall of Grace United Methodist Church on Franklin Street, for people hoping to work at a new medium security state prison in Albion. Between 400- 450 workers will be needed of which 280- 300 will be correction officers. Staff will also consist of food service workers, counselors, drug and alcohol treatment specialists, nurses, clinical technicians, administrative and clerical workers, trade-persons, maintenance workers, teachers and instructors. The faculty is expected to be ready for occupancy in April 1993.

If you will be a fall or spring semester graduate and (continued)

are interested in working within a prison system, be sure to attend this job fair. In many cases individuals will be able to actually apply for work at the fair.

Guest Speaker on "Women's Issues" at Venango Campus

"Women's Speaking Out" will be the topic of a lecture at the Robert W. Rhoades Auditorium on September 22, 1992 at 7:30 pm by Dr. Madelyn Gutwirth. The lecture series is sponsored by the Campus Activities Board of Venango Campus with a grant from the Pennsylvania Humanities Council.

Madelyn Gutwirth, our guest speaker, is a retired professor of French and Women's Studies. She is affiliated with the MLA, American Society for Eighteenth Century Studies, National Women's Studies Association, National Organization for Women, and Society Stalienne. She has researched the Woman Artist Survivors of Revolution such as J.L. David, Goya, Getmaine de Stael, and Beethoven, and the text on the Wild Boy of Aveyron. She has been cited as Women's Educator, Women's Way 1988 and has been awarded the faculty Merit Award Westchester University, 1990.

The presentation will focus on western folklore's critical posture toward the woman who speaks out, the issue of women's performance on the rostrum and the public's response to it. She also discusses the tribulations of the women of the suffrage movement and recent political figures like Margaret Thatcher and Geraldine Ferraro.

Dr. Madelyn Gutwirth comes to Venango Campus as part of the Pennsylvania Humanities Council's Commonwealth Speaker's program, a statewide speakers bureau. For additional information contact Kim Price at 676-6591. The Pennsylvania Humanities Council is a private non-profit organization serving the Commonwealth as an affiliate of the National Endowment for Humanities.

THINGS THAT MAKE YOU GO HMMM. . . .

Today, another child joined the others who got in line, before homeroom, to receive their medication. There were many children in this line, each in turn stepping up to a white anesthetic counter and taking a small cup of water and a small orange tablet. Immediately the pill is swallowed and the children depart, in single file, to begin their school day.

This scene may sound a bit contrived but it is a real and common occurrence in the schools in our neighborhoods. The medication that these children are receiving is Ritalin, and it is being administered with frightening frequency to more and more children.

Ritalin, if you are not familiar with the name, is an amphetamine given to children which has a paradoxical effect in that it calms rather than excites those children who suffer from hyperactivity or ADDS (Attention Deficit Disorder Syndrome). For children with these disorders Ritalin is a god send as it enables them to focus their concentration, it relieves frustration, and quiets the frenzy of motor activity that they experience. But as it is with all drugs, too much of a good thing can be extremely harmful.

In the five years my children have attended schools in Venango County I have noticed a shocking increase in the use of Ritalin and other CNS stimulants. Everywhere I turn I find parents who tell me that their children receive the drug in school. Often it is the teacher who first suggests that the child take the drug, and from this single opinion a pediatrician will usually prescribe the drug.

I am neither a medical doctor nor a psychiatrist, and I do not presume to be qualified to diagnose a complicated disorder such as ADDS, but I do wonder about the propriety of giving a potentially harmful and addictive drug to children who don't specifically need it. But that is exactly what is happening in our schools.

In a certain classroom at least five of the boys are given Ritalin every morning. The teacher embraces the action of the drug and actually calls it 'smart pills'. The whole class joins in on this cliché by reminding students that it is time to 'get smart'. There is something very wrong here! Ritalin is a powerful, addictive, dangerous drug and this person is making it seem like a wonderful vitamin and all the children wish they could take it (being smart is really important).

I say this because Ritalin was once recommended for my child. Nikki has Cerebral Palsy and consequently her fine motor skills were unrefined. When she entered the second grade her teacher came to me and discussed the benefits of giving her Cylert (a drug similar to Ritalin). I continued to question the reasons that were put before me until finally I received this answer, "If she takes Cylert she will be able to write faster, her concentration will increase and she will perform much better in the classroom setting." Oh Yeah?!

The problem I see here, despite the previous mentioned one, is that there is a strong potential that Ritalin will be/is being used for maintenance of children with behavior problems and/or immaturity. This kind of irresponsible use is the vilest form of drug abuse imaginable! Using a narcotic all wrapped up in a pretty package doesn't make it any less narcotic or dangerous. And using a drug to control behavior or to shape behavior certainly doesn't make it less narcotic or dangerous either.

I, for one, am opposed to teachers relying on a chemical to do their job. Are we going to allow the schools to fill our children with amphetamines doing who knows what damage to their little minds and bodies, or will we fight until we establish a "No Ritalin" policy as other districts have done?

MYTH: People over 40 have difficulty finding a good job.

REALITY: Yes, if they apply for youth jobs. If they conduct a well organized job search, they should find their age no barrier to employment. The major problem will be the time involved in landing a new job. The job search of experienced individuals may take longer because they are more selective in the jobs they wish to pursue. Employers want experience, maturity, and stability. People over 40 have these qualities. But they must clearly communicate these qualities to employers rather than dwell upon age. In fact, as the population continues to age and birth rates decline, it should become easier for older individuals to change jobs and careers if they are willing to re-career. Ronald L. Here is a great way to organize seating arrangements: Tape a cut out deep sea diver and fish on the wall outside your room. On each fish write an unanswered Math fact, incomplete rhyme, fill-in-the-blank statement or questions dealing with your latest topic.

Each student selects a fish, enters the room and sits at the desk that contains the corresponding answer. This can also be used to review, as motivation for a new unit, and as a pre-test.

Looking out my office window, I delight in the late summer trees climbing the hill across the river. I note the abstract sculpture that sits between a row of trees and benches. I gaze briefly at the yellow brick of Rhoades and Frame.

Once in a while someone will pass by. Occasionally it will rain, and then clear, and then perhaps another student or two will amble on their way to class or their car to head off to work or home.

I can't help but think of when I was a college student, on a campus in Southeastern Ohio, because the setting is very similar to what I look at now: hills, trees, a river. I remember tossing the frisbee around between classes, back and forth, as rock and roll blasted from one of the many dorm windows. Or just sitting on the grass, back against a tree, reading a book that may or may not have been assigned from one of my classes.

It wouldn't be unusual for friends-- folks I'd meet in classes or in the cafeteria-- to lollygag and converge and soon we'd be talking about whatever--fellow students, teachers, movies, books, sometimes even ideas, sometimes even our visions about things. Someone might come with a harmonica. Another would stop with a guitar. Strangers would pass and introduce themselves.

On beautiful autumn days, like this one, they'd eat their lunches outside. They might even talk about campus and town issues they'd read about in their campus newspaper-- sharing opinions about how the university was spending their money, how other students and faculty felt about the many issues of the day. The ambitious ones would even write their own opinions and send them off to the newspaper, thus participating in the community and campus life.

Now that I think about it, that was the "life" when I was in college. The life of the campus just wasn't the classes, or the homework, or the tests-- it was the community, the intellectual and social interactions that occurred spontaneously and made us feel like we were participating in something, evolving as human beings, capable of adding our light to the light of the world. Or just having an enjoyable time.

It was the beauty of the autumn day before the leaves fell and it was too cold to lollygag and toss the frisbee. Then we'd stay indoors for hours, sipping coffee, and then someone would come and start playing the harmonica....

Creative Artisans is a group of individuals continually defining their creativity through a diversity of artistic expressions. Our latest project is making herbal vinegars. We have a sample of our vinegars at the Snack Bar for you to try on your salads, fries, and sandwiches.

On September 22, at 3:00 pm, we will be making more flavors of vinegar. If you want to try your luck at creating an exotic vinegar, please join us in the Rhoades Center Meeting Room.

It's easy, it's fun, and **FREE!** We have all the supplies, but if you want to put your vinegar in a special bottle that you have, you may bring it.

Crafts we will be making at other meetings this semester include:

pot-pourri: 29 Sept.
sachets/pillows: 6 Oct.
painted wooden novelties,
pottery, T-shirt makings,
candlemakings: no dates yet

If you would like to learn other crafts this year, please let us know and we will try to find an instructor to lead the workshop.

For more information about the group, contact Doris Groner, Chris Johnson, or Dr. Martha Ritter.

We will be meeting every Tuesday at 3:00 pm.

Hope to see you there!!

The seven taboos of touch

How you touch another person can bring either a smile or a frown. To update you on touch know-how we present the seven taboos of touch in America gleaned from a survey by the University of Colorado.

- ★ **Touching strangers.** Such contact is so strongly frowned upon that all persons share responsibility to avoid it. Unintentional contact is usually followed by a two-way "excuse me". Touching when exchanging ob-

jects, like a pen, was considered OK, as was giving physical aid like keeping someone from falling down.

- ★ **Harmful touches.** A touch that inflicts pain can bring a big, big frown. Avoid stepping on someone's toe, touching with cold hands, or brushing someone's sunburn, for example.

- ★ **Startling touches.** Whether intentional or by accident, avoid surprising a person you know with a sudden touch, or even a caress.

- ★ **Interrupting touches.**

Touching someone who is deeply involved in an activity — like raising a hot cup of coffee to one's mouth, or in a serious conversation — is an interference.

- ★ **Moving others.** Communicating with touch alone that someone should move out of your way is considered rude and aggressive. Such incidents usually elicit rejections and complaints.

- ★ **Aggressive play.** Mock wrestling or fighting should not appear to be more aggressive than playful.

Use verbal clues first, or it appears to be done TO a person rather than with them.

- ★ **Double trouble.** Adding an aggressive touch to an aggressive message is the worst, like poking someone's stomach while commenting that they are putting on weight.

A little help will pull you through

Some problems can almost bring you down. Like single parenthood, disease, or addiction, but others who have lived through the same difficulty can give strength and encouragement.

Parents Without Partners (PWP) is one of the best-known self-help groups. It gives single parents an opportunity to talk with others who have handled such problems as over-indulging the kids and maintaining discipline.

And Alcoholics Anonymous, another well-known organization has helped many people kick alcohol addiction. Other groups deal with problems including autism, blindness, cancer, diabetes, gambling, hypertension, learning disabilities, mental illness, and many other subjects.

When you need a little help, it's most likely that others have a similar problem to yours.

To learn about groups you can join or start, write the National Self-Help Clearinghouse at 33 W. 42nd St., New York, New York. Or call 212 642-2944. The Clearinghouse also recommends speakers.

1993 All-USA Academic Team

USA Today, in cooperation with four higher education associations, is beginning its annual search for the nation's best college students. Sixty of them will be named to our 1993 All-USA Academic Team.

The word 'team' is being used to draw a parallel to athletic honors and to send a message that academic skills deserve at least equal recognition to scoring touchdowns and sinking jump shots.

The recognition will be more than equal, however. The students selected to the first, second, and third teams will be featured in a special section of USA Today, planned for February 5, 1993. The 20 first-team members will be invited to receive their awards at a ceremony in Washington D.C.

Each of the first-team members will receive a \$2500. cash award. Any full-time undergraduate student is eligible. Each nomination must be signed by a faculty member familiar with the student's work and an administrator.

Criteria for the team were developed in consultation with co-sponsors, the National Association of Independent Colleges and Universities (NAICU), the National Association of State Universities and Land-Grant Colleges (NASULGO), the American Association of Colleges for Teacher Education (AACTE), and the Council for Advancement and Support of Education (CASE).

Winners will be selected by a panel of educators, chosen in cooperation with co-sponsors.

The criteria are designed to find students who excel not only in scholarship but in leadership roles on and off campus.

The key element, to be given the most weight by the judges, will be a student's outstanding original academic or intellectual product. The judges will be influenced by the student's ability to describe that outstanding endeavor in his/her own words. They will not read, see, or hear the original work. They will rely solely on the student's ability to describe the effort in writing, supplemented by recommendations from the nominating professor and up to three other persons of the nominee's choice.

For more info please contact Donna or Amy in the *Voice* office!

CEC ?**WHAT'S THAT?**

CEC stands for Council for Exceptional Children. It is a local, state and national organization with over 9000 members who advance for exceptional people. At Venango Campus we have a local CEC group which carries out planned activities for its members and becomes involved in the lives of exceptional persons. The following are some events CEC has been involved in:

-Skate-a-Thon for VARHA (Venango Riding for the Handicapped)

-Special Olympics

-Speakers/programs on advocacy, behavior management, parenting strategies, and homeless persons

-Donations of clothing to the Women's Shelter

-Cap and Mitten Tree for the homeless

-Book Fair

-Sponsored members' attendance to CEC conventions and to a conference on the REI

-Bowl-a-Thon for Easter Seals

We extend an invitation to you to join us. We may be the best kept secret on Venango Campus! Hope to see you there!!

THINGS THAT MAKE YOU GO HMMM....

Our intention for this column was to present issues that create differing opinions and thus create interest and conversation on and around this campus. Donna's HMMM last week elicited just such a response, and we are pleased to run the entire letter that was submitted to this office. This letter will serve as an example of the diversity of opinions, knowledge bases, and interests that we share here. The editors sincerely thank the submitter of this letter, and we encourage others to exercise their right of free speech as well.

TO: Editors, Venango Voice

I applaud the editorial staff of the Venango Voice for introducing the Things That Make You Go Hmmm feature. Expressing and exchanging views on controversial issues is prerequisite to a free society. As a member of our campus community, I appreciate the opportunity to respond to an issue about which I feel deeply committed.

The editorial on Ritalin which appeared in the Sept. 21 issue of the Voice was apparently motivated by a sensitivity to the needs of children in our community. I share with that writer an

interest in child welfare and, from that mutual concern, I offer the following information.

Attention deficit/hyperactivity disorder (ADHD) affects 3-10% of the population. It is being identified with increasing frequency in this decade because we have knowledge which enables diagnosis and the research which supports the effectiveness of treatment. Typically, the child with ADHD has age-inappropriate attention and self control abilities.

Brain imaging studies completed by Dr. Allen Zametkin and associates at National Institute of Mental Health last year showed physiological differences in the cerebral metabolic processes of persons with ADHD. Much research is currently underway to refine our understanding of this problem and pinpoint its biological underpinnings.

The medication, methylphenidate (Ritalin) allows for symptomatic control of ADHD since the stimulant properties of this non-narcotic drug helped to increase the effectiveness of neurotransmitters (brain chemicals) which promote alertness, attention, and self-control. Since once or twice daily medications for ADHD (Cylert and sustained-

release methylphenidate) have less predictability and more potential for cumulative effects, short acting Ritalin is usually the drug of choice. The major disadvantage is the need for frequent administration (usually breakfast, lunch, and dinner) and the accompanying attention the child receives because of having to take the medication in the middle of the school day.

Ritalin has been in use since the 1930s and repeated research supports its safety and effectiveness when prescribed and monitored appropriately and used in conjunction with educational and parenting strategies. Granted, there have been reports of misuse of this medication as well as most others, but it would not be helpful to allow these unique situations and their accompanying "media hype" to deter persons who could benefit from treatment.

Untreated ADHD interferes significantly with all aspects of life experience--school-work, social relationships, self control, and self esteem. Children who are untreated are at a substantially higher risk for failure, delinquency, and mental illness. A decision to treat this problem, therefore, must include careful consideration of the side effects of not doing so.

Pam Lawrence

Asst. Professor, School of Nursing

Persons interested in learning more about ADHD are welcome to join the monthly meeting of CH.ADD (Children with Attention Deficit Disorder), a parent support group. The newly-formed local chapter meets the third Wednesday of each month at 7:00 pm in Montgomery Hall.

Did You Know?

Did you know that a study was conducted at Venango Campus last year concerning academic achievement of involved Venango Students?

The results showed that students at Venango Campus that were involved in leadership activities/ organizations/ committees obtained a higher GPA than those students who were not involved. (3.1 compared to 2.9) This follows along with other national research findings.

Who Has Become Successful Through A Vocational Education?

Have you ever heard of Calvin Klein? His home is in New York, and his occupation is Fashion Designer. This is what Calvin Klein has made of his vocational school education.

Calvin taught himself to sketch and sew at an early age. ("Since the age of five," says Klein, "I've known that I wanted to design clothes and have my own business.") He thus attended the High School of Art and Design and the Fashion Institute of Technology, two well-known vocational schools in New York.

In 1968, he started a successful coat business, which he later expanded to include women's sportswear. Presently he also designs and markets men's wear, jeans, cosmetics, underwear, and fashion accessories.

Klein was the youngest designer to ever win the fashion industrie's prestigious Coty Award three times in a row in 1973, 1974, 1975. In 1982 and 1983, he won the Council of Fashion Designers of America Award. He is currently one of the most prosperous American fashion designers ever, and has achieved world-wide recognition.

LETTERS TO THE EDITORS

We are pleased to share yet another submission that was received after the September 21 column. Once again, we would like to thank the submitter and to encourage others to share their views on this issue or any other that you

I read with interest the article on the problems parents are witnessing/experiencing with the administration of the drug Ritalin to school children. Having had two children benefit greatly from Ritalin, I'd like to respond to the suggestion of a "No Ritalin" policy in our local school districts.

In researching Ritalin, I found this drug listed these possible side effects: the patient may develop tolerance for this drug and a psychological dependence may occur. I was unable to find evidence that these situations definitely would occur nor was the drug listed as addictive.

Like Donna, I would classify Ritalin as a godsend to those children who need help dealing with Attention Deficit Disorder and hyperactivity (also referred to as ADHD). If this is not your child's problem, however, Ritalin and Cylert have no effect. I would support Donna's finding that

some well-intentioned teachers may inappropriately recommend Ritalin and Cylert as possible solutions to children's concentration and performance problems, but I don't feel this is a real problem. These drugs are to be prescribed by a physician competent to test and determine if ADD and ADHD is a problem. These drugs should be monitored closely to determine their effectiveness and at what prescribed level the drug should be taken. I feel no parent should allow a drug to be given to her child under any other circumstances. To blindly follow the recommendation to administer a drug to your child from a teacher without a medical degree or from a doctor not supporting that decision with adequate testing and monitoring makes, in my opinion, the parent the big problem.

Because the "No Ritalin" policy was not defined in the other article, I can only assume it means that under such a policy, Ritalin is not allowed to be administered to children on school premises. Somehow the rationale of this solution escapes me. It seems that all this policy will do is:

** deny children the help they desperately need to function up*

to their potential which a problem they cannot control prevents

** ignores the responsibility parents need to take in deciding the best way to help their child with anything that interferes with learning.*

** ignores the problem of misguided and uninformed teachers inappropriately recommending and promoting drugs as a panacea.*

Banning the drug altogether is a lot like book burning. It doesn't make the problem go away; it simply escalates the problem. But the bottom line here is Parents who need to take responsibility to ensure the best course of action for their child is chosen, implemented, and monitored.

Ritalin was never really the problem and banning it will never be the solution. Exercising parental responsibility is.

Employment**The Job Board**

It's never too soon to begin preparing a resume. A resume is a record of your experiences in work or volunteering, skills, education, training, things that you do daily but think little of. Stop, to take account of what you have done in the past and are participating in now. Keep an unofficial log of activities and achievements so that when you are ready to construct that all important resume you'll have more than enough information to draw from.

Remember that a resume is many times the first impression that an employer gets about a prospective employee. Help it to be a good one, and make the process easier on yourself by keeping good records regularly.

FINANCIAL AID

.....

Who, what, where, and when?

Here is a listing from the financial aid office at Egbert Hall, Clarion.

PHEAA Grant Applications: PA Higher Education Assistance Agency grants have a May 1 deadline each year. This application is also the federal PELL application and Needs Analysis for Stafford Loans.

PHEAA Grant: Free state money for PA residents only. Students must be enrolled full-time. May 1 is the deadline each year. Up to \$1800 maximum per year.

PELL Grant: Federal free money ranging from \$250-\$2400. Students may be enrolled part-time and still receive this grant.

Stafford Loans: Formerly Guaranteed Student Loans. These are Need based as determined by PHEAA application. There is an 8% deferred interest rate. \$2625 max. for freshmen and sophmores, and \$4000 for juniors and seniors.

Non-Subsidized GSL: These loans are also provided by PHEAA to cover unmet costs once federal need has been met. The student pays 8% interest once classes begin.

Perkins Loan: This loan carries a 5% deferred interest rate and payments begin 6 months after graduation. This loan is also based on need.

Verification: A federally mandated review of income, taxes, family size. Imposed on up to 30% of aid applicants. This

review is conducted by the Financial Aid Office and takes several months to complete. Verification holds up Stafford Loans, Perkins Loans, and other aid.

Student Employment: Students may work on campus up to 10 hr/wk while classes are in session and up to 30 hr/wk during the summer. Students with full need met may not work on campus. Any student may work off campus.

Applications may be picked up in Frame Office.

We would also like to say a hardy **THANK YOU** to the maintenance crew for the great job they did on the new steps from the upper parking lot to Montgomery during the summer. We're sure they'll really be appreciated when the snow starts flying!

THIS WEEK'S PICKS

by Chris Miller

V.C. Student-
Accounting

As the weather continues to get colder, more and more people turn to their television sets for entertainment. Cold winter months are great times to see any films that you may have missed in the theater. Some new titles that have recently been released are sure to keep your eyes glued to the TV and your heart racing.

"**Final Analysis**" is a psychological thriller starring *Richard Gere* and *Kim Basinger*. If you liked "Fatal Attraction" and were terrified by "Silence of the Lambs," then "Fibal Analysis" is a movie for you. Gere plays a psychiatrist who becomes intimately involved with his patient's sister, played by Basinger. As the movie progresses, Gere and Basinger become pulled into a web of deception and murder. A surprise ending challenges everything you thought you knew about the characters. This movie is definately worth a trip to the nearby video store. Rated R.

"**Cape Fear**" is another recent release starring *Nick Nolte*, *Robert DeNiro*, *Jessica Lange*, and *Juliette Lewis*. Nolte plays the character of Sam Bowden, a hot shot attorney with a loving wife (Lange) and daughter (Lewis). But this picture-perfect scenario is turned upside-down when one of Nolte's former clients returns for revenge on Nolte and his family. DeNiro plays the psychotic ex-con who holds the Bowden family under seige from inside and outside their home. DeNiro gives an excellent performance in this spine-tingling thriller. A must-see movie for great film afficionados. Rated R.

There you have it. If these movies don't get your blood pumping on a cold night, then nothing will!

CAMPUS WRITERS WANTED

Writers: if you would like a \$50, \$40, or \$20 gift certificate then pick up your pen and paper and start writing. ALO (Adult Learners Organization) is sponsoring an essay writing contest entitled **COPING WITH COLLEGE LIFE**.

The contest will run from Oct. 12th - Nov. 9th. *All entries must be typed and limited to a maximum of 5 pages double spaced.* To ensure fairness to all, compositions will be confidentially coded by ALO's advisor Lou Adelson. Contestants are asked to submit with their essays a cover page with their *name only* to Mr. Adelson no later than 6:00 pm. on Thursday, Nov. 9th.

Judging will be conducted by a panel of three faculty members. Winners will be announced during ALO's annual Thanksgiving dinner, tentatively scheduled for Friday, Nov. 20th.

The first place winner will have their essay printed in the *Venango Voice* and possibly the Derrick. So come on all you essayists, let's hear what you've got to say!! Don't forget the deadline!!

"The Good Doctor"

Presented by Venango Campus

Wednesday, October 14th

Twentieth century Broadway and Pre-Revolutionary Russia will blend on the stage of Venango Campus of Clarion when a bill of short comedies called *"The Good Doctor,"* by *Neil Simon* is presented for the community on Wednesday, Oct. 14, in dinner theatre form *starting at 6:00 pm., show at 7:00 pm.* This 13th hit-in-a-row by author of "Brighton Beach Memoirs," "Biloxi Blues," and the 1991 Pulitzer prize winner - "Lost in Yonkers" will be presented by the nationally acclaimed *Alpha and Omega Players* of Rockport, Texas.

The shows title refers to *Anton Chekhov*, author of six of the worlds greatest dramatic masterpieces, who was a practicing physician most of his life and wrote his short stories and plays as an almost obsessive pastime. The title also refers to Neil Simon himself, whose nickname has been "Doc" since childhood, and who shared Chekhov's

This upcoming play is a combination of the work of both "doctors." Simon took nine of Chekhov's early short stories written in Russia and adapted them to the stage, connecting them by having Anton, the narrator, be a simple introducer or participant in each of these witty little slices of real life.

Craig Lowe, guest director with the Players, is directing this collection of "Simonized" Chekhov stories that range from uproarious slapstick to warmly touching and poignant moods. They are embellished with songs and music by *Neil Simon* and *Peter Link*. Tickets may be purchased at the Frame Office.

Prices are: \$5.00/ students and 1 guest
\$7.00/ faculty
\$10.00/ general public
\$5.00/ show only

THINGS THAT MAKE YOU GO HMMM....

Last Wednesday night, I walked into my house at 9:30 pm from class, feeling guilty because I hadn't been home with my kids. I saw them, sitting at the kitchen table in the midst of an intense conversation. As I got closer to them I could hear snatches of their words, "court costs...lawyers fees...."

"Hi everybody!" I announced my entrance.

The kids all jumped and looked at me with their mouths gaping open in surprise. I had the strangest feeling that I caught them at something. But what?

"What were you guys talking about?" I asked.

"Hi mum," my eldest composed herself enough to say, "ah...we were just talking about that boy who divorced his parents the other day."

"Oh? What about him," I said.

I was really curious now; could it be that they'd finally developed an interest in current events?

My son stood up and walked over to me, "Mum, did that boy get to pick his new parents?"

"Umm...I think so, they were his foster parents. Why?"

As I answered him, his sisters gave him a piercing look that said 'shut up or die' and the next thing I knew, they were all heading quietly and willingly upstairs.

Hmmm...

I sat down at the empty table and began thinking about Shawn Russ, aka Gregory Kingsley. A Florida judge had granted him a divorce from his natural parents and had approved his adoption by his foster parents, the Russ'. I remembered Barbara Walters interviewing him on two different nights. He had told all of America that he would be happier living in his large foster family, so he found a lawyer and sued for divorce. It sounded like a happy ending at the time, but then I began to worry. Now that our courts have granted one child a divorce from his parents, what's to say that many more won't also seek divorces? Perhaps that is what my own kids were contemplating when I arrived at home.

"Don't worry" I told myself, "you're a good parent- they'd never have the grounds." I felt better for a moment, but then I started remembering the trespasses I had committed against them: there was that doctors appt.

I missed last week, and on Wednesdays they have to do the supper dishes and other chores alone. The worst part is, about a month ago I told them they had to change their sheets all by themselves.

Oh no! Abandonment, abuse, and neglect! This was ter-

rible! I'm as good as divorced.

Right then, I resolved to repair the damage I was doing to these poor, innocent dears. In the morning I would cook a big breakfast, I'd change their sheets, blankets, AND curtains, and maybe I'd take them out of school at noon one day this week to go to the park. That should save our family!

But I fell asleep at the table with my hopes high.

In the morning I was wakened by my youngest child wacking me on the back.

"Mum, get up! We're late! Why did you sleep on the chair?"

My oldest one came down the stairs growling loudly, "Mum, you better call your lawyer today."

"What? Why?" I sputtered. "Can't we work this out on our own?"

She answered simply, "Call your lawyer."

At 9 am I was on the phone, "Bob, this is Donna, I think I'll be needing your services. My kids are suing me for divorce...Let them?...You'd love to present such a case...Mass media coverage...Famous? Okay, talk to you later, Bob."

When I hung up the phone I walked to the porch and picked up the morning paper. There was the headline: Second Parent Divorce Case Filed. Hmmm....

Tips from the Tutoring Office

Critical thinking skills are valuable for all students, regardless of major. In order to be adequately prepared for a career in today's society, students must learn to think critically as well as read with discernment.

The Tutoring Office has a series of software entitled "Reading and Critical Thinking Skills." The program includes three units: Literal Reading Skills, Inferential Thinking Skills, and Evaluating Thinking Skills. If you are interested in sharpening your ability to read with understanding and critical thinking, why not stop by the Learning Center in Room 210 (Montgomery Hall) and spend some time viewing this software.

POSITIVE POINTS & PAUSES

by Kay King
Venango Counselor

In a recent study on two college campuses in North Carolina, results showed that adult learners, rather than traditional-age students, may have the edge on academic success. On the average, adult learners are superior in specific study skills and their positive dispositions are more conducive to academic achievement. Whatever academic deficiencies or fears adult learners may have upon their reentry into higher education, they quickly make up for lost time with dedication and discipline.

This Week's Picks

by Chris Miller

If your funny bone needs some tickling, then I have the movies for you. Dog lovers will find the movie "Beethoven" an extremely cute comedy that will be enjoyed by the whole family. Beethoven stars Charles Grodin and Bonnie Hunt as the Newtons, a typical American suburbanite couple whose lives are turned upside down with the arrival of Beethoven, a monstrous St. Bernard. A series of hilarious misadventures follow as Beethoven charms the Newtons and the community. When Beethoven's life is endangered by a diabolical veterinarian (Dean Jones), it's up to the Newtons to rescue their beloved pet. Rated PG.

"My Cousin Vinny" is a deleriously funny comedy about two college students who are mistaken for murderers on their road trip through Georgia. When they are sent to prison, one of the students (Ralph Macchio) calls his cousin Vinny (Joe Pesci) to defend them in court. Little does he know that Vinny has never tried a murder case before. The old-style Georgian courtroom sets the scene for the funniest trial you've seen on TV. Rated PG-13.

These two new releases are sure to keep you in stitches.

The Nature Of Leadership

By John Cunniff

NEW YORK — Management and leadership often are confused with each other, but the differences are so vast they can be the determinants of profit vs. loss in business, and success or failure in politics.

We manage ourselves and lead others. We manage things and we lead people. Management is a discipline, leadership is an art. Managers bring order to complexity; leaders create visions and strategies.

Those are Bill Byrne's thoughts, and they were addressed originally to people in small- and medium-size businesses. But they have pertinence in assessing this fall's candidates for elected office.

You judge: Managers are practical, leaders are conceptual. Managers react, leaders anticipate. Managers play lead trumpet, leaders conduct the orchestra. Managers administer, leaders inspire. Managers do, leaders design.

Such reflections are included in Byrne's book, "Habits of Wealth," a treatise on leadership and entrepreneurship in business, based on his experience in creating, managing and leading several successful companies.

The book, which already has sold about 30,000 hardback copies and will be reissued in paperback a year from now, has become a bible in some company planning and training sessions.

Expanding on the lessons contained in the book, Byrne, of Sioux Falls, S.D., has these comments on the political scene:

"Leaders have to make a choice between being respected or liked," which is to say that leaders sometimes have to displease pressure groups.

Sadly, he continues, they have not. Both sides in the presidential race "have sold out to special interests and thereby diminished their ability to lead."

While he cites such behavior as an example of how not to lead, he also criticizes the electorate as "a nation of pleaders looking for leaders," and believes that until we quit pleading we won't obtain real leadership.

In Byrne's view, leadership cannot be taught, but must be acquired. "It is touch, feel, instinct and thought. It's learning, failing and growing." And there is another element too: An organized form of love.

"It is essential," he said. "We need to build trusting relationships, a sense of co-equality and respect of worker and manager." And selflessness. "There is no such thing as selfish leaders. Leaders give."

Such observations, he believes, have significance in the political world.

That an entrepreneur such as Byrne should have contemplated the subject as much as he has, and then taken time to write the book, seems surprising, since entrepreneurs have reputations as doers.

CAMPUS WRITERS WANTED

Writers: If you would like a \$50, \$30, or \$20 gift certificate, then pick up your pen and paper and start writing. ALO (Adult Learners Organization) is sponsoring an essay writing contest entitled "*Coping With College Life.*"

The contest will run from Oct. the 12th through Nov. 9th. All entries must be typed and limited to a maximum of 5 double-spaced pages. To ensure fairness to all, compositions will be confidentially coded by ALO's advisor, Lou Adelson. Contestants are asked to submit with their essays a cover page with their name only to Mr. Adelson, no later than 6 pm on Thursday, Nov. 9th.

Judging will be conducted by a panel of three faculty members. Winners will be announced during ALO's annual Thanksgiving Dinner, tentatively scheduled for Friday, November 20th. The first place winner will have their essay printed in the Venango Voice and possibly the Derrick. So come on all you essayists, let's hear what you have to say!

Don't forget the deadline!

WHAT IS WRITING ANXIETY??

You know that feeling when you sit down to write a paper? Your head spins, your palms sweat, and *you feel like throwing up?* Here's a little tip to help you get started: start writing anything that comes into your head. It doesn't have to make sense at first. This should help you to get at ease with the writing process and then, once you've composed a draft or two, bring it into the WRITE-INN for help.

EDITORIAL/OPINION

Letters to the Editors:

Dear Donna and Amy,

Commenting on an advertisement which I placed in the *Venango Voice* of Volume 16 No. 6, it has been brought to my attention that some of our faculty has taken exception to the advertisement.

My intention in placing the ad was as a joke to be played on two friends of mine, and being that the *Voice* is supposed to be a medium of the student populace, I felt that it would be accepted as such. I hereby apologize for causing an uproar with the ad's placement.

I was also informed that some people took an exception to the B.Y.O.B. at the end of the invitation. My intention with this wording was Bring Your Own Body. No reference to alcohol was then or is now implied or intended.

I am aware of the fact that this is an institution of higher learning, and that alcohol is not permitted on campus property. I am also aware that there are only 28 days in February, (in most years) and that as the advertisement stated February 31, 1993, it seemed obvious that it would not be taken for a serious event.

If this trivial prank has caused so much concern with our faculty, then why did no one discover the error on the Parking Permits?

Lyn M. Donald

To Venango Campus Family:

I would like to at this time extend my sincere thanks for the cards, phone calls and visits that I received on my short stay in the hospital.

I would also like to extend thanks to *Mrs. Weber* for stopping in and saying hello and asking how I felt.

Further, I would like to say that if the care I received from the student nurses is any indication of what they are learning, they all deserve A's.

I always said that Venango Campus was one big family, and all the love and concern that I received goes to prove this to be true. Again, the prayers and all were greatly appreciated.

Jeff Smith

To all concerned:

I would like to thank everyone who came to the Dinner Theatre and enjoyed themselves. I would like any comments that you have to give and I hope to see more people at future events. I would like to thank *Doris Groner* and *Chris Hartman* for helping even though they are not members.

I would like to thank *Linda* from the Bookstore for being patient with us.

I would like to thank *Barb Reagle* for her support, and my committee members, *Paula Groner, Sharon Shreffler, Brett Bingham, and Angie Ziegler* for their help. You did a good job! Many appreciations are extended to all those who helped. Thanks again!

We urge all pre-service teachers to start their own file with these activities. "I hear and I forget, I see and I remember, I do and I understand."

Sharpen Your Listening
Grade: any
Critical Thinking
Learning '92
Objective: Sharpen imagination and listening skills
Preparation: Record various sounds on tape. Include nature, school and home.
Activity: Play the tape, stopping to let the students guess what the sound is. List guesses on the board then take a vote. If the vote is close, play the sound again. Have the students explain their guesses.

FYI

Recently the Learning Center purchased two disks for use in the Center. They consist of a *Learning and Study Strategies Inventory (E-LASSI)*, which is designed to gather information about learning and studying practices and attitudes. The focus is on covert and overt thoughts and behaviors that relate to successful learning.

These tapes and directions on how to use them are available in the Learning Center. A print-out of results will be available when the inventory is completed. The E-LASSI disks are as easy as 1 2 3 to operate. Just put them in and go! These resources are here to ensure you receive quality education, so use them!!!

NOT JUST A NURSE

Care of patients is a constant, twenty-four-hour-a-day process, and responsibility for that process rests squarely on the shoulders of the professional nurse. Being there, over time, she/he becomes sensitive to patient's physical changes and unspoken words - a wince of pain, a dry cough, untouched food, a change in the color of the drainage on a dressing.

The nurse weighs, sifts, organizes, or charts these clues. She decides whether the clue is irrelevant or significant, whether it bears watching or calls for her/his immediate response.

Being there over time allows a relationship to develop between the nurse, the patient, and the patient's family. The touching, the listening, the alertness to what is being said creates an atmosphere of personal trust that can lead to a patient sharing confidences not easily disclosed to others.

When the sun goes down, anxieties go up. Patients' fears, worry, uncertainty, and feelings of abandonment are altered when nurses are there to listen, and insightfully respond.

Several resources are available to Nursing Students such as brochures, hospital information, applications, and books for the field of Nursing.

Stop by and check out the materials. While you're there Amy Rarrick will be glad to answer your career questions and put you on the path towards success!!

STUDENT SENATE NEWS

Are there any clubs interested in using the grill for one of their activities? If so, get in contact with CAB or Kim Price. It can be used for a \$25.00 deposit and a \$5.00 charge for propane. The \$25.00 deposit will be returned to your club after the grills have been inspected by CAB, found to be clean and in good working order.

Student Senate will be holding their meeting on **Tuesday, October 20th at 1:00 pm**. Hopefully, more people will be able to attend at that time.

ATTENTION ALL STUDENTS

The following information is provided to you in your Student Handbook, concerning the roles and responsibilities of Students and Advisors:
Academic Advisement

Purpose

- It is the purpose of the academic advisement program at Clarion University to:
1. assist students in their growth and development;
 2. promote advisor-advisee relationships characterized by trust, mutual respect, and openness;
 3. provide guidance and support for students in their course of academic development through a spirit of shared purposes and freedom of choice in their academic programs;
 4. encourage students to take an active role in developing and completing a sound academic program; and
 5. establish a climate of purposeful learning which maximizes student growth and minimizes student withdrawal.

Advisor Roles and Responsibilities

In the advisor-advisee relationship, the student is primarily responsible for seeking academic advisement from the advisor. The central roles and responsibilities of the advisor are:

1. To assist students in developing sound academic programs by:
 - a. exploring with students their individual interests, abilities, and goals;
 - b. assisting students in developing an academic plan that satisfies graduation requirements;
 - c. offering advice in the selection and sequencing of courses which meet requirements for general education, major, and electives;
 - d. helping students explore career options that are consistent with their programs of study; and
 - e. monitoring student progress and helping students make desired adaptations in their programs.
2. To make known to students the programs, resources, and services available in the university that may offer information/assistance at the student's particular stage of academic or career development.
3. To establish a relationship of trust and openness which will allow students to become increasingly self-directing.
4. To be a responsive listener to students in areas of personal concern and to assist them by referral to specialized sources of help when needed.
5. To discuss matters of general university adjustment with students.
6. To keep informed about university policies, regulations, programs, and procedures in order to answer accurately student questions and concerns.

Student Roles and Responsibilities

Each student must bear ultimate responsibility for the development of his or her academic program and for meeting all graduation requirements.

In the advisor-advisee relationship, the student responsibilities are:

1. to meet with their advisor as frequently as necessary to keep the advisor informed about changes in progress, course selection, career goals, and pre-registration;
2. to seek sources of information which will assist them in making life/career decisions;
3. to contact the advisor when confronted with major academic problems and to keep the advisor aware of other problems which may affect their academic performance;
4. to be an active participant in the advisor-advisee relationship and to become increasingly self-directing in their development as students;
5. to meet all graduation requirements, following the academic plan established by students in consultation with their advisor;
6. to maintain personal records of academic progress and to resolve any discrepancies on the official grade reports; and
7. to become knowledgeable about university regulations, program requirements, and procedures.

Dear Student:

FYI - PART I of 2

No more standing in registration lines to have your requested class schedule placed in the computer system.

This semester you will have the opportunity to schedule your classes using our new telephone registration system. The TelReg system will be available to students during the period of **"Early Registration"** Oct. 26 - Nov. 16.

To prepare for early registration, you are asked to follow these suggestions:

1. As in the past, you should resolve any existing academic or financial hold flags that will prevent you from scheduling on time. (examples: delinquent tuition accounts, library fines, parking tickets, book loan payment, Bookcenter accounts). If you need assistance, come to Frame Office.
2. Meet with your advisor. Work with your advisor to prepare your semester schedule. Your advisor will provide you with the necessary TelReg Scheduling Worksheet form to process your registration. **AS ALWAYS**, do this prior to your specific date to schedule or you may lose the seat in the class that you need.
3. Find your "registration time" posted on the red wall in Frame Administration Building. The time may be any one hour window from 12 noon - 10pm each day of the registration period. You may always register during or after your one hour window, **BUT NEVER BEFORE**.
4. When your registration time is open, you must use a **TRUE TOUCH TONE** telephone (not just a push button phone). Using a touch tone phone you may dial the TelReg number from anywhere in the United States (or the world). You will not have to come to the campus or the Clarion Campus to register. You may actually schedule from the comfort of your own home. If you do not have access to Touch Tone come to the Frame Office for assistance.

For most of our students, this will result in a long distance phone charge. The length of time of the average call would be 2 - 5 minutes. The average cost from Oil City will be \$1.30 day rate or \$.95 for evening rate for a five minute call. The convenience of not having to drive to campus or stand in line will probably compensate for this cost easily.

Housewife-Waitress Gets into Computers

Money pressures combined with the growing independence of her school-age children stirred Jacqueline Maher to seek college to improve her earning power. She had been working as a part-time waitress in addition to looking after the household with her husband and six children (ages 7 to 17). They lived in Brockton, Massachusetts.

For her study program, she went to the Massasoit Community College nearby, an inexpensive public two-year college. She concentrated her studies in data processing and computer programming. An award from the Clairol Loving Care Scholarship program, open to only women over age 30, helped fund her studies. Through her computer studies she became a programmer-analyst at Brockton Hospital.

Maher said, "Having a personal identity--for example, by achieving a career goal--actively helps in marriage and motherhood too."

This information was provided to you by **Amy Rarrick**, Representative of the Career Center, from *The College Board Guide To Going To College While Working*.

Amy is able to help students explore their career goals, as well as provide valuable assistance in local networking, interest & ability assessments, etc.

Amy Rarrick's office hours at the Career Center are:
Mondays from 9-4 pm
Tuesdays from 9-2 pm
Wednesdays from 9-3 pm
***or by appointment only**

The Career Center is a service offered to Venango Campus students at no cost, and could prove to be extremely valuable to you now and in the future. Stop in and see the different programs available to you that can aid you to make that right career choice.

Stories like Jacqueline Maher's are happening everyday, right here at Venango Campus.

ARE YOU FED UP WITH POLITICIANS who don't listen to the American people, but seem to be in Washington to advance their own interests? Are you FED UP with the gimmicks?

Well, we would like to hear from you! **PTK** is inviting you, the campus community, to tell the people in D.C. what you would like to see in a Congressperson.

Just write a letter stating your idea of an ideal Senator or Representative and put it in the PTK mailbox in Rhoades or give it to any PTK officer or adviser (*George Ekis, Mary Williams, Susan Harry, or Mrs. Weber*) **no later than Wednesday, November 4**. We will then collect your letters and mail them to the newly elected U.S. Senator and Representative. We may possibly do the same at the state level if enough interest is shown. The Administration and faculty as well as students are invited to participate. The content of the letters can be anything you desire to tell our elected officials, but **PLEASE, NO PROFANITY!**

Get involved in YOUR future by writing to the people in power today!

"Please Hold Onto The Bar," Dial screams as the lather builds around his shoulders. Bubbling with passion, Dove succumbs to Dial's advances. Suddenly a banging knock startles our players. "Who is it?" Dove coos. "It's the Tidy Bowl Man with your pizza!"

"I didn't know you ordered out, Dove. What's the special occasion?" Dial inquires.

"Honey, you Bath Bar, you're going to be a father."

"We'll need another soap dish soon."

For more information please **contact Laurie Black at 432-2150 or Rita Beichner at Family Services 677-4005.**

DOMESTIC VIOLENCE

Did you know that abuse is a form of power and control?

Do you know the many forms abuse may take?

It may be: **PHYSICAL ABUSE**- punching, shoving, hitting, slapping, choking, pulling hair, pushing, kicking, etc.

Or it may be:

EMOTIONAL ABUSE- putting the person down or making them feel bad about themselves, calling names, making the person think they're crazy, mind games.

ECONOMIC ABUSE- attempting to prevent the person from getting a job, making them ask for money or giving an allowance, taking their money away.

SEXUAL ABUSE- forcing them to do sexual acts against their will, physically attacking the sexual parts of their body, treating them like an object.

THREATS- making and/or carrying out threats to do something that will hurt them emotionally, threatening to take the children, to commit suicide.

If any of these things are part of your life...you can Seek help and Change it. This campus has expanded the hours for victims of domestic violence/sexual abuse. The new hours are Tue/Thur 12-1 pm starting October 29. We're here to help.

THIS WEEK'S PICKS

by Chris Miller

Madonna. This one word brings to mind the most famous woman in the world. Glamor, wealth and power are an everyday part of her life. But, comedienne Julie Brown now shows another side to the elusive dance-diva. In Brown's new movie, *Medusa: Dare to be Truthful*, she takes a cynical look at Madonna and her world of high fashion and fame. In the tradition of *Hot Shots* and *The Naked Gun* movies, Medusa follows pop-icon Madonna around the world on her *Blond Leading the Blond Tour*. With special appearances by Bobcat Goldthwait and Wink Martindale, this movie is sure to

expose everything you ever wanted to say about Madonna, and did!

If boxing is your thing, *Gladiator* is the movie to see. *Gladiator* stars James Marshall and Cuba Gooding Jr. as two streetwise inner-city kids with a taste for fighting. As they advance in the ring their friendship grows, ending in a battle to the death between each other.

These two new releases are sure to keep you cheering for more. I'll be back next week with two new reviews. See ya then!

PART II of 2 - TELREG INFORMATION

Here is more specific directions for using the TELREG System:

1. Read all posted or published information regarding Early Registration.
2. Clear all restrictions that may prevent you from scheduling including financial or academic.
3. Prepare for an advisement session with your advisor:
 - a. be aware of your advisor's office hours and make an appointment to discuss your semester plans with him or her during those hours
 - b. review your degree requirements on your check sheet
 - c. review course prerequisites using the catalog
 - d. prepare a proposed class schedule and include alternate courses in the event that a first choice class may be closed
 - e. complete the required information on your TelReg worksheet and sign the statement at the top of the form. Have your advisor sign the form also.
4. Locate your registration time using either of these sources:

Using the **TelReg Appointment Schedule** on the red wall near Frame Office, pinpoint your **registration time window** first by credit, then by alphabet. This schedule will also be located in the published Spring Schedule. (Credits totals are credits EARNED, not credits you are now enrolled in for Fall semester)

OR

Using the **PRIORITY LIST** located on the red wall near Frame Office, pinpoint your name. This will be the first opportunity you will have to dial into the registration system. If you are not prepared at that time or choose to wait to dial at a later time you may do so until November 16.

5. Follow the steps on the worksheet:

(REMEMBER to use # sign after steps 2-5)

1. Dial the TelReg number (814) 226-2680
(from campus phone dial ##19)
2. enter the action code + # 728 931#
3. enter your student ID number + # (social security number)#
4. enter you PIN number (birthdate) + # (month and day #)
EXAMPLE - March 23 = 0323 Dec 1 = 1201
5. Enter your course code numbers for classes you are requesting
EXAMPLE 2* 1963 #
6. Exit the TelReg system 9# (remember # sign)

Unless you find a need to change your schedule, you have completed the registration process. A copy of what you entered into the TelReg system can be printed for you in the Administration Office when you return your white copy of the worksheet to the office.

Enjoy our new system.

SCHEDULES ARE SET FOR COLLEGE ENERGY DEBATES

The 12th Annual Pennsylvania College Energy Debate program will begin December 1-3, with workshops in the Eastern and Western regions, respectively.

The debates, jointly sponsored by the Pennsylvania Electric Association, The Westinghouse Corporation, and General Electric Company, are open to all undergraduate students at colleges and universities in Pennsylvania.

These debates are modeled after the old Public Television program, "The Advocates," with individual teams using a lead advocate and expert witnesses, and with cross-examination by a team's lead advocate of the opposing team's witnesses. Participating teams are composed of a lead advocate and two or three expert witnesses. Regional competition will be held February 25, in Western Pa., and March 17, in the East.

Three teams from each region will compete in the finals, tentatively scheduled for April 22, in Harrisburg.

The debate resolution this year is: "That Pennsylvania's public utilities be compelled to provide electric service to low-income residential customers based on their ability to pay."

Debaters must be prepared to argue both sides of this issue, and will have the opportunity to do so in regional competition. Cash awards will be presented to regional winners and to the winner and runner-up in final competition.

College students interested in participating in the debates should contact the representative from the electric utility providing service to the area in which their school is located.

Our area provider is:
 PENNSYLVANIA ELECTRIC CO.,
 1001 Broad Street, Johnstown, Pa. 15907
 William J. Bartle (814) 553-8906

Are you a student of Venango Campus? Are you a resident of western PA? Are you ineligible for the state Medical Assistance program? Do you have children between the ages of newborn to 19 years? If you answered yes to these questions, then maybe we can help.

The Student Senate has just voted to sponsor three children that meet these guidelines through Blue Cross and Blue Shield: the Caring Program for Children. Blue Cross and Blue Shield will match all our contributions dollar for dollar. This program will cover most doctor bills and outpatient fees for children at a cost of \$156.00 per year per child.

If you feel that you qualify and want an application, or need more information, see Kim Price or Dr. Reagle.

We would like to offer this challenge to any club, faculty, or anyone who has an extra dollar to help so we can sponsor more children. Donations will be accepted by Dr. Reagle and/or Kim Price.

THINGS THAT MAKE YOU GO

HMMM....

by Amy
&
Donna

Two weeks ago Amy displayed some posters of a political nature on the walls of our Student Union. She had obtained permission to do so. The posters were simply an expression of a view and as such fell within the rights of the First Amendment. But obviously, some people or someone on this campus is ignorant to the freedom of the First Amendment. Because, last week a thief stole Amy's posters and committed TWO crimes: Theft and Censorship.

LOOK AROUND PEOPLE. OUR WALLS ARE BARE AND VOICELESS! ARE WE THE LEADERS OF TOMORROW OR ARE WE FRIGHTENED CHILDREN WHO CAN'T ACCEPT DIFFERENCES OF OPINION??

If you want to see what Censorship, Close-mindedness, and Ignorance looks like, HANG THIS ON YOUR WALL!!!

Yearbook Photos

Any club that has not scheduled to have their photograph taken for the yearbook may do so by **November 6!**

Please leave your club's name and the date and time of your meeting. A representative from the yearbook will take your photo. Clubs that already scheduled but missed their appointment should see Kim Price to re-schedule.

STUDENT SENATE

The **Student Senate** will be holding an open forum meeting in Rhoades Center on Tuesday, November 3 at 1:00pm. to listen to your ideas on ways to improve Montgomery Hall during the remodeling project that will soon begin there. Any questions or ideas are welcome, and we do hope you can attend. Your voice does count here, so tell us how you think the state-funded money should be spent.

Anyone unable to come to the meeting can leave their suggestions on the blue bulletin board in the main lobby of Rhoades.

The **Student Senate** is sponsoring a **FOOD DRIVE** for the *Unemployed Council of Venango Co.* beginning November 30 and ending at the close of the fall semester. Any non-perishable food item or non-food items will be appreciated.

The Unemployment Council serves 500 families and needs our assistance especially now with the holidays just around the corner.

Drop off boxes will be located in Rhoades Center.

(Please note that pet foods, paper items, infant formula, juices, or other baby items are greatly needed as well as the usual food stuffs.)

FYI

DECEMBER GRADS

Orders for caps and gowns are being accepted in the Book Store until Nov. 24. They will be delivered after Thanksgiving Break.

An appeal -- not for your money or your time.

When you're a bag-lady or a welfare recipient eating in a food kitchen your life can be very blue. Something as simple as a pair of earrings can make all the difference.

If you have a pair of earrings that you do not wear, please drop them off in Dr. Huber's office at 104 Suhr, and they will go directly to a food kitchen in Pittsburgh to cheer up those who really need it.

THE JOB BOARD

Looking for a part-time job? Wondering what you're going to do in December when you graduate? Where will you begin to look for a job? You need to visit Rm.206 Montgomery and be looking at Frame, Rhoades, and Montgomery job boards.

When employers call us, and they do, we sometimes get first notices for job openings. Within a few hours we try to post these jobs on the bulletin boards so that students may apply.

If you are considering a job search of any kind contact **Angel Muschweck** in 206 Montgomery. You can receive help with a resume, interview skills, and starting a credentials file. Give yourself the best employment advantage. Make use of the free Placement Services offered to all Venango Campus students.

**Positive Points & Pauses**

by Kay King, Venango Counselor

When I returned to college as a non-traditional student, I first experienced a lot of guilt about the time away from my children. But, slowly, as we all began to adjust to the changes in our everyday lives, I was able to focus on the upside for my children. I was role-modeling values that I wanted my children to adopt: working for a long range goal, the value of education, and having the courage to try something new. And role-modeling is the most effective parenting method we use. What we do is what they are going to do!

This Week's Picks

by Chris Miller

Psychological thrillers seem to be the way to go for filmmakers today with such films as *CAPE FEAR* and *FINAL ANALYSIS*. Nothing, however, can prepare the viewer for the hottest, sexiest, and most deceptive movie to just hit video store shelves. **BASIC INSTINCT**, starring *Michael Douglas* and Meadville's own *Sharon Stone*, reveals the deep, dark, deceiving world of Catherine Trammel, played by Stone. Trammel is an author whose bestselling murder mysteries seem to come to life after each novel is written. After a famous rockstar is found in his bedroom, murdered with an icepick, a deep investigation into Trammel's involvement begins.

Michael Douglas plays the veteran police officer who is assigned to the case. As he deepens his involvement with the case, he also deepens his involvement with

Trammel. As the plot thickens and the tension mounts, Douglas's character is seduced by Trammel by targeting the one need of his that she can satisfy: his basic instinct. Rated R.

For centuries cats have been deemed as very powerful creatures. In the newly released video **SLEEPWALKERS**, *Brian Krause* plays Charles Brady, a sleepwalker who's shape is a shifting creature that feeds on young female virgins. *Madchen Amick* stars as the beautiful and naive high school girl who falls in love with Brady. When Charles' true identity is finally revealed after a trail of grizzly slayings, it is up to the neighborhood cats, sleepwalkers' only mortal enemies, to stop the grizzly killings. Written expressly for the screen by *Stephen King*, this movie is sure to be the cat's meow! Rated R.

Last Week For Essay Contest Entrants!

Writers: If you would like a \$50, \$30, or \$20 gift certificate for the Book Store, then this is your last chance to pick up a pen and paper and start writing. **ALO (Adult Learners Organization)** is sponsoring an essay writing contest entitled "Coping with College Life."

The contest deadline is fast approaching (November 9th) so hurry and write down how you cope! All entries must be typed and limited to a maximum of 5 doublespaced pages. To ensure fairness to all, compositions will be confidentially coded by ALO's advisor, Lou Adelson. Contestants are asked to submit with their essays a cover page with their name only to Mr. Adelson no later than 6 pm, Thursday, November 9th.

Judging will be conducted by a panel of three faculty members. Winners will be announced during ALO's annual Thanksgiving Dinner, tentatively scheduled for Friday, November 20th. The first place winner will have their essay printed in the *Venango Voice* and possibly the *Derrick*.

WHO'S WHO AMONG OUR FACULTY??

The *Venango Voice* is sponsoring a poll to elect faculty Who's Who. Please write in your nominee for each category, cut out this box, and slip it into the Who's Who box at Rhoades Desk, or give it to Donna Snyder or Amy Cooper. We'll publish results ASAP.

LEARNING CENTER INFO

The Learning Center has added the video and audio tapes of "*Where There's A Will There's An A*" to its resource library. This step-by-step training program is aimed at helping students achieve higher grades by teaching them to learn more in less time with higher retention.

This is one program EVERY student should see. Stop in Rm. 110, Montgomery Hall and take a look. Please remember to sign the video use sheet in the Learning Center. All learning materials must be used within the Learning Center. For more information, contact **Val Gonzalez** at Ext. 283.

TUTORING

Free tutoring is available to all Venango students each semester. If you are experiencing difficulty in a particular subject or have problems with basic reading, writing, and study skills, then tutoring is for you.

The Tutoring Office, located in rooms 207 and 209 of Montgomery Hall, is staffed by a graduate assistant/tutor supervisor and four student tutors. Their hours and subjects they tutor are advertised on posters around campus and in the *Voice*.

To request a tutor, simply stop by the Tutoring Office and complete a Tutor Request Form. A tutor whose hours are most convenient for you will be assigned

to help you.

In addition to individual tutoring sessions and special group sessions when the need arises, the Tutoring Office offers academic success programs each semester on topics such as dealing with math anxiety and organizing assignments. Look for notice about these helpful programs on posters and in the *Voice*.

Learning on the computer is very effective and enjoyable for some students. The Tutoring Office houses a collection of math and reading software. Special software is also available for analyzing your present level of study skills. Contact Val Gonzalez for further info about tutor services.

 SMOKEOUT®**

Join the Great American Smokeout on the third Thursday of November. Millions of smokers across the country will take a break and try not to smoke for 24 hours. How about you? Or, if you don't smoke, adopt a smoker for the day and promise to help that friend get through the day without a cigarette!

90-6MM-No. 5680-LE

A FEW QUIT TIPS

Hide all ashtrays, matches, etc.

Lay in a supply of sugarless gum, carrot sticks, etc.

Drink lots of liquids, but pass up coffee & alcohol.

Tell everyone you're quitting for the day.

When the urge to smoke hits, take a deep breath, hold it for 10 seconds, & release it slowly.

Exercise to relieve the tension. Try the "buddy system," and ask a friend to quit too.

The Value of Functional Skills

Your functional skills are perhaps the most valuable assets you have in life. Good looks are great, but they tend to fade with age. Functional skills stay with you over a lifetime. Functional skills are even better than money. Money has a tendency to disappear quickly with usage while functional skills are enhanced with usage. And, even better, your functional skills represent the resources you need to earn money whenever you want. Beyond that, productively using your functional skills feels good. Not only is there a financial reward for productively utilizing your functional skills, but an even greater psychic reward. One of the greatest sources of satisfaction in life comes from fully utilizing one's talents (functional skills) to do something well. And conversely, one of the greatest causes of unfulfillment in life is in the realization that one's best talents are not being fully developed and utilized. Our functional skills then represent both our natural resources for gainful employability and one of our best sources for personal satisfaction in life.

In today's world there is a particularly compelling reason for knowing what our best functional skills are. The world around us is changing at a rapid pace. Technology brings new advances daily. Unskilled jobs are decreasing in numbers while more demanding and technologically advanced jobs are increasing.

Statistics sighted by Richard N. Bolles indicate that the average worker under 35 years of age will go about the job hunt every 1.5 years while the average worker over 35 will go about the job hunt every 3 years. Figure like these indicate that change is occurring at a pretty fast clip.

With so much change occurring in the world around us, there is a natural tendency to search for some "constant" stabilizing force, the "for certain" element in life. One of these "constant" elements in life is our functional skills. Identifying your functional skills is a key step in learning what you have to contribute to a career or a specific job. Your functional skills should help you decide what you want to do with your career. If, for example, you are good at and enjoy communicating effectively, establishing rapport and trust with people, and advising people, these skills would suggest a variety of occupations, including teaching, counseling, nursing, or selling insurance.

Looking for a job is scary. You have to meet with important people, answer lots of personal questions, and convince them that you can do the job. You pray that you don't embarrass yourself.

You're not alone!

There are millions of people out there, just like you, who are looking for a job. All of them a little bit scared.

How can you overcome your fears?**Take part in the Job Search Workshop!**

You will learn all the skills you need to perform your personalized job search. Skill identification, employer research, resume writing, and interviewing skills will all be covered. This program is essential for any graduating students but there's no need to wait until your final year to participate. Learned skills can be used for summer and part-time work too.

FEAR, CHANGE, and DECISION MAKING

Many of us find decision making to be a fearful process. Primarily, we are afraid of making a wrong choice. For this reason, we may get someone else to tell us what to do, or we may procrastinate, sometimes putting off the decision indefinitely.

It is important to realize that not making a decision is, in effect, deciding to keep things the way they are. For example, if you stay at home on a Saturday evening because you can't decide whether to go to the movies, see a play, go bowling, or visit a friend, the result is the same as if you had decided to stay at home. And staying at home by choice feels better than staying at home because you were unable to make up your mind. Similarly, what if you were in a job you hated or an academic program that you were not too excited about, and you did nothing to change? Again, the result is clear. You would have, in effect, decided to stay in that job or academic program. By not deciding, you forfeit the opportunity of achieving a better outcome.

Question: Are you dissatisfied with a situation or a circumstance in your life?

Suggestion: Why not create a productive change in your life by taking the opportunity to exercise your freedom to decide.

A Very Important Announcement

(This letter was given to us the week of Nov. 2nd. This information should be considered by all students.)

Once again a very nice woman living by the campus has been good enough to phone the campus instead of the local police department. Her vehicle was parked in front of her residence and was side-swiped. Today a green pick-up truck blocked her in while she was parked in her yard.

Please Venango Students, let's be courteous to our campus neighbors—they are attempting to be nice to us.

A Mentoring Celebration

4th Annual Mentoring Celebration

Clarion University of Pennsylvania
250 Gemmell Student Complex
Sunday, November 15, 1992
3 to 5 p.m.

What Is a Mentor?

A mentor is someone who contributes substantially to another person's development within an occupational, academic, or social setting. A mentor may provide guidance and moral support for career advancement and often serves as a role model whom the mentee admires and imitates.

— Adapted from Carol H. Smith

Are you a mentor? Do you have a mentor? These are some examples of mentor/mentee relationships:

- a secretary and a work-study student
- a teacher or advisor and a student
- a seasoned employee and a new employee
- a leader and an aspiring leader

For more information call Dr. Reagle ext. 270 (MH) or Jeanie McLaine at 226-2109 Mon. thru Fri. during business hours, to reserve a place. The mentoring celebration is sponsored by the Presidential Commission on the Status of Women. Transportation can be provided.

CLEP TEST

There will be a CLEP testing date offered at night for those students with conflicting schedules. The date is Tuesday, December 1, at 8:00 pm in Montgomery Hall, room 113.

IF YOU HAD \$350,000 TO RENOVATE MONTGOMERY HALL WHAT WOULD YOU DO??

Now is your chance to have your opinions be heard! Recently, Student Senate conducted an open-forum meeting in Rhoades to discuss possible plans for the renovation of Montgomery Hall. At that meeting, a **Montgomery Hall Committee** was planned to represent Venango Campus voices in the planning of proposals for Montgomery. Anyone interested in serving on the committee is urged to contact Greg Rex, Student Senate President, or leave your name and phone number in the Student Senate Office in Montgomery Hall.

If Venango Campus is not represented in the planning stages of this project, we may not see the kinds of facilities that we would like.

Some of the suggested renovating plans that were discussed at the Student Senate meeting were: dorms, large meeting rooms, Daycare Center, and Infirmary.

We'd like to hear what you have to say about these and other ideas. ***Get involved and help to make a difference!***

At Wit's End Road to education is a journey to find yourself

by
Erma
Bombeck

The beginning of the school year seems as good a time as any to tell young people what education is all about.

Going to school isn't necessarily fun. It won't guarantee you a good job. It may not even make you smart or rich. So what are you doing there and why should you stay?

Because school may be your last chance to star in your own life. It's the twilight zone between parental domination and the mating scene. You've got center stage all to yourself. You're in control. So what are you going to do with your life? Get pregnant and live at home? Drop out of school and watch the soaps all day? Join a gang? Whine about all the obstacles to success in your path? Fulfill a family prophecy to be a bum?

The wheel of blame spins daily, coming to rest on teachers who don't make it interesting enough, parents who don't care, school boards who don't provide enough money, government that doesn't give enough support. That's garbage. It all comes down to you.

Anyone can spout off a litany of reasons for not trying ... the planet is polluted, a nuclear war will eventually wipe everyone out, AIDS threatens our very existence, our parents didn't finish school, the American dream is dead.

The irony is that we've all been there at these crossroads, lost and confused with a road map we can't read marked "destiny." What makes some keep going and others turn back?

For me, I remembered what I left behind. I didn't want to return to a house with a toilet on the back porch. I didn't want to return bottles to the store to go to a movie. I didn't want to grow old wondering if I had something to give and was too scared to find out what.

The road to education is a boring drive. There's not a lot to see on it ... blackboards dot the landscape with equations and diagrammed sentences. Occasionally, a teacher will hitch a ride who is bright and funny, but he or she gets out and you go on.

As the years go by, you'll think you'll never reach your destination. When you do, all you have to show for your time and efforts are student loans, a bicycle no one would steal and a headful of facts no one wants to hear.

It isn't until much later in your life that you realize what a remarkable thing you did. You finished something hard.

From there on in, the road gets more interesting.

EDITORIAL PAGE

Dear Editor:

Looking back on it, it is really no surprise that President Bush lost the election. Over the course of the year, many things went wrong.

It started with Pat Buchanan embarrassing him in New Hampshire by taking 35% of the vote and at the same time giving Bush a lot of criticism. Bush started campaigning too late and this may have been for several reasons. I read an article back in February that he believed he was a shoo-in for re-election. I also think he just didn't want it bad enough. Possibly the biggest sign of this was Bush looking at his watch during one of the debates.

I think Dan Quayle hurt Bush a little also. It is true the media has been awfully tough on him, but for some reason, he is the type of person who doesn't command respect. I couldn't help but feel sorry for him during the vice-presidential debate. One reporter later said (which I was thinking at the time) that Quayle acted like he was in a high school debate and tried to win it by talking the loudest and most often.

Bush ran a bad campaign. To begin with, at the Republican convention, he and several others came across as being self-righteous by talking about God and family values as often as they did. I mean, I was a little turned

off and I was a Bush supporter.

He also blasted Clinton too much. I would have touched on the character issue also, but I think he got carried away. He should have given a better vision of what he planned to do in the next four years.

While Bush ran a bad campaign, Clinton ran a good one. It was obvious he wanted it, maybe more than anyone in history.

The media certainly didn't help Bush. Do you think if Al Gore had misspelled potato, the media would have made a big deal out of it? There are other examples I could cite.

Bush could have used the help of Pat Robertson and Ronald Reagan and really didn't get any, except for the fact that Reagan gave a few speeches just before the election.

Finally, many people wanted change. There was an anti-incumbent feeling.

Of course, we could always pinpoint some things that hurt Clinton (allegations, character) but I think there were many more things hurting Bush.

The biggest reason I supported Bush was his stand on abortion. With just about any other debate, although I might take one side, I can usually "see" arguments on the other side. Not with abortion. Pro-abortion people have a ridiculous argument. That "women have the right to do what they want with their own body."

What about using drugs? Marijuana, cocaine, etc. Does anybody have the right to take

these? What about prostitution?

Even if we forget those arguments, if a woman has the right to do what she wants with her body, then she can go out and punch anybody in the face. But then you say, "you can't do that because you are affecting someone else." Well friends, what do you think you are doing with an abortion. Then the abortion people come back with "is it a human being?" Come on! It's living and breathing; how can it not be a human being?

Women talk about rights, rights, rights. The Republicans did repeat one very profound statement during their convention. It's so basic and yet says a mouthful. I believe they quoted Abraham Lincoln. *"We don't have the right to do what's wrong."*

John Greci

Congratulations on a fine publication that contains lots of useful information for Venango Campus students.

In particular, I wish to thank the person responsible for the Job Fair/Employment Opportunity article in the Sept. 14 edition.

As a result of this helpful tidbit, my daughter, an IUP graduate with a degree in Criminology, went to Albion and applied for employment at the new state prison. She'll be taking her civil service test next week. Her future looks more promising; thank you, Venango Voice, for the role you played.

Sincerely, Margie Myers

Are there any children out there that need a helping hand?

As stated in the November 2 issue of the *Voice*, the Student Senate has voted to sponsor three children that need help by paying for doctor bills and outpatient fees through the Caring Program for Children, a policy from Blue Cross and Blue Shield.

As of the present we have not received any applications. We feel that this is a worthwhile use of the Student Activity Fee, and are issuing a challenge to any clubs, faculty, or anyone who has an extra dollar and wants to help. CAB has taken this challenge and has offered to sponsor one more child. This makes the total number of children we can sponsor, four.

The guidelines for this program are that you are a student of Venango Campus that has a child who is a resident of Western Pa. and who is ineligible for the state Medical Assistance program. The child must be between the ages of newborn to 19 years, and in need of medical coverage. (See box for income guidelines).

If your child qualifies and you want to apply, please contact Kim Price or Dr. Reagle. All inquiries will be strictly confidential. Kim Price and Dr. Reagle will also be happy to receive any donations that you would like to give to this worthy cause.

"Tips from the Learning Center"

Research indicates that when students believe they are in control of their own learning resources they are more competent.

Do you want to feel more confident about managing your study time or concentration?

The Learning Center (210 MH) has handouts on both of these topics. Also available is a video program on "How to Manage Your Time." A visit to the Learning Center can help you take that first step in taking control of your own learning.

Now that we've met some more of the cast, let's see how our sudsy friends are fairing.

Lever the Lover has just returned to town. He slides to a halt when he sees that it's wash day and Dove is outside hanging up her snow white, spring scented sheets.

A mysterious vagabond neighbor, named Coast, who is never in the tub but always knows the score, is also watching Dove.

Suddenly, Ivory comes on-scene.

"Do you always air your dirty laundry like this?"

"Why Yes," Dove replies, "I like to spread the clean scent of freshly picked flowers to all my neighbors."

As they talk a great dark shadow appears off stage left.

Oh no... it's Lava and Lifebouy and they both look a little waterlogged!

CAREER CENTER INFO

Midwestern Grandmother Becomes R.N.

The arrival of the first six grandchildren helped spark Amy Hoch of Calumet City, Indiana, into action. With the aid of a Clairol scholarship, she entered a college nursing program that qualified her as a registered nurse. Before getting her degree, she had been working to earn extra income by selling Avon cosmetics and clerking part-time at a Sears department store.

After graduation, Hoch started working as an R.N. at St. Mary's Hospital in Hammond, Indiana. She thinks that it's up to the individual to decide whether to pursue college learning for a better career as an adult. "The decision to work or not to work is a very personal one," she said. "Some women prefer to work at home - and they do work, full-time, too."

Getting Through The Semester With A Little Help From The Tutoring Office

Free tutoring is available to all Venango Students each semester of each academic year! If you are experiencing difficulty in a particular area or have problems with basic reading, writing, and study skills, then tutoring is for you.

The Tutoring Office is located in rooms 207 and 209 of Montgomery Hall, is staffed by a graduate assistant/tutor supervisor and four student tutors. Their hours and the subjects they tutor are advertised on posters around campus and in the *Voice*.

To request a tutor, simply stop by the Tutoring Office and complete a Tutor Request Form. A tutor whose hours are most convenient for you will be assigned to help you.

In addition to individual tutoring sessions the Tutor Office offers academic success programs each semester on topics such as dealing with math anxiety and organizing assignments. Look for notice about these helpful programs on posters or in the *Voice*.

Learning on the computer is very effective and enjoyable for some students. .

If you would like further info about tutoring services at Venango Campus, please phone 676-6591 ext. 273. Free help is yours for the asking!!

A tour of Clarion campus is being offered to Venango students on Friday, December 11. We will go by bus, which will leave at 12:30 pm. from the parking lot and plan to return at approximately 4 pm. This tour is free to all interested students. There is a sign-up sheet on Rhoades desk, so if you plan to join us please make your mark there. This is a great opportunity for students who will be attending classes in Clarion for the first time in the spring. Invite some friends and come along

SUBMISSIONS BEING SOUGHT FOR LOCAL PUBLICATION

The *Oil City Review Literary Journal* is accepting submissions for its second Edition that will be published at the end of spring semester, 1993. This is your opportunity to see your work in print.

Submissions can be of **non-fiction, fiction, poetry, artwork, and photograph** form, must be typed, and include the author's name, address and phone number. All submissions must be original. Please drop off your submissions to Dr. Phil Terman or to the Journal box, located in Rhoades Center.

Deadline for submissions if February 15, 1993, so during Holiday break try and find the time to polish up those writing assignments that you slaved over this semester, and submit them to this great Literary Journal. Any questions you may have can be directed to Dr. Phil Terman.

Psychology People

Anyone interested in attending a Christmas Party at Clarion on Dec. 11th, we will have a car pool to the event. Meet in Dr. Forden's office at 11:15. RSVP by 12/8.

HOLIDAY TUREEN

The Student Union will have a Holiday Tureen Luncheon in Rhoades Center on December 8, from 12-1:30 pm., as part of the *Tuesday Noon-day Series*.

Everyone wishing to join us for lunch should bring a covered (tureen) dish to share. Anyone who would like to join us but forgot to bring a dish can do so for the small fee of \$3.00. Beverages will be provided.

THIS IS IT!!

Our sincere thanks to everyone who helped to make this semester of *The Venango Voice* a successful one. We hope that this paper will continue to serve as a voice for all students in the future, and we look forward to serving as your editors again in the spring.

GOOD LUCK TO EVERYONE ON FINALS WEEK!! HAVE A SAFE AND HAPPY HOLIDAY AND SEE YOU IN JANUARY!!

The FINAL Things That Make You Go Hmmm....

Hard to believe that this is the last *Venango Voice* for the semester! Time sure flies when you're havin fun. (And even when you're not!)

Many things make ME go HMMM right about this time in a semester. Where do I start? The first thing that comes to my mind is the word "FINALS." Who came up with this term anyway? Some sadistic professor from antiquity that derived enjoyment from sweaty-palmed, pale-faced students looking as blank as their examination papers as they were asked to spill out the entire content of 15 weeks learning in 2 hours?

FINAL EXAM. Sounds like a Stephen King movie or something. Maybe someone should contact Mr. King with the idea. He could film on location here. We've got all the characters- already in costume. Look around you- t h e y ' r e H E R E !!

I looked in the mirror this morning and saw what used to be bright, hazel eyes had turned into beady squints shining an eerie red glow. My hair frizzes naturally now, sticking straight out from my head, razor sharp. I've been running smack into doors and walls lately, without even an utterance of "OUCH" from pain. I feel nothing- but anxiety.

I've seen other students faring similarly. The same students who, just a few short weeks ago, were having polite conversations with each other about relation-

ships, get-to-gethers, and so on, can now be seen talking to themselves rambling off parts of anatomy and cycles of hormonal development, looking at fellow-students like lab experiments. Or lunch! It's truly frightening!

My apartment could serve as a setting for the movie. Lurking in my refrigerator are fuzzy green, brown and red growths that would make the Gremlins look like cute, little pets. The cameras could ZOOM-IN on stacks of paper, lurking in every corner, dirty dishes reproducing in the sink, dust balls coming to life, and unidentified articles of algae-growing clothing that lay in the overflowing laundry basket.

The victims in the movie could be our families. Our kids could have such lines of dialogue as "I don't know what happened to Mommy--she used to be really nice! But, lately she's forgotten to feed us, wake us up for school, and has even slept through 3 episodes of Roseanne! I think there might be POD PEOPLE living in our basement!"

All good movies need a love scene. Ours could have one too. Picture this: college student takes steamy-hot shower after long day, suggestively soaping his/her body, then exits shower, towel-clad, and goes into bedroom. The music swells (maybe Final Attraction theme song) as he/she slinkily crawls into bed, squirming and moaning, until he/she is

seen caressing [ZOOM-IN] *The History of Medicine Vol. II.*

Okay, maybe King won't be interested, but *hey, this time of the semester my imagination is just a little wierd!* I've been having dreams of "dead-time" at break, of sitting on my couch relaxing, with nothing better to do than to flip channels and eat bons-bons. I actually had the ULTIMATE dream the other night. I dreamt this surreal scene where I was walking down an aisle, dressed in a long blue gown, with a strange but magnificent-feeling blue cap on my head. I walked up the aisle in a trance to the front of the room where I shook the hand of the Head Pod Person, and then they gave me something that had my name on it. I think it was the **Declaration of My Independence.**

"We hold this truth to be self-evident: that all exams are NOT created equal; that they are endowed by their Creator with certain alien rights; that among these are *Strife, Insanity, and the pursuit of Hopelessness*; that to secure these rights, professors are instituted among all humans, deriving their just and unjust powers from tenure...And for the support of this declaration, we have pledged our lives, our fortunes, and our sacred sanity. We have taken our FINAL EXAM! **FREE AT LAST, FREE AT LAST, THANK PROFESSORS ALMIGHTY WE ARE FREE AT LAST!**"

Hmmm.

CLUB NEWS

ANNOUNCEMENTS

The Scholarship Committee would like to commend the **Nursing Club** for their support of academic achievement and scholarship. Your gift last year of \$1000.00 towards a Nursing Scholarship was very appreciated. Several Venango students benefitted from this financial assistance. Thank you for your thoughtfulness.

The Venango Scholarship Committee

The **Psychology Club** is sponsoring the VNA "Miles of Pennies" drive on campus. Donation jars can be found in the office at Frame Hall, Suhr Library, the Book Store, and the Snack Bar. Please be as generous as possible when donating your pennies, or other cash or coins, to this worthy cause.

Student Union and ALO are providing **FREE STUDY TIME** for students on **Saturday, December 12th, from 10:00 am til 7:00 pm**. Students are encouraged to bring their children for a day of games and movies while parents have separate, quiet time to study. There will be adult supervision during the day. A lunch will be provided. There is no charge for this service.

Sign up sheet in Rhoades. Plaques list ages of each child attending.

ALO would like to recognize the winners of the following:

ESSAY CONTEST:

- 1st Place- *Susan Harry*
2nd Place- *Tom Ausel*
3rd Place- *Donna Snyder*

RAFFLE:

- 1st Place- *Marcia Mong*
2nd Place- *David Paden*
3rd Place- *Scott Gibbons*

We would also like to thank the judges of the Essay Contest, **Dr. Terman, Mr. Clark, and Dr. Huber**, for their commitment to this project. Thanks to everyone who supported us in our fund-raising drive.

Attention **STUDENTS** **planning to take Pathophysiology (BIOL 453) this spring:** You can pick up your syllabus and course text before the Christmas break if you track down Bill Belzer and ask him for it. (During Finals Week, he'll be here on Wed. and Fri. in the morning if you don't find him by the end of classes.)

The **Venango Campus Diversity Committee** would like to display holiday decorations from around the world. If you have decorations, posters, etc. on the Winter Holidays (eg. Christams, Hanukkah, Kwanza) that you would like to have displayed on campus, please bring them to **Carie Forden M.H. 223**. Thanks for your help!

Editor's note: see page 5 of this issue for informative background on these holidays from the Diversity Committee.

The **VENANGO VOICE BULLETIN** is published periodically by Venango Campus, 1801 West First Str., Oil City. Hanakkah was first celebrated in 165 B.C. when a little band of Jewish patriots defeated the Syrian army which occupied their land and had tried to turn the Temple in Jerusalem into a house of worship for the Greek god Zues. When this small group succeeded in driving the Syrians out of Jerusalem and recovered the Temple, an eight-day festival to rededicate the Temple to the service of God was proclaimed.

Since the military victory was only temporary, the observance was transformed into an eight-day Festival of Lights. Each evening during Hanakkah a candle is lighted in a special eight-branch candelabrum, the menorah, until on the eighth day all the candles are lighted. (legend has it that as the Temple was being prepared for the original eight-day festival only one container, providing one day's supply of oil for the Eternal Lamp, could be found.) Miraculously, the one day's supply lasted for eight days, enough time to prepare additional oil so the lamp in the Temple did not go out, in keeping with sacred Jewish law. The lights are a sign of God's presence.

This material is from *To Celebrate: Reshaping Holidays and Rites of Passage*, and comes to you from the Venango Campus Diversity Committee.

New Type of Schizophrenia Discovered!

Have you ever heard of Fin-am Schizophrenia? Of course you haven't. But, don't let that worry you. You see, it has just recently been "discovered." Fin-am stands for final exam induced. This type of schizophrenia is found only in college students. *The episodes of schizophrenic behavior usually only occur twice a year, once for approximately two weeks in early May and once for approximately two weeks in mid-December.* Symptoms of Fin-am are similar to those of other schizophrenias. Sufferers of this dreaded disorder often withdraw from society. They tend to lose touch with reality. Often they are seen sitting alone or roaming the halls talking to themselves in strange voices. Textbooks become sacred material to be memorized word for word (a real break from reality!). Paranoia is evident, all their professors are out to get them. Catatonic episodes may occur. Unfortunately for the poor souls who suffer from Fin-am, these episodes often occur during the actual time of their final exam. If you or anyone you know may be a Fin-am schizophrenic **DON'T PANIC.** Professional help is not necessary. Although, as with all schizophrenias, no perfect cure is known, symptoms of Fin-am disappear following the students graduation from college. So, have pity on these unfortunate people if you should notice them during one of their schizophrenic episodes; it will pass!!

Kwanza (a Swahili word for "first") is an Afro-American celebration that begins on December 26 and ends on New Year's Day. The festival was started in 1966 in California by black nationalist Mawlana Ron Karenga. Although rooted in traditional harvest celebrations in Africa, Kwanza is an alternative to the commercialized Christmas in the United States. The focus of the observance is on African and Afro-American history and culture, as well as on seven principles of Kwanza: unity, self-determination, collective work and responsibility, cooperative economics, purpose, creativity and faith.

Each night there is a ceremony involving lighting the day's candle by children, passing a unity cup, and discussing the principle for that day. Prayers of thanksgiving, songs, folk tales and resolutions for the future are often part of the celebration. After the seventh principle has been discussed on the seventh day, the holiday ends with gifts, a feast, singing and dancing. The emphasis for gifts is on small handmade items with special meaning that will help the recipient get through the next year.

WELCOME BACK !!

Well, hey, everybody! It's good to be back. I hope everyone had a restful and joyous holiday. I think we'll need the memories of down-home family bliss to get us through those days of spring semester stress. Not to mention the grueling snow and ice.... but I suppose I should be more cheerful and even a little optimistic, since today begins the first day of another enriching educational experience. Blah, blah, blah.

But seriously folks, it is good to be back. I want to welcome all incoming freshman, and all the friendly, familiar faces from last semester.

So , hey, study really hard, write a lot of submissions for your campus newspaper, and don't forget to have fun!!!

Find me an Honest Person!

National surveys find that a large proportion of people cheat, but Venango Campus can take pride in having deeply honest students. I found the following note in my mail box shortly after final exams:

"(Your semester summary for me) states that my course grade is an A. I thought my points totaled a B. Could you check - I don't want to feel guilty receiving a grade I may not have earned."

That student could have kept silent, and could have rationalized that Belzer's course is too hard anyway, so a higher grade was warranted...or that she "deserved" a higher grade because she felt sick during an exam...or that she would have scored higher on the final exam if the planets were in a more favorable astrological alignment, and so she "deserved" a higher grade. A real test of one's honesty is when it will "cost".

Last year, a very similar event occurred. I made a math error (which I wouldn't have noticed, since the grade was already entered in my score book and the exam was filed away.) When

I computed the student's exam score, giving her giving her 30 extra points more than she actually earned. She, like the student above, drew the error to my attention.

This is "good stuff" folks - a refreshing string of events! It shows that not "everyone" is cheating. It gives the rest of us a good example. We all NEED good examples of honesty, to reinforce and strengthen us when we struggle with our own tough decisions. Thank You for your honesty and inspiration.

Bill Belzer 12/20/92

At The Faculty Meeting held on January 6, 1993 topics discussed included: on-campus day care, larger classroom sizes, minor campus improvements, and the renovation of Montgomery Hall.

Maybe you have your own opinions on these issues.

Now is the time to voice your ideas. Submit them to the *VenangoVoice* mailbox, in Frame Office.

Things That Make You Go Hmmm....

Did everyone make their New Year's resolution? Did you resolve to loose 10 pounds? quit smoking? save more money? or any of the little improvements we promise to make to ourselves each year? I usually don't make resolutions. It seems pointless to me because by January 10 or 11, I've forgotten what they are or even that I made any. Besides, I try all year to find ways to improve myself - don't we all?!

This year, however, I must admit, I've made 3 resolutions, and I sincerely hope that when I look back on 1993 I'll be able to say I really did follow through and fulfill these promises.

To begin, I've decided that I want to quit smoking. This is a big step for me, just admitting that I want to quit was hard enough. So, we'll see how that goes...

On a more serious note, my second resolution stemmed from a meeting I had near the garbage dumpsters at Bi-Lo. I went there with a friend who was picking up some produce waste for his pigs to eat. As I helped him load a heavy crate into the trunk of the car, I noticed a little old lady digging in the dumpster to my right. She pulled a large bunch of broccoli out from among the trash and I noticed that all she was wearing was a knitted shawl over a poor, gray dress. She took

the food and placed it in one of those two-wheeled wire buggies and began searching through the dumpster again. It was hard for me to believe that this was happening in the small, friendly town of Franklin, but here it was. I did the only thing I could to help the woman; I went inside the store and bought gloves, some canned and boxed staples, and a tray of hot deli food. When I presented the bag to her, the smile that lit her face was far more wonderful than any gift I had received this Christmas. My resolution is that I will do whatever it takes to eliminate hunger, even if its only by one can of chicken soup at a time!

Finally, my long-held cynical attitude concerning fairy tale happiness and marital bliss was rocked off its foundations. My friend, and maybe yours, Amy (Cooper) Klassan married her Prince Charming on January 2, 1993.

As they stood beside a homemade cherry-chip wedding cake, teasing each other about proper wedding cake etiquette, the reception hall grew quiet. They looked so lovely together, like they truly were a fairy-tale princess and her tall prince charming. On their faces was a calm, yet hopeful glow that touched the hearts of even the hardest of guests. At that moment I saw

the two as they really are: Aaron was worried about how he would support his new family, Amy was worrying about his transition into married life, but neither even considered the fact that misfortune may come along and tear them apart. There was no doubt in either of their minds that they would be happily married forever and ever.

I thought WOW to myself. Imagine placing that much faith and trust in another person, loving them so much that you no longer consider life without them, opening up yourself to all the pain and torment that can come from a broken relationship. I couldn't fully imagine how they felt, but I realized that what I saw was real and powerful and wonderful, the kind of stuff fairytales are written about.

So, my third resolution this year is to open up my mind and my heart to the possibility that happy endings and fairytales just might be true. I see now that if one never takes a chance, or never believes, then it can't happen.

**CONGRATULATIONS
AMY and AARON MARK

YOUR HEARTS ALWAYS

SHINY LIGHT OF THE
LOVE YOU'VE FOUND!!!**

Voluntary Attention

What we choose to give our attention to we energize. We should accept certain impressions and not dwell on others. The more conscious we can make this process, the less we will energize those things that conflict with our well-being and values. Attention develops as the gatekeeper of all our impressions.

K. Helminski

Here at Venango Campus there are a lot of special events and activities to take advantage of. Already, I've heard rumors of an ALO Pig Roast, a group is still planning to attend The Phantom Of The Opera in Toronto next month, and we will have the opportunity to attend another Dinner Theatre.

Will you be there to support your club, or organization, of friends, or your school? Only you can make your college experience enriching and rewarding; and many people put serious thought and effort into arranging these activities and events, so it is to your advantage to attend and participate regularly.

This paper will alert you as to when such events will be held, along with many posters and announcements in various, prominent places. Please do what you can to enjoy the culture, arts, and entertainment that Venango Campus offers.

Don't Miss This Semester's

Tuesday NOON DAY SERIES'

Some up-coming topics will be:

- Cookie Swap
- Balloon Boquet Sales
- Pizza Day
- Martial Arts Demo
- Sponsored by C.A.B.

Don't miss the **Student Success Series** offered every Wednesday at noon in Rhoades Center! A different topic will be explored each week, all of which are geared toward helping students succeed in the college setting! Previous topics included "*Math Anxiety*", and a talk with *Dean Blake* concerning his vision for the future of Venango Campus. These meetings are beneficial to all, and a light lunch is served, so why not stop by and check it out?

YES!! The deadline is February 15 for submissions to **THE OIL CITY REVIEW**.

This is a collection of original works written by students, faculty, and staff of Venango Campus. Submissions of any reproducible art work or photographs will also be accepted.

Our journal received much praise and interest not only on this campus and at Clarion, but also from the communities of Oil City and Franklin, where they were available in only limited numbers.

The Oil City Review also inspired the first ever Coffee House-type reading at V.C.

Hopes are that this year's journal will be even better than the first, but this can only be accomplished by your submissions!

From The Desk of Dr. Terman...

There's a new committee on campus, called the Diversity Committee. Its mission is to generate and program ideas that will enhance the campus' knowledge and experience of multidiverse cultures, religions, ethnic backgrounds, sexual preferences and others. The committee is looking for any suggestions from the campus at large that might contribute to that vision. Also, the committee is looking for one or two student volunteers, as well. We'd like the committee to be made up of a broad spectrum of the campus community, in keeping with the concept of diversity, of course. If interested, please contact Phil Terman, chair of the committee, or drop a note in the *VenangoVoice* mailbox.

ELECTIONS

There are presently three seats open for Student Senate for the rest of the 92-93 semester due to resignations. Two of them are for new students who started school on or after the Summer 92 semester and including this semester. The other seat is for a returning student that has had classes before Summer 92. If you are interested in running for one of these seats you can pick up a petition at Rhoades desk. The petitions must be given to Dr. Regal by 5:00 pm. Monday, January 25 or can be left in her mailbox at the Frame Office by this time.

The present members of the Student Senate would like to encourage anyone interested in seeing things get done for Venango Campus to run for these seats.

A time and date for elections will be decided on at the Tuesday, January 26 Senate meeting at 1:00 pm. in Rhoades Auditorium. We would like to invite everyone to this meeting whether you are running for one of these seats or not.

From The Learning Center:

Did you know that tutoring is available to all Clarion students at no charge and has been found to be a great contributor to academic success? Stop in the Learning Center in Rm. 208, Montgomery Hall to find out more about this fantastic, helpful service.

The Learning Center would like to extend a warm welcome to our new grad. assistant, Jeff Thompson, who comes to us from Clarion. Jeff is working on his Master's in Science Education. We look forward to working with him.

We are currently working on the spring semester schedules for the Learning Center and they should be completed soon. But, until then, check with the Learning Center Office at ext. 283 or drop by Rm. 208 Montgomery. The Learning Center tutors for this semester can be found on page 4 of this issue.

Student ID's Available

Student ID photos will be taken Monday, Tuesday, Wednesday, and Friday, 9:30 - 12:00, January 18-29 ONLY!!

Student ID's are necessary for every student! A validated ID is required to borrow books from the library.

If you don't have a valid ID or if yours is lost, or otherwise needs replaced, please come to Montgomery Hall rm. 213. A \$5.00 replacement fee will be charged for all replaced cards.

If you have class or are working during these times call 676-6591 ext. 271, between 9-1 to make an appointment.

Deep Thoughts:

this week's "Thoughts" by John Greci

"Guns don't kill, people kill." Yes, with guns.

Of all the "ambitions" listed in my high school magnet, the one I will always remember is the one from a girl in my homeroom. "To be happy."

It seems our country is too hung up on security these days. I really don't think that is the way God intended it.

Isn't George Foreman a "breath of fresh air?"

What ever happened to Boy George?

Frank Sinatra called "Something" by the Beatles the greatest love song of the last fifty years. It's right up there, but my vote goes to Elton John's "Your Song."

My three favoite quotes in all of sports: (not in any order) Al Oliver (ex Pittsburgh Pirate) "If it ain't my life, and it ain't my wife, then don't worry about it." Marv Levy (coach of the Buffalo Bills) "A person who says he is going to retire in a couple of years, has already retired." Sparky Anderson (manager of the Detroit Tigers) "The world is just waiting to roll over somebody on top of it."

Is Arnold Schwarzenegger the world's greatest actor or what?

I've always found that people see in others what they see in themselves.

What ever happened to the Village People?

The Tampa Bay Buccaneers (5-11 this year) will go to the Super Bowl in two years.

Let's see: Last year, of the four division winners that I picked in baseball, two finished last, and one finished a game from last, probably a record for ineptitude among prognosticators. But, since they are giving me another chance, I'll pick the Oakland A's to win it all.

I never liked the expression "Hanging in there." I always thought it had a negative connotation.

One of my favorite expressions is "you've got to want it badly enough." And I don't know why, but I always loved the expression "Carry on."

If you have to be happy, you'll never be happy.

Does anybody have any more charisma than Jack Nickolson?

Does anybody really care if Superman is alive or dead?

Submit your 'Deep Thoughts' to the Venango Voice mail box in Frame Office or slip it under the door of Rm. 205 Montgomery Hall.

CLASS' FYI'S

The Stamps Are Here!!

Student Senate has purchased postage stamps to be sold in the **book store** for anyone that needs them. To make it easier for Linda to take care of them, the charge for a \$.29 stamp will be \$.30, to eliminate the need for change.

We would like to take this opportunity to thank Linda for volunteering to sell the stamps, and give her a pat on the back for the great job she has done helping everyone get their books for the Spring Semester.

Thanks Linda!

Remember!

Dig out and dust off those English papers you saved over from last semester and submit them to the **Oil City Review Literary Journal!!!** There's only a few more weeks until the **deadline of Feb. 15th**, to submit fiction, non-fiction, poetry and art work for the 2nd edition of this fabulous publication. Simply drop off your piece (typed, with author's name and contact phone number) to Dr. Phil Terman's mailbox in Frame Office, or in the "Journal" mailbox in Rhoades Center.

**ATTENTION
 ALL STUDENTS:**

Are you planning on taking a Math or English course this summer or next fall at Clarion or Venango? If so, you need to take the Placement Test. You will need these scores before you can pre-register this spring. If you want to take a placement test before pre-registration you **must** sign up in Frame Office this week or call 676-6591.

BE PUBLISHED!!

Last year, when the first-ever edition of VC's Literary Journal, *The Oil City Review*, came out, students and faculty ranted and raved over the quality and talent of the artists in the collection. Many wanted to know how they could get published for the next edition. Well, **your chance is here**, and the deadline for submissions is fast approaching. The staff can't guarantee that all submissions will be published, but all will be considered. Students and faculty are eligible to submit pieces of fiction, non-fiction, poetry and artwork to either Dr. Phil Terman's mailbox in Frame or the Journal mailbox in Rhoades Center. All submissions should include author's name and contact phone number.

Deep Thoughts:

The Village People are alive! Surprised?

How many people are driven over the edge by the third layer of tamper-proof packaging?

Have you ever had to check the TV Guide to find out if you're watching "The 700 Club" or "60 Minutes of Hate"?

Sometimes the hardest things in life are the hardest.

I'm thankful we finally have a President who's not too acultured to cry.

Isn't it weird that the least noticeable zit always turns out to be the big squirter in the end?

You are invited

to the **Student Senate** meeting and election. We are a very active and important organization on campus, and the more input we receive from you, the students, the better we will be able to meet the special needs of our campus.

LOOKING FOR A JOB?

You can now get a JOB MATCHING APPLICATION from Angel Muschweck in Room 206 or 213 Montgomery. How will this help you? Once the required information is on file with us we can match your skills to the requirements that employers are seeking. Remember, each time an employer calls us with a job opening we will check these JOB MATCHING APPLICATIONS to see if there are any good matches between students looking for work and the employer seeking employees. We can have the employer contact you and in the meantime we will contact you to let you know that an employer is interested in you.

Soo, if you are looking for work now, for the summer, or forever get an application, fill it out and return it as soon as possible.

LIBRARY HOURS

M-R 8 am.-9:30 pm.
FRI 8 am.-4:30 pm.
SAT 9 am.-4 pm.

Why do some professors give extra credit for students who seek help at the Write Inn? Ask Dr. Terman and he'll tell you that he feels those students are putting in more effort. He adds that the Write Inn is "a good resource" for students. Everyone can benefit from the help of a peer and in writing this is especially true. We can help alleviate much of the stress of writing that paper. This year we will be dating slips for you to turn into your professor, so make sure you see us before the paper is due. Hope to see you there!

Watch for the Write Inn hours in future issues of the Voice.

Anyone interested in working on the staff of the *VenangoVoice* should stop by Rm. 205 Montgomery anytime between 11 am. - 1 pm. any Wednesday to discuss your interest with the current editors. Or you can contact: Donna Snyder, Amy Klassen, or Rhonda Barnett.

Please note also that the deadline for submissions to the Voice is now 1 PM WEDNESDAYS!!

DOMESTIC VIOLENCE Family Services Can Help

Drug and alcohol abuse is a common problem in today's society. There is a very strong relationship among substance abuse, sexual assault, and domestic violence.

Victims of domestic violence and sexual assault feel helpless, feel like failures, blame themselves, and have low self-esteem. Victims think the abuser has complete control of them and their lives.

Drugs and alcohol are often involved in violent situations. Alcohol and drugs are used as an excuse to be violent. The abuser will blame his/her behavior on having had too much to drink. But even if he/she stops drinking or using drugs the violence will continue. Remember: the abuser chooses whether to act violently or non-violently.

If you or anyone you know is experiencing abuse we can offer help and support services. Call Family Service at 677-4005, or drop by Rm. 209 Montgomery Hall each Tue. and Thur. from 12-1 pm.

THE LIGHTER SIDE

Rectory confessions

Four preachers were discussing their sins and near-sins. One said he had lusted, and another confessed that he had used profanity. A third said he sometimes had a bit too much wine. The fourth noted that his sin was gossip, adding, "And I can't wait to get out of here!"

If you need a book that tells where you could go on vacation, don't worry because you already have one. It's called the checkbook.

Viewing his son's report card, the father asked who was the laziest member of the class. "Who sits idly by when everyone else is doing their work?" His son replied: "The teacher!"

STUDENT SENATE NEWS

Election Days!!

Elections for the vacant seats on Student Senate will be held February 2 & 3 from 9 am to 7 pm. The ballot box will be placed on the desk in Rhoades Center. Anyone who is currently enrolled at Venango Campus and taking 6 or more credits can vote.

There are five students running for the two Freshman seats. They are: Kritsa Beyerley, Troy Bayard, Rosemarie Schwab, Aaron Davis, and Michael Cass. There are also two students running for the remaining seat. They are: Lynn "Trapper" McDonald and Romona Morrow.

There will be a "Meet the Candidate Day" on Monday, Feb. 1st in Rhoades, between 12 and 1. Come and hear what the candidates have to say.

We would like to encourage everyone to vote, because the Student Senate is the voice of the students on this campus.

Good-Luck to all the candidates, and may the best persons win!

The Student Senate is moving their office so they can keep on the move for you. As of Jan. 28th it will be located in the meeting room of Rhoades Center. As soon as the elections are over Student Senators will post their office hours on the door of their office.

If you need any help or have any suggestions concerning how to make this campus better, please feel free to stop by and talk about it to a Senator. If no one is available, please leave a note in the Student Senate mailbox and someone will contact you.

NOTICE

The deadline for submissions to The Oil City Review Literary Journal has been extended until March 1st.

This should give all interested individuals a little more time to dust off those winning essays, poems, and drawings and turn them in to Dr. Termian or the Journal mailbox in Rhoades.

All submissions should be typed, double-spaced and include a contact name and phone number.

All submissions must be original and are subject to approval.

Did You Know...

That Clarion offers a Women's Studies minor program?

Women's courses first appeared in Clarion's curriculum in the early 1970's, a period that marked the growth of women's studies across the country. By 1987, in response to student demand for more women's studies courses, the Presidential Commission on the Status of Women decided to establish a program of its own. In 1992, through the work of the Women's Advisory Committee, that goal has become a reality. Clarion now joins more than 500 colleges and universities nationwide offering students the experience of pursuing their education in the context of a women's studies program.

The requirements for this program are 18 credits of women's studies courses, including WS 100: Survey of Women's Studies; WS 490: Seminar in Women's Studies, and at least 6 credits at the 300/400 level.

If this program interests you, all you need to do is get an updated copy of your checksheet and a Change of Status Form for declaring a minor from the Office of the Registrar. Return both forms to the dean of the College of Arts and Sciences.

What's Happening on April 23, 1993?

If you guessed Shakespeare's birthday you're half right. O.K. try again.

Yes! That's it!

It's the second Coffee House sponsored by Venango's own *Oil City Review*!

If you were fortunate enough to have attended the debut celebration, I won't need to tell you what a wonderful night of prose, poetry, and music this will be. The second edition of *The Oil City Review* will be finished and available at that time. Some of your favorite performers from the first Coffee House will be there along with those talented authors/artists/poets that are published in the new edition!

If you would like to be a part of the journal or the Coffee House, submit your original works of fiction/ non-fiction/ poetry /artwork to *The Oil City Review*. A mailbox is in Rhoades Center (near the pool table) or drop it off to Dr. Phil Terman.

Readers for the Coffee House will be chosen from those who are published in the journal.

DEADLINE: MARCH 1!!

MARK YOUR CALENDAR FOR THE WOMEN'S CONFERENCE IN MARCH

This year for the first time the **Women's Conference Committee** is sponsoring a series of workshops open to all, on Friday afternoon, March 26. Some are designed to appeal to a general audience, such as the one on "*Hath Yoga as a Stress Reliever/Life Enhancer*". However, a number of these workshops, more academically grounded, are relevant to regular course work in such fields as art, communications, music, sociology, history, and literature.

Here is a complete list of the Women's Conference Friday Workshops:

***Acquaintance Rape 101-** A frank discussion on the nature and prevalence of "date rape" and how women can protect themselves.

***Colleagues: Victims or Co-Conspirators? Women and Clarion University -** A historical perspective on the role of women on the staff and faculty of Clarion University. Do we get the respect we deserve? How much have things changed? What power do we have to shape our future?

***Exploring the Positive Energy of Anger-** Participants will take part in exercises for dealing with anger in relationships, and explore feelings of anger, the role it plays in their lives, and its positive role.

***Gender Equity and the Relationship to Self-Esteem in Basic Education-** An interactive discussion of the AAUW report "Shortchanging Girls, Shortchanging America" follows a video presentation. How can schools become generators of opportunity for women instead of silencers of self-esteem?

***Hatha Yoga as a Stress Reliever/Life Enhancer-** An experiential introduction to benefits of hatha yoga: deep breathing techniques, relaxation, and guided imagery.

***He Said/She Said: Improving Communication between Men and Women-** Lecture/discussion on differing male and female communication styles, sexism in communication, and how men and women can communicate more effectively with one another.

***Heterosexism and the Invisible Minority-** An open and honest discussion of alternate lifestyles. Explores the myths and misconceptions surrounding gay, lesbian, and bisexual lifestyles and the price we all pay for this type of prejudice.

***The Hispanic American Women's Experience-** A workshop to help mainstream individuals understand the values of the fastest-growing minority in the U.S., with emphasis on the role of women in the Hispanic American culture.

Women's Conference Agenda Continued...

***Making Music in a Man's World-** A panel discussion of problems and opportunities for female free-lance performers.

***The Nutritional Needs of Women-** How women should use the latest nutritional information for their own health and development.

***On Being a Returning Adult Student at Clarion-** RACS members will discuss the positives and negatives of returning to study, and its impact on family life, social aspects, and commitments.

***Starting a Business in a Male-Dominated Business World-** Helpful information and how-to's from a local business woman.

***Story and Place: Contemporary Native American Women Writers-** Introduction to the wide, varied, and rich offerings in Native American literature, which resonates with ancient as well as contemporary messages to all people.

***What African American Women Would Like Majority Women to Know-** A panel discussion on the African American experience, especially the cultural aspects of which majority populations seems unknowledgeable.

***Women Artists: Out of the Shadows and into the Spotlight?** An examination of the 20th century art world's changing perceptions about women artists.

***Women's Studies is Flying-** A talk about the new minor at Clarion and the growing research and scholarship about women in many different disciplines.

***The Woman Within/Music as Spiritual Expression-** Peggy Eyres, A.A.S., Adirondack vocal stylist. Peggy's music expresses the true stories and images of women as capable individuals. Her songs tell who women are and what they do as they develop their professional and personal voices.

STUDENT SENATE NEWS

The present Student Senators would like to take this opportunity to welcome *Michael Cass*, *Lynn McDonald*, and *Krista Byerly*, and congratulate them on being elected to Student Senate. With their help we know that we'll be able to accomplish a lot the rest of this semester. If you have any suggestions that will help to improve our campus let them or any of the other Senators know.

There has been some delay in moving to our new office in Rhoades (the meeting room), but we hope to have everything moved by this week. We will all

have office hours there, so you can come and talk with us if you are having any problems. The hours will be posted as soon as they are printed up and will also be printed in next week's *Voice*.

We will hold our next meeting upstairs in Rhoades on Tuesday, the 23rd of February at 1 PM. Feel free to bring your lunch and attend the meeting.

These meetings are meant for everyone, so attend if you can!

We hope to see you all at our next meeting on the 23rd.

CLUB NEWS

Ski Club has two trips planned: Sat., Feb. 27- a one day trip to Peek-n-Peek. We will be leaving at 9 am from the parking lot in front of Frame.

March 11 - 14- Elk Mountain (near the Poconos). Leaving 11 am Thurs., returning 5 pm. Sun. Cost is appr. \$95 without ski rental and \$140 with rentals.

For more details contact John Greci.

Psychology Club will meet Thursday, Feb. 18 at 1 pm. in the meeting room at Rhoades. All Soc/Psych majors welcome!

Need Financial Aid?

Ever wonder how people seem to ease through college with few financial worries? Well, if you're not sure of what PELL and PHEAA is, or you're not sure how to apply for scholarships, help is here.

My name is Cindie Litwiler and I am a student just like you. However, my job is unique in the respect that I am here to help you understand how financial aid is administered and how you can get aid to attend college.

Please stop by and see me. My office hours are Sat. 9-12pm., in the Tutor Lab in Montgomery Hall.

I can only help if you use me as a resource. Hope to see you soon!!

- Single parents have it the toughest.

- *Enchanted April* is a beautiful movie.

- The joke's on you!

There have always been gays in the military, serving our country WELL.

- In fact, there's always been gay people everywhere (even rural Pa.) but, they are invisible if you don't open your eyes and your heart.

- Spring is only 5 weeks away!!

- Love isn't forever, but genital herpes IS !!

- Can't wait to see Richard Gere in his latest movie - sure beats Kevin Costner any day.

- Venango Campus is a nice place to be. People learning and mountains all around.

- Come learn how to breathe for the second time in your life at the Relaxation Exercises.

- I believe **YOU** Anita Hill.

- John Grenci sure can sing.

- I have to remind myself- trust the process.

DID YOU KNOW??

Rape does happen- even among friends!

The Facts:

*One out of every four college women has been the victim of rape or attempted rape.

*A woman's risk of being raped by someone she knows is four times greater than being raped by a stranger. 84% of the victims knew their assailant.

*Only 5% reported the rape to the police. 42% told no one.

*One in every 12 college men admitted to committing acts that meet the legal definition of rape.

*75% of the men and at least 55% of the women involved in acquaintance rape had been drinking or taking drugs prior to the attack.

*41% of the victims expect to be raped again. 30% contemplated suicide. 31% received psychotherapy. 22% took self-defence courses. 82% reported permanent changes in their lives as a result of the rape.

*In a 1986 study conducted at UCLA, 30% of the men said they would commit rape if they knew they would not be caught.

These statistics are from Robin Warshaw's book *I Never Called It Rape*.

If you need assistance or information please contact Family Service Rape Crisis/Domestic Violence Center at 677-7273.

*****NOTICE*****

The deadline for submissions to The Oil City Review Literary Journal has been extended until March 1st.

This should give all interested individuals a little more time to dust off those winning essays, poems, and drawings and turn them in to Dr. Terman or the Journal mailbox in Rhoades.

All submissions should be typed, double-spaced and include a contact name and phone number.

All submissions must be original and are subject to approval.

Do you NEED Basic Biology 111 this summer?

If I can submit a list of twenty or more students who would take this course at Venango Campus, there's a good possibility the course may be scheduled. If you need this course and want to help insure that it will be offered please submit the following information to Bill Belzer's mailbox in Frame:

Name, contact phone number, which summer session (1st or 2nd) you would prefer the course offered, and preference of morning or afternoon session.

Please get this info to me **ASAP**. Money is short; most of the available summer school budget is already locked in, so we need to "stake" our claim soon if there is any hope of getting this course here this summer.

February is Heart Month

Heart disease is the number one killer

Millions of people think cancer is the number one killer in North America. They are wrong.

Last year heart and blood vessel diseases killed almost twice as many people as cancer. The number who died of heart-related disease is almost equal to the number who died of all other diseases combined! And this includes cancer, accidents, lung diseases, AIDS, pneumonia and influenza, suicide, and every other cause of death.

What causes heart disease?

1. Hardening and thickening of the arteries (atherosclerosis) — is a major cause of heart and blood vessel (cardiovascular) disease. Deposits of fatty substances, including cholesterol and triglycerides, form a buildup known as plaque. Plaque may partially or totally block an artery. A heart attack or stroke can result.

2. High blood pressure — makes the heart work harder than normal and contributes to heart attacks, strokes and atherosclerosis. If high blood pressure isn't treated, the

heart must work harder and harder to pump enough blood and oxygen to meet the body's needs, and the heart becomes enlarged.

3. Cigarette smoking — smokers have more than twice the risk of heart attack. Smoking is the biggest risk factor for sudden cardiac death, some two to four times higher than for nonsmokers. And smokers are more likely to die within one hour than nonsmokers.

4. Diabetes — symptoms of diabetes can go undetected for many years, but when a person has the disease, controlling other risk factors for heart disease is vital. Diabetes affects cholesterol and triglyceride levels.

5. Obesity — evidence shows that the location of body fat indicates the risk of coronary heart disease. A waist/hip ratio greater than 1.0 for men indicates a significantly increased risk. The

value for women is 0.8. This means that a man's waist measurement should not exceed his hip measurement. A woman's waist should not be more than 80 percent of her hip measurement.

6. Physical inactivity — especially when lack of exercise is combined with overeating. New studies show that an inactive person who begins to exercise even lightly has a much lower chance of suffering a heart attack.

7. Stress — Scientists note a relationship between risk for coronary heart disease, life stress and behavior habits. Stress factors influence established risks. For example a person in a stressful situation may start smoking, smoke more than usual, or begin to eat in an unhealthy way.

Some risk factors can't be changed. Heredity is one. Heart disease appears to run in families.

World's best exercise, only two feet away

Exercise protects the heart in at least three ways:

- By helping to control or reduce overweight that puts extra strain on the heart,
- By increasing the efficiency of the cardiovascular system — so the heart works less to provide oxygen to the brain and muscles,
- By reducing triglycerides (fat) in the bloodstream. A new Rockefeller University study shows this effect to be separate from any change in diet.

There are many ways to exercise, but walking is convenient and effective. It can be done at any time of the day, takes no special equipment other than a good pair of shoes, and gives the consistent movement that brings a stronger heart and cardiovascular system.

Walking at a moderate pace of three miles per hour will burn a little over 200 calories in 45 minutes,

but studies show that the body continues to burn more calories for hours after the walking stops. At four miles per hour a 150 lb. male burns 248 calories.

One study reported in *The Physician and Sports Medicine*, included 40 to 56-year-olds who walked 40 minutes four times a week for 20 weeks. They increased speed from 2.5 miles per hour to 3.25 over that period.

While the effort doesn't seem great, the benefits were significant. Aerobic working capacity increased 28 percent. Heart rate decreases during exercise were as much as 17 beats per minute. During recovery, heart beats decreased by as much as 28 beats per minute, constituting important cardiovascular improvement.

As an exercise, walking has other advantages. It doesn't cause injuries, and it promotes better sleeping habits.

---Does the worm at the bottom of a bottle of tequila get drunk before it dies?

---If I fall down alone in the forest, do I make a sound?

---If there were a nuclear holocaust would John Grenცი still feel compelled to conduct math class?

---Would I lose points for not attending?

---Did Elvis ever take accounting?

---Could that be the reason he turned to drugs?

---Did Imelda own a pair of flip-flops?

---Is there any relationship between Commander Clinton and the Ozone Man and Commander Cody and his Lost Planet Airmen?

---Where can I buy a sweat-stained Bogart suit and an African Parakeet?

---And if I sail down to Martinique, what are my chances of running into Jimmy?

---Does anyone know what I'm talking about?

---Who invented the straight jacket?

---Did they use it on him/her?

---Will they use it on me?

---Have they already and I don't know it?

---I hope I never tire of amusement parks?

---I would also take Richard Gere over Kevin Costner.

---But I'd still take Jane Seymour over Richard Gere.

---Life is exactly what you want to make it.

---I would still like to discuss with Dr. Blake, "Why something and not nothing?"

---I would like to hear Kay King sing.

---I'm glad I didn't have to hear myself sing.

---Isn't life strange?

---This may sound corny, but I've learned as much from my students as they have from me.

---I understand Paul McCartney is kicking off his tour in Australia. Anybody interested?

---You haven't lived until you've learned to revel in your own craziness.

---I must admit, I stole the "Isn't life strange?" It is the title of a song by a group from the sixties that I saw for the fourth time this past summer. You never know, it may appear as an extra-credit question on the final.

--- Bad taste in advertising has plummeted to a new low: if you don't believe me, just go into any campus restroom and see for yourself.

---Who really cares whether Michael Jackson's skin is light or dark?

SCHOLARSHIPS AVAILABLE

Did you know that Orville Redenbacher offers 30 \$1,000 **Second Start Scholarships** nationwide? To apply, you must be 30 years of age or older at the time of application and be enrolled or planning to enroll part or full time in an undergraduate or graduate degree program at an accredited college. Application **deadline is May 1, 1993**. Applications are available in 208 Montgomery Hall. Stop by and pick one up!

The **William Phillips Scholarship** is available to a full time undergraduate student in the Nursing program at Venango Campus OR other Clarion University programs. Applicants must have attended high school or have been a resident of the following counties for the past five years: Butler, Clarion, Forest, Mercer, and Venango. Also, applicants must maintain a minimum QPA of 2.75 and remain in good standing towards their degree. Applications are available in 208 Montgomery Hall, and the **deadline is April 15!**

Daffodil Days

Proceeds to benefit the
American Cancer Society.

From now until March 25,
you can order beautiful spring
daffodils to brighten up your or
someone you love's life. Order
forms are available in Frame of-
fice, Rhoades desk, and 213
Montgomery Hall.

Daffodils are \$5.00 per
bunch and/or \$8.00 per potted
plant (while supplies last).

The flowers will be deliv-
ered on March 26, at 11:00 am.

Remember that you can't get aid if you don't apply! Don't feel threatened by the fact that many students apply also. You stand a good chance of getting a scholarship. Many students have received national scholarships that attend Clarion University and Venango Campus. What do you have to lose except the stamp to mail it?

Good Luck!

The VenangoVoice Bulletin is published periodically by Venango Campus, 1801 West First Street, Oil City. Articles in it reflect the philosophy of Venango Campus students, and does not necessarily represent the views of Clarion University. CUP is committed to equal opportunities and affirmative action for all persons in its education program, activities and employment practices. Attention: There will be an **URGENT ALO meeting on Wednesday, 3/24, at 12:30**. All officers and members are requested to attend. Future activities depend on your involvement. Be there!!

Deep Thoughts...

by Susan Harry

-How would you like to see a sign that says "Ears pierced while you wait"?

-Where would you go while your ears were being pierced?

-Good for you, Yogi Berra! (I'll believe it when I believe it!)

-Don't focus on what you CAN'T do; focus on what you CAN do and go from there.

-Is there such a thing as an original quote?

-Yes, Christine, you do make a sound. (You hear yourself, don't you?)

-Ever had one of those days when you seem to be doing something all the time and never get anything done?

-Why didn't something that makes perfect sense now make any sense a year ago?

-Did that make any sense?

-Humor is the ability to take life seriously.

-Taste is a matter of taste.

-Have there really always been times like these?

*****CLUB NEWS*****

Greetings from the **Business Club!** As you know, April 11 is Easter, a holiday celebrating springtime, hope, and a fresh start. Not everyone is able to share in this hope, however. There are many people and families in our area who are disadvantaged and do not have the resources to provide their children and themselves with the traditional trimmings associated with the holiday. That is where we, not only the Business Club, but the whole campus community, fit in. *We have the opportunity to bring a ray of hope to a child this Easter.*

For the second year, Business Club is sponsoring a collection of nonperishable food items, candy, and other things associated with Easter such as **jellybeans, small stuffed animals and toys** (Please NO colored eggs!) to assemble into little baskets. Also, **plastic grass and baskets** to be used in making them would be helpful. The baskets will be distributed through a local service organization.

This year **we are also selling raffle tickets** to benefit the drive. See a Business Club member after March 16 to take a chance for a worthy cause.

Collection boxes will be in the lobbies. Any and all help will be greatly appreciated.

Please help make Easter a little brighter for local families.

The Creative Artisans is sponsoring the following workshops throughout the rest of the semester, on Tuesday afternoons at 1:00 pm.

***March 23- Basics on photography and equipment**

***March 30- How to mat pictures**

***April 6- Learn to sketch with pen and ink**

***April 13- Beading designs onto cloth**

***April 20- Demonstration- Refinishing wood furniture- our special Earth Day demonstration on creative recycling**

These workshops are open to all interested people on the campus but supplies will normally be limited to six people. If you know you will be attending a particular workshop and you want to make sure enough supplies are available for you, please register with Chris Johnson, president, or Martha Ritter, club advisor.

ATTENTION ALL CLUBS:

Archives are kept in Suhr Library for the various activities that take place at Venango Campus. Club minutes, CAB activities, issues of the *Venango Voice*, etc. are maintained in the archive file. We at the library would appreciate your help in sending us club minutes, activity programs, and other materials that should be included in the campus archives.

*******NOTICES*******

Petitions for Student Senate will be available on March 22. They are due March 26 by noon in Student Services. Elections will be held for 5 upper class positions March 29- April 1. Watch the *Voice* for more information. Petitions are available from a Senator, Student Services, and Rhoades Desk.

MENTORS: If you haven't turned in your referral sheets, they're due NOW in Frame Office or to Kim Price in 209 MH.

Petitions for CAB Co-Chair positions will be available starting Monday, March 29 and they are due April 2 by noon in 213 MH. Get involved in the exciting events and programming for Venango Campus! Elections will be held April 5-7. Watch for more info in the *Voice*. Petitions are available from CAB, Student Services, and Rhoades desk.

A great big **THANKYOU** to everyone who helped load-in and load-out during "*Steel Magnolias*." You all did a terrific job!

MORE CLASS FYI'S

from Student Services:

In the interest of giving our Venango Campus students the best advantage in today's tight job market, the Student Services Department is arranging for Employment Seminars, one for each of the Associate Degree courses.

The first of these seminars, the **Business Administration Seminar**, is scheduled for **Wednesday, April 14, at 7:00 pm. in Rhoades Center**. It will involve presentations by five panelists, chosen from Venango and surrounding counties. Our hopes are that these individuals will be able to pass on valuable information concerning: what employers are looking for, what type of training and experience can give you the edge in the employment market, what unadvertised jobs are available in our area, what contacts you can develop to help with a job search.

Hope to see you there!!

You, too, can Lead the Field!
Greet the future with

Welcome to Telephone Registration

To prepare for early registration, April 5 - 26, you are asked to follow these suggestions:

1. Resolve any existing academic or financial hold flags that will prevent you from scheduling on time. (examples: delinquent tuition accounts, library fines, parking tickets, book loan payment, Bookcenter accounts). If you need assistance, come to Frame Office.
2. Meet with your advisor. Work with your advisor to prepare your semester schedule. Your advisor will provide you with the necessary TelReg Scheduling Worksheet form on which you will list your schedule. AS ALWAYS, do this prior to your specific date to schedule so that you will be ready to register at you scheduled registration time. If you choose to wait to meet with your advisor, you'll be preparing your schedule instead of registering and the class you want or NEED may close.
3. Find your "registration time" posted on the red wall in Frame Administration Building. The time may be any one hour window from 12 noon - 10pm each day of the registration period. You may register during or after your one hour window, BUT NEVER BEFORE.
4. When your registration "window" time is open, you must use a TRUE TOUCH TONE telephone (not just a push button phone). Using a touch tone phone you may dial the TelReg number from anywhere in the United States (or the world). You will not have to come to the campus or the Clarion Campus to register. You may actually schedule from the comfort of your own home.

If you do not have access to Touch Tone but do have access to a phone with tone/pulse choice you may still be able to use it to register. After dialing switch button from pulse to tone and complete your registration (be sure to switch back to pulse when you complete your registration).

For most of our students, this will result in a long distance phone charge. The length of time of the average call would be 2 - 5 minutes. The average cost from Oil City will be \$1.30 day rate or \$.95 for evening rate for a five minute call. The convenience of not having to drive to campus or stand in line will probably compensate for this cost easily. (Students have reported that the cost is usually much less than we estimated).

To receive a printed copy of your schedule for your verification, you must bring the white copy of the TelReg Worksheet, signed by your advisor, to Frame Administration Office. If you have any questions regarding TelReg, contact Frame Office.

**Preparing For
The Job Search**

Please be aware that Venango Campus offers various services to it's graduates. You are able to have help in developing, revising, and the final printing of your resume. A resume that is professional looking is important. It is often the first line of communication between yourself and a potential employer.

Practicing the interview situation can be very helpful in preparing to be relaxed at the real interview. You can schedule appointments to have a mock interview and have a critique so that you are aware of your performance.

Credential files are a great help in job searching. If you have one, you will only have to ask a few people ONCE for a recommendation. This saves you and your references precious time.

Please make an appointment with me soon to take advantage of these services. It will help to make a hectic job search procedure just a little bit more bearable and maybe even fun.

Call 676-6591 ext. 271 or 278 to make an appointment. The best days are Mondays and Tuesdays, but appointments can be accommodated on other days if it is more convenient for you.

A Josten's Representative will be in Rhoades Center, at Venango Campus on Thursday, April 8, from 11 am. - 3 pm.

If you are graduating in May and are interested in a **Class Ring** - this is the person to see.

Have you been or are you presently inconvenienced by the Frame Administration Office closing from 12 - 1 pm.?

If so come and discuss your concerns at a general meeting to be held Wednesday, March 31, at 12:30 pm. in Rhoades.

A Reminder

The Business Club is sponsoring a collection of non-perishable food items, candy, jelly beans, small stuffed animals, and toys for Easter baskets to be distributed to disadvantaged families in the local community.

Drop off your items in collection boxes in the lobbies of Montgomery, Frame, and Rhoades. Any and all help will be greatly appreciated.

Members are also selling raffle tickets to benefit the drive.

Tips on Writing

Summaries and Abstracts.

- * Do not highlight
- * Read the whole selection
- * Close book
- * Write the gist in your own words as though you were telling a friend about it
- * Check your version and the original and add whatever you omitted
- * Make sure that if the piece has an opinion, that opinion is clear in your summary
- * Rewrite and Polish!

Usually the most attractive parts of an article - the human interest stories - are omitted in summaries; they're the author's way of illustrating and keeping reader attention. Use the significant figures and usually omit the breakdowns.

April is Cancer Control Month

Cancer is a group of diseases characterized by uncontrolled growth and spread of abnormal cells. If the spread is not controlled or checked, it results in death.

It can strike at any age. Cancer kills more children aged 3 to 14 than any other disease. And cancer strikes more frequently with advancing age.

In the 1900s, few cancer patients had any hope of long-term survival. Today there is a survival rate of about 40 percent. That is, when normal life expectancy is taken into consideration, 49 percent will be alive 5 years after diagnosis. More people could be saved by early diagnosis.

Lifestyle

Some cancers can be prevented. Most lung cancers are caused by cigarette smoking, and most skin cancers are caused by frequent overexposure to direct sunlight.

There is evidence suggesting that bowel cancer is linked to diet. A diet high in fat and/or low in fiber content may be a significant causative factor.

Welcome to Telephone Registration

We believe that using our new voice registration system will streamline the scheduling process at Clarion University.

Here are more specific directions for using the TELREG System:

1. Read all posted or printed information regarding Early Registration (located in the published newspaper schedule).
2. Clear all restrictions that may prevent you from scheduling including financial or academic flags.
3. Prepare for an advisement session with your advisor.

YOUR RESPONSIBILITIES:

- a. be aware of your advisor's office hours and make an appointment to discuss your semester plans with him or her during those hours
 - b. review your degree requirements on your check sheet
 - c. review course prerequisites using the catalog
 - d. prepare a proposed class schedule and include alternate courses in the event that a first choice class may be closed BEFORE your meeting with your advisor
 - e. complete the required information on your TelReg worksheet and sign the statement at the top of the form. Have your advisor sign the the form also.
4. Locate the TelReg Appointment Schedule on the red wall near Frame Office. Pinpoint your registration time window using the Priority List or Telephone Appointment Schedule. This will be the first opportunity you will have to dial into the registration system. If you are not prepared at that time or choose to wait to dial at a later time you may do so until April 26 but be aware that the longer you wait to register, the more chance there is that a specific class you may need, may close.
 5. Follow the steps on the worksheet:
(remember to use # sign after steps 2-5)
 1. Dial the TelReg number (814) 226-2680 (##19 from campus)
 2. enter the action code 728 934 (Fall 93)
 3. enter your student ID number (social security number)
 4. enter you PIN number (birthdate) (month and day)
EXAMPLE - March 23 = 0323 Dec 1 = 1201
 5. Enter your course code numbers for classes you are requesting
 6. Exit the TelReg system 9#

Unless you find a need to change your schedule, you have completed the registration process. A copy of what you entered into the TelReg system can be printed for you in the Administration Office when you return your white copy of the worksheet to the office.

Deep Thoughts...

By: DeWayne Harbaugh

--What happened to "Cop Rock?" Did anyone notice it was gone?

--What do Bill Clinton, Dean Blake, and Tom Arnold have in common?

--What did cavepeople do when they noticed their paintings were crooked?

--Is "Midnight Train to Georgia" the best or what?

--Which dozen came first-eggs or Apostles?

--What kind of society forces Ray Charles to sing about diet soda?

--Dan Quayle-Animal, Mineral, or Vegetable?

--Is Barney really a good role model for our children? I mean, he has a brain the size of a walnut!

--The three elements of a good life: Friendship, Music, Laughter.

Earth Day Celebration!

The Creative Artisans are hosting a Special Earth Day workshop on April 20, at 1:00 pm. in Rhoades Center. The workshop is featuring Bev Smith, a professional antique furniture refinisher/restorer. She will show us the basic techniques in refinishing wooden furniture and give us information about using environmentally safe refinishing products. Recycle your old wooden furniture instead of throwing it away! For more information contact Martha Ritter.

Any Complaints About Scheduling?

Looking for a 1 credit course for Fall?

Consider English 270 if you have completed Eng 11 with at least a B. You'll meet as a class once a week and tutor two hours per week during times you select. Get a "permission-to-enter-closed-class" slip at Frame, have Dr. Huber sign it and be prepared for one of your best experiences thus far. Education majors and those interested in teaching especially like this class.

Letters To The Editor.

WHAT'S THE BEST KEPT SECRET ON VENANGO CAMPUS?

The Campus Activity Board (CAB) of Venango Campus presented the five-piece jazz group Late Edition in concert on April 2, 1993 at Rhoades Auditorium. This group was selected to "kick off" the 1993 Mellon Jazz Festival in Pittsburgh. Forty people attended and enjoyed a night of contemporary jazz. It cost CAB \$1000 to bring this event to our campus- what a bargain when students saw the event for only \$1.00. CAB spends thousands of dollars each year to bring cultural activities to you! We have a large range of students on this campus with busy schedules and we realize you can't always please everyone, but we are trying. It is such a disappointment when only a few people show up. Many times we here, "I wasn't going to come but I get extra credit. I really enjoyed the show. I'm glad I didn't miss it." College is supposed to be a learning experience, so why not attend an event you may not be sure about. It may surprise you.

We know and appreciate the people who take advantage of the programs are offered. To those people, the board says

"Thanks so much for the support you have given us." We keep trying to bring in quality events for you to enjoy. Next year we hope to offer the Gateway Cruise, a contemporary rock opera, a fly-in, a Bill Miller concert, a road rally/steak fry, dances, a chili cook-off/winter games day, a Niagara Falls trip, 101 Dalmations and much more.

The CAB has also heard rumors that a faction of students do not like the events we have brought you. The board issues a challenge to those students to come and help plan any future events. With the variety of good entertainment out there it is not always an easy choice. Don't just grumble about things. SHOW UP! We want to have your input.

So what is the best kept secret on Venango Campus? It is the programs and events we bring in for you. Take advantage of them and enjoy!

CAB

Do you need a ride?

GOOD-BYE

This is the last Venango Voice for the 1992-93 year, and the last paper edited by us.

We have truly enjoyed bringing news and information to you this past year, as well as being a part of Venango Campus. But, like all good things, it must come to an end. We wish all our friends here at Venango Campus the best of academic success in the future, as we're moving on to "the other campus" in the Fall.

There is good news. Your new editors for the 1993-94 year have been training with us and are enthusiastically anticipating their chance to be your editors. Remember, they will represent your voices through this publication, so SPEAK UP!

We are proud to introduce Loni Burchfield and Stevette Wood as Editors of the Venango Voice. Welcome them aboard. We wish you all good luck!

Amy and Donna

From the Bookstore...

As the semester draws to a close, I would like to take this opportunity to thank the students, faculty, and staff for their patronage. If you are graduating, I wish you much good luck and success in your future endeavors. If you will be returning in the fall, I hope to see you then. It has been a pleasure to work with all of you and I hope everyone has a great summer.

Thank you again,
Linda - Bookstore

CYNIC'S CORNER

The quickest way to double your
money is to fold it in half and put it
back in your pocket.

It's a mistake to allow any
mechanical object to realize you're
in a hurry.

It's better to be over the hill than
under it.

Count yourself lucky if you can
breathe in and out anytime you
want.

No theory is so elegant that it can't
be screwed up in practice.

Prediction is a tricky business, par-
ticularly when you're dealing with
the future.

Everyone is a damn fool for at least
five minutes a day. Wisdom con-
sists of not exceeding that limit.

If you think you can or can't,
you're right.

Deep Thoughts on the end of a semester...

* we thought we'd get flowers for Secretary Day because from 12-1 the office routes all phone calls through our office.

* we surely won't miss the children-sized desks at this campus!

* There is tutoring for nearly every subject on this campus except for the microlab where novices are toying with thousands of dollars worth of equipment.

* How do governments and UNIVERSITIES get away with operating in the RED, but let Joe or Jane Shmoe owe a couple hundred bucks to the government or UNIVERSITY and see what happens.

* I don't believe in book burnings, however, I have a few texts that I would like to see smoldering: Rush Limbaugh's whatever the name of the piece of trash is; Homophobia Manual by small minded people everywhere; and There's Just No Hope by pessimistic, non-helping doomsdayers.

* The most important thing I've learned this semester is that b.s. will carry you one, long way. (Unfortunately.)

* Please be patient with Loni and Stevette, God isn't finished with them yet.

Food Fact Q & A

Q. How can I be sure microwaved pork is completely cooked?

A. The National Livestock and Meat Board suggests you use an evenly shaped roast. Cook 22 minutes per pound on a medium-low setting or until internal temperature reaches 170 degrees. For $\frac{3}{4}$ to 1" pork chops, cover tightly in a microwave dish and cook 18 to 20 minutes per pound. Both should be turned and rotated half way through the cooking time.

Q. Is there really any way to choose a good melon?

A. Not for certain, but here are some tips: Never pick one with bruises or spots on the skin. Select a melon that is ripe-looking, for example, a cantaloupe without green streaks. At the stem end, the melon should emit a sweet smell.

Q. I always wash my hands before preparing dinner, isn't that enough?

A. No. Wash them each time you prepare a different food. It's especially important after handling raw poultry, meat, and eggs, which may cause Salmonella poisoning or other food-borne illness.

Q. Are deli foods safe to eat after storing in the refrig for a day or two?

A. If you anticipate leftovers, always ask the deli manager when and where the dish was prepared. If it was made that day, and if you keep it cool, you can use it in 3 to 5 days. If any food has an unusual color or odor, throw it out. Tasting is a dangerous practice.

Q. When expecting a lot of people for dinner, can I grill the meat until partly done, then finish it in the microwave later?

A. Partial cooking is not O.K. Meat and poultry should reach an internal temperature of 160 to 180 degrees on the first cooking. Meat should not be pink. Cook completely and refrigerate, then reheat in the microwave.

Vol. 18 No. 1

August 30, 1993
Clarion University of PA

*** Editorial Note***

As editors of the paper this year, we would like to welcome everyone back to school! We will do our best to keep you informed of all campus activities and news. If you have anything you wish to submit, please do!

You may contact us personally in Room 205, Montgomery Hall or you may fill out a Venango Voice slip which are available in every building and place it in our mailbox in Frame Office. Anything received before 10:00 a.m. on Wednesdays will be placed in the next edition of the paper.

Remember—we reserve the right to edit anything submitted.

Every week we will feature personal interviews with the staff and faculty of Venango Campus. Since these people are the backbone of this institution, we thought it would be a good idea to get to know them better. The name of this column is *Campus Communique*.

We would like to introduce another new column to be featured weekly. It is called *Heathful Hints*, and it contains tips on diet and exercise. Since a healthy body yields a healthy mind, we think this information is very valuable to all students and faculty at Venango Campus. If you have found a way to better your health, please share it with us all.

The Venango Voice is a publication designed to voice student concerns and activities. We welcome any constructive comments or suggestions.

Thank You
Loni & Stevette

BOOKSTORE HOURS 1993-1994

The first week of classes the bookstore will have extended hours to accommodate the book rush. Hours will be 8:30 a.m. to 7:30 p.m.

Regular hours are Monday through Thursday 10:45 a.m. to 6:30 p.m. Student charges from PELL, PHEA, VA, and JTPA will only be accepted the first three weeks of the semester. Books may be paid for by check, cash, Mastercard, Visa, Discover, and American Express. Books may only be returned the two weeks after school has started.

REMEMBER

You must have your receipt and your student I.D. to return anything purchased in the Bookstore.

~~ F.Y.I~~

~Student Identification~

If you don't have your student I.D., you should report to Student Services (Room 213, Montgomery Hall) during the first two weeks of school. Also, returning students are required to validate your student I.D. at the Administrative Office in Frame.

~Parking Permits~

Parking Permits may be purchased in the office at Frame. These are required to park in any lot at Venango Campus, and failure to comply will result in a ticket.

~Drop/Add Procedure~

Drop/Add runs from Wednesday, Sept. 1 through Friday, Sept. 3. You may do this two ways:

1. Obtain a Drop/Add form from the office in Frame. Call the TelReg system any time during the designated hours. After this has been completed, keep the pink form for your records and return the others to Frame office.

2. Take your completed Drop/Add from to the Frame for immediate on-line processing.

Your advisors signature is not required but you should inform them of the change so that they can update your file.

~~F.Y.I.~~
~Library Hours~

Monday through Thursday-
 8:00 a.m. to 9:30 p.m.
 Friday- 8:00 a.m. to 4:30 p.m.
 Saturday- 9:00 a.m. to 4:00 p.m.

Healthful Hints

If the word "exercise" makes you
 think of sweat suits and sore
 muscles, here is some good news
 for you. Walking is the safest and
 easiest form of exercise, and it's
 very effective. To get the most
 benefits, walk three times a week
 for half an hour to forty-five
 minutes. But remember that even
 short walks are helpful.

*Walking can slow the aging
 process and add vigorous years
 to your life.

*Walking energizes, increases
 stamina, strengthens bones, and
 fights osteoporosis.

*It helps you control your
 weight. Consuming just 100 ex-
 tra calories a day will soon add up
 to 10 pounds, but just 15 to 20
 minutes a day of walking will
 burn it up.

*It helps you tone and
 strengthen muscles.

*Walking helps you maintain
 a sense of balance and agility,
 lessening the likelihood of falls
 and accidents.

*It also improves your self-
 image, relieves stress, and makes
 you feel better mentally and
 physically.

Make plans now to get mov-
 ing and get the benefits of walk-
 ing.

WHO'S WHO

Bonnie

Bonnie is a secretary in the Administration Office. She handles the Work-Study Program along with many other office duties.

Bonnie began her career at Clarion Campus in 1968, and worked there for eight years. In 1978, she came to Venango Campus and has been here ever since. Within the next year, she will have worked at CUP for 25 years.

She enjoys cooking for her husband and her 15 year old daughter. In her spare time, she enjoys walking and garage saling.

When asked about her long-term employment goals, Bonnie told us that she would like to earn enough money to help others.

Penny

"Penny" Carol Shaughnessy is also a secretary in the Administrative Office in Frame. She started in June of 1989. Before that she was a Secretary at the Calvary United Methodist Church in Oil City. Two of her work assignments are to process Change of Status forms and assign faculty advisors each semester. So if you have a problem relating to this Penny advises you to read the instructions first and if you still don't understand.....ASK!!!

Penny has been married for 23 years and is the mother of three and the grandmother of one. She enjoys shopping, old movies and dancing. When asked about her long-term employment goals she said that she will be here until she dies or she is asked to leave, which ever comes first. Penny enjoys her job at Venango Campus and the people she works with.

Cindy

Cindy Busch is the Administration Office Manager. She is a trouble-shooter for student problems, and she plans on staying at Venango Campus.

Cindy stated that the best advise for all students is to read everything very carefully. Read the Bulletin, posters, letters, and bulletin boards on Campus to keep your activities up-to-date.

Attention poets!

The National Library of Poetry has announced that \$12,000 in prizes will be awarded this year to over 250 outstanding poets. The deadline for the North American Open Poetry Contest is Sept. 30, 1993. Entry is free and the contest is open to everyone. Any poet, whether previously published or not, can be a winner. Every poem entered has a chance to be published in a deluxe, hardbound anthology. To enter, send ONE original poem, any subject or style, to The National Library of Poetry, 11419 Cronridge Dr., P.O. Box 704-ZI, Owings Mills, MD 21117. The poem should be no more than 20 lines, and the poet's name and address should appear on the top of the page. Entries must be postmarked by September 30, 1993.

The forms will be processed by Friday, Sept. 10th, as they are received in Frame Office and according to the availability of classroom space. Your instructors signature/approval will be required before you will be admitted to the class!

Administration Office Hours

Due to the popular demand of evening classes by student employees, Frame will close at 6:00 p.m., Monday - Thursday and at 4:00 p.m. on Friday. Frame will be closed between 12:00 noon and 1:00 p.m. daily.

Administration Reminders

Students may begin purchasing Venango Campus parking permits at 10:00 a.m., Tuesday, Sept. 7th in Frame Office. The following information will be needed at the time of purchase: Licence plate number, make, model, color, and year of vehicle. Permits are two dollars and are required for all student vehicles parked on campus. Please remember this permit does not guarantee you a parking space, only the right to park on campus. If you find that all parking lots are full, you may park on West First Street.

Student I.D. Validation stickers will be distributed in Frame Office beginning at 10:00 a.m., Tuesday, Sept. 7th. Only students enrolled in 6 or more credits for the fall semester will receive a validation sticker.

Lions Don't Need to Roar. Using The Leadership Power of Professional Presence to Stand Out, Fit In and Move Ahead, by D. A. Benton, Warner Books, 257 pages, \$10.99 in softcover.

Book Review

LIONS DON'T NEED TO ROAR

Some people seem destined to rise to higher positions. Their bearing indicates they are people who are, or will be, in charge.

Want to join them? Do you want to acquire the skill of knowing how to say the right thing at the right time? Do you want to sharpen your business manners so you will behave in ways that make people want to go where you lead? Author D.A. Benton knows what you need to develop these skills.

One critic calls "Lions," "A working person's Dale Carnegie, Miss Manners, and Ann Landers, all in one." It offers guidelines and techniques for achieving that magical aura that marks a person as someone to be reckoned with. For those willing to attempt this behavioral transformation, the book is a how-to manual.

Chapter headings show where to read in order to fit in and get ahead by —

- ♦ being yourself, only better,
- ♦ making the best impression,
- ♦ using skills to express, impress,
- ♦ using speech ... and silence,
- ♦ forming person-to-person business relationships,
- ♦ using humor and asking questions.

But that's not all. Benton will tell you how to spot a lucky break and make the most of it, how to ask for favors and get them, how to find courage to do what others don't.

The author, who has made an art of self-presentation, shares secrets otherwise told only in expensive seminars. Most of all, Benton shows you how to use your own "smarts" to get ahead and how to take charge when you arrive. It's a good book.

Who's Who

Linda

Linda M. Brown is the Manager of the Bookstore. Before joining the staff at Venango Campus, she was the dietary manger at Polk Center for 15 years. In January of 1992, Linda began her career at the Bookstore and intends on staying here until her retirement.

Linda is a graduate of Oil City Area High School. She received a degree in Food Service Supervision/Management from Immaculate College. Since then, she has taken classes at Mercer Vo-Tech.

Linda is married and has two children, ages 21 and 24. She also has one "perfect" grandchild that is two years old. Her hobbies include shopping and cooking for her family. She also loves to read and some of her favorite authors include Mary Higgins Clark, Sidney Sheldon, and Danielle Steele. Linda also enjoys organizing events such as parties, reunions, and showers.

Linda told us that she wanted to create a friendly atmosphere in the store, where the students want to come in and chat (we think she has already done that). She would appreciate any suggestions dealing with the Bookstore because she is here for the students.

Chase cholesterol with a carrot, onion, or cabbage

The U.S. Department of Agriculture (USDA) points out that there's another way to lower cholesterol other than avoiding foods that have it, like red meat and cheese.

Eating seven ounces of carrots (two, medium size) lowered the

cholesterol content of blood by 11 percent in their studies with healthy volunteers. Onions, cabbage, and broccoli had the same effect.

Studies by the USDA and others suggest that calcium pectate in fiber is a cholesterol-lowering agent. The fiber from oats and beans is even more effective.

What this means to health-minded consumers is that a balanced diet that regularly includes these foods will keep cholesterol at an acceptable level.

Eating a vegetable with your steak dinner has always been a good idea because of vitamins A, C and others in those vegetables. Now there's still another reason to be sure you get vegetables in your diet. Your cholesterol level will be lower.

HEALTHFUL HINTS!!

Of course, all of you realize that stretching our brains is as vital to having a healthy happy body as stretching our muscles! Go for it!!

CEC-WHAT'S THAT?

CEC stands for **Council for Exceptional Children**. It is a local, state, and national organization with over 9,000 members who advocate for exceptional people. At Venango Campus, we have a local CEC group which carries out planned activities for its member and becomes involved in the lives of exceptional people. Here are some events that CEC has been involved in:

Skate-A-Thon for Venango Riding for the Handicapped Association.

Special Olympics

Speaker/Program Advocacy, behavior management, parenting strategies, and homeless persons donations.

Donations of clothes to the Woman's Shelter

Cap & Mitten Tree for the homeless

Book Fair

Sponsored members' attendance to CEC conventions

The Psychology Dept. at the main campus in Clarion is having a "Welcome Back Party" on Weds, Sept. 15th from 12:00 p.m. - 2:00 p.m. If you are interested in car pooling, contact Carrie Forden, ext 263. Come and meet students and faculty of Psychology.

THE WRITE-INN

Are you having problem with a paper? At the Write-Inn, we listen to your paper, ask you questions and give you feedback. We won't proofread but we will help you to understand hand books. We always have a positive attitude.

The Write-Inn is located in Room 105 in Frame. Come and relax with fellow students or talk with a Consultant.

Well, we are back to school and among other things, it means the start of football season. For what it's worth (which isn't much), here are my picks for the upcoming season.

In the AFC, the Steelers, Bills, and Chiefs will win their divisions. The Steelers improved their pass rush by picking up Kevin Green, who will be among the league leaders in sacks. The Bills will be tough again, and although I think they had character, I don't think they can "get up" enough to make it to a fourth straight Super Bowl. The Chiefs picked up Joe Montana and Marcus Allen, but they would have been very good without them. I like the Chiefs to beat the Bills in the Championship Game!

In the NFC, the Vikings, Cowboys, and 49ers will win their divisions. The 49ers will be very tough again, although I think Steve Young is a little over-rated. The Cowboys are the team to beat in the NFC again. Coach Jommy Johnson, an admittedly "selfish person" says that "if you get in my way, I will crush you like a squirrel on the road." My guess is that even his players don't like him. They will beat the 49ers in the NFC Championship and beat the Chiefs, where they will join the Packers, Dolphins, Steelers (twice), and the 49ers as the only teams to win consecutive Super Bowls.

WHO'S WHO

The Library experience can cause any "fresh" student unnecessary anguish. The Dewey Decimal System is nearly obsolete. A so-called user-friendly computer sits on the counter staring at you. Contained within the four walls of Suhr Library is a wealth of information, all available to you. All you need is your student ID card. Thank heavens you understand how to use that, right? Please do not fret. The Library is supervised and staffed by people who are able and willing to assist you. By the end of your time spent here at Venango, you will know each one of them personally. Until then, here is WHO'S WHO in Suhr Library.

RICH

Rich Snow is the Head Librarian and has been employed by CUP since 1973. Prior to working here at Venango, he was the Circulation Librarian at Converse College. He acquired a B.A. in French at Kent State University and a M.L.S. from Florida State University.

His wife Betty teaches Spanish at Cranberry High School. He enjoys crossword puzzles and other word games. New physics and the science of chaos are two of his favorite reading subjects. When reading fiction, Walker Percy and Ray Bradbury are his favorite authors. Mr. Snow looks forward to continuing his own learning experience by helping others to find answers to their library questions. Mr. Snow says, "Don't ever feel that you are bothering anyone when you ask for help in the Library. We want to help you find what you need. There is no such thing as a dumb question unless it goes unasked. Allow enough time for your library research in the event that we need to get you materials from Clarion or elsewhere."

NANCY

The Assistant Professor in the library is Associate Librarian Nancy C. Palma. She has been employed by CUP since 1991, prior to that time she worked at Lock Haven Univ. as Assistant Reader. Nancy plans on working here until she retires or someone comes along to take care of her. She went for two years to Carlow College and then earned a BS in Elementary Education at Youngstown State University and obtained her M.L.S. at Kent State.

Ms. Palma has a daughter Kelly and three cats, Babette, Midnight and Max. She enjoys reading, traveling (anywhere exotic, no bugs please), playing her saxophone-claiming she is no Bill Clinton! She loves to bake and going to Kelly's plays. Nancy donates a lot of her time to various community groups like the Rotary, Oil City Campus of Northwest Medical and the O.T.C. Railroad. As a board member for the Oil Creek and Titusville Railroad she is in charge of assigning tour guides, running the historical tape, first aid and more. She thinks this is a great opportunity for anyone interested in education, communications or business to get some experience in the field and help a worthy community group at the same time. Ms. Palma says, "I'm available to all students, faculty and staff as a resource person in the library. If you need help in the library, finding information or just getting started on a project that involves the library's resources- feel free to stop in and ask. I am also an academic advisor and chairman of Venango Campus Faculty Forum."

Start exercising to get these benefits

★ An energy boost: The more active you are, the more energetic you feel. Exercise improves the efficiency of the lungs and circulatory system. It increases glycogen, a muscle fuel that makes you feel less fatigued.

★ A better body: As you exercise, you develop more muscle and have less body fat. Even at the same weight you'll be more narrow at the waist and hips, and your body will be firm. Without exercise, muscle strength declines and the position of the skeletal frame changes. You sag.

★ Lower blood pressure: Many studies show that regular exercise reduces blood pressure in both normal and hypertensive people. It increases the flexibility of artery walls.

★ Lower body weight. Besides burning calories, regular exercise for an hour a day suppresses hunger and increases the rate at which calories are burned for as long as six hours afterward.

★ A stronger, healthier heart. Exercise does great things for your heart. One study by Duke University showed that cardiovascular patients on their exercise program experienced an average improvement in treadmill time of 45 percent within three months.

★ You'll be more effective on your job. When people are fit, they work better, no question about it. They have more energy, higher productivity, and better emotional balance in times of stress.

★ You'll sleep like a baby. Every study ever done on the subject of sleep shows that daily exercise helps you to sleep well. There's no question about it.

If you plan to begin an exercise program, check with your doctor about how to go about it, especially if you already have health problems. For unexercised but otherwise healthy people, the key is to begin exercising slowly and build up endurance.

BEFORE you feel like you have the whole weight of the academic world on your shoulders, come over to the Learning Skills Center, MH, and get some college skills survival training. Stop by the **Tutoring Center in Rm 210** and fill out a Tutor Request Form. It's the smart way to get the pressure off your academic load. One-on-one or group, studying has been proven as effective ways to ease the stress of attending university classes. Stop by Rm 208 and meet with the Learning Skills ast. for practical study tips that range from note-taking to textbook reading to setting up your notebooks. Research has shown that students who believe and are actively involved in controlling their own learning resources become more competent students. Take a proactive responsible move. GET A TUTOR and get the skills you need to succeed.

"We call it opera that really rocks" says Stacie Boord, ShadoArt's Public Relations director. "Electric opera blends the medium of opera, theatre, and rock and roll."

Dawn of Infinite Dreams is a show that shows rock and roll with a story—it's musical on stage superior to anything on MTV because you are there!!

It is a story of young Merlin discovering his power and its limits, a story not old in other tales of the wizard's life. Along his journey he encounters love, hate, and revenge in a variety of memorable characters—all of which lead to an explosive climax. If you would like to know more, purchase a ticket at the Bookstore.

Tickets are \$10.00-general and \$8.00-children and \$6.00-Clarion Students

D J 'S NEEDED

The University's Activities Board is updating it's D.J. listings for the 1993-94 academic year. We need D.J.'s for our monthly dances. They must have their own equipment. The fee for three hours of music \$100. Please contact UAB office, 226-2312 at ext. 2312 and ask for Mary or Diana if you can be of assistance.

.....

Students interested in campus programming should attend the Campus Activities Board meetings. They will be held every Weds. at 2:00 p.m. in Rhoades Meeting Room. You may also see a mentor at the rhoades Desk or Kim Price in 209 MH.

Softball Update

The softball season is in full swing. we are currently a 17 members strong. However, I am sure that there are more interested players on campus. It is not too late to join the team. Please come to practice at 6:30 p.m. at Mitchell field on Tues., Weds., or Thurs. If you can't make practice and are still interested, please call David Baker at 226-4762.

The VENANGO VOICE BULLETIN is published periodically by Venango Campus, 1801 West First Str., Oil City. Articles in it reflect the philosophy of Venango Campus students, and does not necessarily represent the views of Clarion University. CUP is committed to equal opportunities and affirmative action for all persons in its education program, activities and employment practices. Direct equal opportunity inquiries to Assistant of the President for Social Equity, 216 Carrier Administration Building.

WHO'S WHO

She is as dependable as the U.S. Postal Service. We'll find her on campus no matter what the weather is like. She provides us with healthy, cruchy salads, deep-fried munchies, and sinful sweets. You will find WHO'S WHO this week behing the counter of the Snack Bar.

MAXINE

Maxine Fuller is our Snack Bar Manager and she lives in Franklin with her husband. She has one daughter and one son and one 16 month old grandson. She hopes to retire from the Snack Bar and Marriot in about six years.

She enjoys all sorts of crafts and is presently involved in quilting. She is the President of her quilt club. One of Maxine's hobbies is helping her friends Tole Painting, crocheting, and knitting. At the Crawford County Fair this year, her raggedy doll won grand champion. CONGRATULATIONS!!

As an avid craftsperson, she is willing to instruct a min-class on crafts or help you personally.

While traveling in Wyoming, lucky Maxine received a hug from lee Horsley (Matt Houston) and Larry Hagman.

Golf Coarse

"My doctor said I couldn't play golf," said Joe.

"Did you see him at his office?"

"No, he saw me at the club."

"Tell me, Reverend, is it a sin to play golf on Sunday?"

"My son, I've seen you play. In your case, the day of the week doesn't matter."

Heathful Hints

Do you know that there is a cure for cancer?

There was a brilliant man by the name Carey Reams who was a mathmatician and biophysisist, among other things. He did many experiments with the body chemistry in the 1930's. From a urine and saliva sample, he could determine your strengths and weaknesses of your body chemistry.

Cancer is nothing more than your body chemistry being "out of whack."

Nature and nature alone can restore it. Most of our society has become "brain-washed" to think that drugs can cure. Although drugs can be helpful, they never cured anything.

Reams set up a retreat in Geaorgia in the early 70's. Eventually they shut down the retreat because he was practicing medicine without a license. You might ask why this info never became public. Simply, because the media suppressed it.

Some people think that this theory is ludicrous, the media and the doctors have been brainwashed into thinking that drugs is the way to go, therefore, they never look a alternative. I've talked to people that have been cured by Reams method. This is not magic, this is science

Reams was a very religious man who tied in some of his findings with the Bible. He was harassed, thrown in jail, and on a few occasions, poisoned. Some day, hopefully in our lifetime, the truth will eventually come out. It didn't happen in his lifetime, he died eight years ago. Please stop in my office if you would like more info.

Editor's Notes

There are posters, posters everywhere inviting you to attend this function and that function guaranteeing a good time to be had by all. Admission costs vary from free to affordable. (It is certainly a great opportunity to get to know your fellow students and faculty.) However, between a heavy schedule of classes, library time, homework, football games, friends, spouses, children-blah, blah, blah- you just can't make it to these campus events. You are just too busy to spare the time! Through the student activity fee, events are being brought to our campus. We are not taking full advantage or getting our money's worth. Where is it written that students shouldn't put blocks of social time aside each week? We would be willing to bet, that students who attend the social and educational functions offered by CAB, excel higher intellectually and socially than students who don't! Trust us, CAB doesn't randomly select entertainment. Whether the function serves great eats, broadens our horizons through cultural exposure, or is just stress-reducing FUN-GO!! Bring a guest- you won't be sorry! TRY IT, YOU'LL LIKE IT!!!!!!

DON'T LET MONEY BE THE REASON YOU QUIT!

"Quotes, Sayings, Thoughts, Ideas"

One way we define who we are, what we believe, and where our interests are, is through statements that catch our eye. We write them down, and sometimes recall them when we need them.

Here are some of mine:

-The main thing is to keep the main thing the main thing.

-Radicals are people who believe passionately in human dignity and freedom.

-Everytime a new door opens another door shuts and the hallways between them can be the hardest part.

Students, Faculty, Staff- send your favorite statements via anyone from student services, anonymously or signed and see yourself published.

If you are interested in getting together to study Stats, Mondays and Wednesdays, from 3:15-5:00 p.m., call ext. 283 or stop by Rm 208 MH and leave your number!

Like all other institutions across the U.S., Venango Campus has an elected voice between the students and administration. That voice is your *Student Senate*. We would like to thank all who ran for posts, and give a special congratulations to those voted in. The following students are **Who's Who in the Student Senate**:

Laurie Perrine is a Liberal Arts Freshman. She is the mother of two and carries 18 credits. Her vision for the Senate is to help create a greater unification between everyone at our campus and Main campus. She ran for Senate so she could help improve our educational institution. She would like to thank everyone that voted for her and say the Senate is there for you. Let us know your likes and dislikes about our campus. Every idea will be addressed.

Krista Byerley is a Nursing freshman. She likes to work with people and she hopes to build a stronger bridge between the students and the administration. She is a member of the Nursing Club. If you have any problems or concerns about the campus, please feel free to approach her. Student Senate is here to help everyone and without student input, they can't help anyone.

Ramona (Mona) Morrow is a Nursing\Psych Senior. She has been attending Venango Campus for four years now, and she thinks that the students and faculty are great! She is ready to leave her V.C. security blanket to get a

real job and a real paycheck. She ran for the Senate because being here for four years, she has watched things change from good to bad. Hopefully, they can reverse that. She is a member of the Nursing Club. Mona says, "Buck up little campus, this is just the beginning."

Chelsea Frohlich is a local girl. Her vision for the Senate is to help students and she has taken a special interest in returning students here on campus. She is involved in the Inter-Varsity Christian Fellowship at main campus. Anyone interested in the above, phone her at 676-2033.

Davin L. Cutchall is a Business freshman. He enjoys traveling and touring large cities. He would like the Senate to be a forum for all students that would like to take advantage of campus activities as well as a tool for a leadership role in his/her community. He would like to thank the student body for showing their confidence in his abilities to be a student leader.

Dana Boocks is a Rehab\Sp. Ed. freshman. He is married with children! He hopes to give fair and accurate accounts of progress made in the Senate and be a contributing part of the process. He ran for the senate for the experience. He hopes to be a positive influence by helping others strive for their goals while he strives for his.

Lynn (Trapper) McDonald is a Bus. Mgmt\Marketing Sophomore. He decided to enroll in

college after working in retail sales for 20 years. He feels that a college education opens up many doors. An education is not just book learning, it is social development. The people that you come in contact and the association you develop over the years will be very valuable. College is a big help towards time-management. His vision for the Senate is to make it more viable and noticeable to other students. In his first year, he heard a lot of complaints, yet nobody came to the meetings. Were they aware that the Senate is an important arm of their government? He recommends that all students get involved and voice their complaints. Lynn thinks that everyone should attend at least one campus event per semester. You will see what a good time can be had by all. His final thought is to remind you that he is always on-campus as a sounding board, or to get you information, like the ad says: "*Over a Billion Served.*"

GOOD NEWS!

Membership is up in the Venango Campus Psychology Club, much of it due to the efforts of club president, Rhonda Barnett. Ms. Barnett is a full time Clarion-Venango student, who along with her husband Brian, is co-owner of the LaSiesta Restaurant at the corner of RT.8 and RT.62. Among the most visible efforts of the club was the Subway sub sale held in Rhoades. The funds raised by the sales will enable them to continue with its efforts towards other campus activities. This semester the club will show top rated movies, at least once a month, in Rhoades during lunch!

The club also plans to provide support and refreshments at two of the CAB Medical and Ethics Series upcoming. Rhonda is also the 1993-93 Editor for the Oil City Review! Rhonda has one son, Jason who is stationed with the Coast Guard in Hawaii. Thank you Rhonda, and the other members of Psyc. Club for helping to make Venango Campus an even better place to learn. The club will meet every other Wednesday in Rhoades. The next meeting will be held Oct. 6th.

With Mid-terms fast approaching, make it a must to attend the first in our Student Success Series, TEST doesn't have to be a four letter word, Wed. Oct. 6, 1993 at noon in Rhoades. Come and learn how to overcome the stress that could be holding you back from becoming the successful student that you deserve to be!

NO RESPECT

Please be cautious of pedestrians and other vehicles when in the campus parking lots, particularly when backing out.

#1 My vehicle was damaged late last week in the campus parking lot-anonymously.

#2 Another student mentioned that her auto had been damaged twice this year in the parking lot-also anonymously.

#3 Please respect other peoples' safety and their property.

#4 Please do not park illegally in MH lot. With vehicles parked illegally, it is almost impossible to navigate. Hmm..legally parked vehicles unable to back out of a space without fear of damaging an illegally parked vehicle.

Thank you,

CAB is recruiting help for the production of *Dawn of Infinite Dreams*. Anyone that is interested in helping the day of the play, during the play or afterwards is asked to contact Kim Price.

STUDENT UNION

Co-Chairpersons are needed in the Student Union. Please contact Kim Price if you are interested.

FLY IN CANCELLED

The Fly-In has been cancelled due to a lack of pilots. We are sorry if this has inconvenienced you!

However, we will be running a *shopping spree bus to Pgh.*

• This event is scheduled for *Saturday, November 27*. Look for further information in upcoming issues of the Bulletin!

Last weeks' issue of the Bulletin introduced you to *WHO'S WHO* in the student senate. We covered every one but Kris Gaisford whom was just elected as our Senate President. Congratulations Kris! Kris is a second year nursing student. Kris has three children and is employed as an aid at the Presbyterian Nursing Home. Last year Kris was the V.P. of our senate. Her vision for the Senate is to see the students and senate be a strong voice.

HEALTHFUL HINTS

Feeling a little hungry? Need a little something to get you through until your exam is over? There are a multitude of options out there which one is right for you? Have a pretzel! Bypicking the right snack foods, it is easy to take a big bite out of your total fat consumption. Pretzels can help! Many varieties contain just one gram of fat per ounce. Some low-salt varieties have the double advantage of less sodium plus less fat! How about potato chips and corn chips? OOPS! Both contain up to 13 grams of fat per ounce. Just two ounces of either one brings you over the recommended daily level recommended by the American Heart Association.

Clarion University Theatre 1993-1994 Season

With our ever increasing dependence on the telephone, the fax machine and electronic mail, the ability to write substantial correspondence seems to have become a lost art. In this "unique and imaginative theatre piece" A.R. Gurney has created an evocative, touching, and often funny life-long relationship told only through the letters two very good friends have written to each other over the years.

"Returning to school as an adult student? Concerned about how you will be perceived by future employers?" **READ ON!!**

For older students, the worst case scenario might be that employers will never understand why you are making this change, that they will typecast you. As a result, you will be reluctant to look for work in your new field even if you have an appropriate degree. Something about old dogs and new tricks.

But you are in charge of how prospective employers perceive you. They are more likely to listen to the case that you make for yourself than to hogtie you to a past identity if you present yourself in a straightforward manner. Don't be embarrassed about your past work experience. Be comfortable about what you have done or not done. Tell how the past allowed you to develop skills that will help you in your new field. Always extract the positive from your past experiences and leave the negative behind. Focus on your rationale for choosing your present career and why you believe you are a good candidate.

So, there you are. You have no more excuses. You can begin driving yourself toward a career that you really want without the fear that you will be making some life-threatening mistake. You cannot predict exactly what the outcome will be, but you will be smarter as a result of your experience; you will recover from any setbacks that occur along the way, and you might even succeed as you had hoped.

WHO'S WHO

Clarion graduate speaks in Communication 100

"People who liked my writing kept asking me to submit articles about disabled travel." I said, "I'd be glad to, but I'm not disabled."
-Peg Smith

Peg Smith was a featured speaker last week in Communication 100. Her talk was nothing less than motivational, inspiring, and informative. The class was studying book publishing, so she was a great asset to their understanding.

She is Associate Editor of the book, The Real Guide: Able to Travel. She also is the Travel Editor for Disabled Outdoors Magazine, an international publication about activities and events in the lives of people. She manages to do all this and possibly a second book while being a full-time employee of Quaker State Corp.

The publication is the first time a book has been written for the handicapped by the handicapped. The handy guide contains information about exciting worldwide travel as well as articles about insurance, health and comfort, transportation, and getting around. Peg says, "This topic is interesting because at any time, any person in this room could suddenly become disabled."

What may be most amazing about the book is that it was published without the editor and the associate editors ever meeting. Electronic media, including computers, fax machines, and the telephone (with answering machine) made it all possible.

"Walking into a bookstore does make me feel proud--to have just collaborated on such a book. I've always been involved with the disabled and have a passion for writing about them. I will always do that," says Peg.

As a final note, Peg was a Business Administration major and took the elective, Writing for Media, just for fun. Her "just for fun" decision has many readers thanking her now.

Locker Room Chatter

by: John Greci

October 7, 1993

I won't remind you who I picked to win the World Series at the beginning of the year. However, they're letting me pick again. I guess at some point, people just humor me.

I think the Blue Jays will beat the White Sox in 5 and the Braves will beat the Phillies in 7. It will be a repeat of last year's World Series. You could not write a better script for a match-up.

The Braves' starting pitcher's are considered to be the best in a long time. The Blue Jays hitters finished 1-2-3 (the first time this has happened in 100 years). This threesome does not include Joe Carter, who has more RBI's than anybody in the last eight years and Rickey Henderson who is headed for the Hall of Fame. I'll pick the Braves in 7!

Heathful Hints

It's October: Time for flu shots

Why get a flu shot every year? Because every year the flu takes on a slightly different form.

It's Type A that causes most of the trouble. Almost 100 million

people in the world suffer its effects each year.

We can catch Type A again and again because it continues to change genetically. One slight mutation is all it takes to negate all the previous year's antibodies. The new virus can infect anyone, so we need fresh antibodies to fight off the new invaders. Fortunately, we do have flu shots to protect us.

Influenza can be a startling disease. In the 1918-1919 epidemic, it infected almost half the population of the world, causing 20 to 30 million deaths worldwide.

Don't take a chance. Get your flu shots before the season begins. Be protected from Type B, Type C, and this year's new Type A.

Softball Team Strikes!!

The CUP softball team struck often and in bunches on Saturday as they opened the tournament with a 2-0 record. Only an active nature could stop the "Dirty Dozen." It is hard to say who led the way because everyone contributed. A.J. "Bam Bam" Riley pitched both victories. No other team supported their teammates like we did and that is why we overcame all obstacles.

Freedom of Choice

There will be a Nutritional Freedom of Choice meeting at the Days Inn in Butler on Rt. 8. It will be held Oct. 21, at 7:00 pm. The speaker from Oregon will be sharing concepts on nutritional cures and personal ordeals and harassment.

Several weeks ago, I wrote an article titled "Do You Know There is a Cure for Cancer?" There is something I wanted to clarify. Some readers may have gotten the impression that I was implying that all doctors are conspiring to keep nutritional information from the public. I did not imply any such thing. What I did mean was that most doctors do not know of these cures. All they learn in medical school is about drugs, chemo, radiation, etc.. They are told that any other procedure is basically "Quackery." Others will argue that if this information is true, then certainly some doctors know about it and will do what they can to get this info. to the public. Well, there are some doctors who know about it and they are indeed trying to get the information released but they are either harassed, had their licences revoked, been beat up or thrown in jail. It's just a part of the system. Usually the people doing this are not doctors, but policeman, who are doing there job. It is the law that you cannot practice medicine without a license, wrong though it may be. I am not making a judgment on these doctors. I am going to say they are wrong in their beliefs much like I may tell a student he/she is wrong about a problem, I am not making a judgment on that student. It can be very hard to believe against the established thinking of our times. Everyone with a revelation is first thought to be a "Nut." That is the way it

has been throughout history from Galileo to Einstein. Seven years ago, I thought the same way as nutritional sceptics do: "These people are dreamers," not anymore. If a person comes up to me and tell me a paralyzed person just got up and walked I'm probably not going to believe it. However, if a person tells me that a person's body chemisrty (Cancer) has been changed by nutrition, it's as easy for me to believe as $2+2=4$. I have talked to enough people to know this is factual and not made up. I also did not mean to imply that cancer is the only illness that can be cured through nutrition. I restricted my article to that because it is so prevalent.

(Please pass on this information to your interested friends and family members.)

Date Rape

For every hour you sit in the class there are 10 rapes committed and 16 attempted across the country. Although the majority of these victims is female, 1 of every 12 rape victims is male.

Rape (sexual assault) is defined as sexual contact without mutual consent or primarily by force or threat of force. Contrary to popular belief, 80% of all rapes are committed by acquaintances rather than strangers.

Date rape violates not only the body but also the spirit. Some of the effects it can have on the victim are: 1) loss of trust, often in the form of feeling unable to trust his/her ability to judge people's character; 2) guilt because he/she feels somehow responsible for the attack; 3) fear of going in public places and even of people who are known to him/her; 4) depression; and 5) sexual problems.

Everyone should be aware that there are some practical steps that can be taken that will lessen the potential for date rape. First of all, express what your sexual limits are (you have the right!). Secondly, avoid isolated places (parks, wooded areas) where you would be unable to get help if you needed it. The third step is to avoid the influence of alcohol and drugs that can cause you to lose control of the situation. Finally, have your own transportation so that you don't find yourself dependent on someone else

to get you home--be able to leave a situation when you feel uncomfortable.

If you have been the victim of a sexual assault, it is very important to have support and counseling in order to deal with the traumas associated with rape. Free and confidential services are available to all victims at Family Service Rape Crisis Domestic Violence Center, 716 East Second Street, Oil City, by calling the hotline at 677-7273, or on campus MH, RM. 207 on Thursdays from 12-1 pm.

Psychology Club

Serving as Vice President for the Venango Campus for the 1993 season is Kelly Chase of Dempseytown. Mrs. Chase is sophomore Psych major who hopes to become a counselor working with high school students. In addition to her studies, she is involved with the Special Olympics Bowling Program in Venango county. She is a former Integra Bank employee that is now a full-time student. She became involved in the club after attending a meeting to see what it was like, she liked what she saw and became involved. In her freshman year, she was a member of CAB. Kelly and her husband Curtis are expecting their first child in May.

Are You on This List?

Please contact Darla Ausel at Rhoades desk on Tues. and Weds. from 3:00-4:00 pm, and Thurs. from 12:30-2:00 pm.

Susan Arbuckle, Barbara English, Kimberly Gutschall, Jenna Marie Kephart, Gwyn Koszacka, Cathleen Morrell, Madeline Walls, Sherry Lawrence!!

Go ahead, Give Yourself a Star

Remember back in the third grade when you would do almost anything, even study your spelling words, to get a star on your paper? That same five pointed star can help you get good grades today. Before you leave each class, mentally restate the 5 most important things you learned in class. This quick exercise takes the new material out of working memory and places it in short term memory. It will stay there until you work at transferring it to long term memory in your study session later that day. Before you leave each class, give yourself a mental star and you will shine academically!

Thanks to everyone who attended the Career Development Workshop! Now, follow up on those ideas that were discussed and start your career process today. Stop in and see Sheila in Rm 211, MH or call ext. 272 for an appointment.

Job Seeker Database

If you are looking for full-time work and will be graduating in December of 1993 or May of 1994 you may be interested in taking advantage of the kiNexus database system on the Clarion Campus.

This is a computerized database of candidates seeking employment. You can increase the possibility of being contacted by employers by becoming apart of the kiNexus info. system. Here's How:

1. Bring a new blank 3 1/2" double-sided, high density disk to Career Services.

2. Using the kiNeexus diskette, the "help text" in the program, and our additional instructions, enter your candidate information in all sections of the program.

3. Make an appointment with a Career Services staff member to review your candidate info. on the disk. The 15 min. appointment will ensure that complete and accurate candidate infor. is available to employers.

4. We will download your candidate info. onto the Career Services database and return your diskette to you.

5. You are now registered with the kiNexus service.
6. Bring your diskette back to Career Services when you need to up-date or change info. on the program. For more info call Angel, 676-6891, ext 278.

THE BRIDGE COFFEE HOUSE

The Bridge is a community based space that's purpose is to bridge the university, bordering communities and it's people of all ages together. It is a showcase for performers local and from afar. Culture happens when local artists, writers, and musicians share their work. Performers create the pleasurable atmosphere while you sit and enjoy coffee and socialize between talents.

The Coffee House seats one hundred people and the walls are adorned with local artwork. There is a stage complete with lights and a sound system. During performances the lights are dimmed allowing you to experience the feeling of becoming a part of the art.

Even if you are not majoring in the arts, the cultural experience is one that you will never forget and it may bring out your creativity for there is nothing more inspiring than another's work. It gives you the opportunity to meet like-minded people, exchange ideas, appreciate talent, which will culturally elevate your life. It's the alternative place to interact.

If you are interested in sharing your talent at The Coffee House, call Philip Terman, 676-9429 or Charlene Dicaligaro (412) 794-3338. There will be an open stage on Saturday, Nov. 6, at 7:30 pm. Bring your music and words. The Coffee House has been partially funded by a grant from the Justus foundation and is also supported by the Civic-Barrow Theatre. This allows the admission to be minimal, only \$2.00 for students and \$3.00 for the general public. The last performance for 1993 will be Dec. 4, featuring the Dixie Land Band and fiction reader, Dr. Joe Bodziock, English Professor at Clarion University.

The Bridge Coffee House is located in Franklin on Liberty Street, next door to the Barrow-Civic Theatre.

SEXUAL ABUSE

Sexual abuse occurs when an adult or a child forces, tricks, threatens, or coerces a child to have any kind of sexual contact. This includes such things as inappropriate touching, asking to be touched inappropriately, and showing the child pornographic movies. Sexual abuse can happen with a stranger, friend or family member (incest).

Statistics show that 1 in 4 girls and 1 in 7 boys will be sexually victimized before age 18; between 70-80 % of adult sex offenders were sexually abused as children. The most common age of sexually abused children is 8-12.

When a child is a victim of sexual abuse, he/she experiences immediate effects in the forms of damaged goods syndrome (whether or not there is physical injury, the child assumes that there is; as a result, he/she suffers fear and anxiety), guilt (the child feels responsible for participating in sexual activity), fear (physical punishment, the possibility that sexual contact will recur, separation from family because of the incident), depression (withdrawal, physical fatigue, illness), and low self-esteem. Incest has an even greater impact because, in addition to the aforementioned issues, the also experiences anger and hostility (not only toward the perpetrator but also family members who failed to protect him/her) and a marked decrease in the ability to trust (due to victimization by a trusted person).

Untreated issues of child sexual abuse can lead to a multitude of problems as the child matures (ex: promiscuity, behavioral problems) and becomes an adult (ex: relationship problems, unresolved anger). If you know a child who has been sexually abused or an adult who has survived sexual abuse, free and confidential services are available through the Family Service Rape Crisis/Domestic Violence Center at 677-7273 (24 Hour Hotline); or on campus in Montgomery Hall, Room 207, or on Thursdays from 12:00-1:00 pm.

THE CAMPUS ACTIVITIES BOARD (CAB) NEEDS YOUR SUPPORT !!!

Starting to college can be a frightening experience for anyone. Traditional students are often on their own for the first time. Non-Traditional age students often feel "out of place" on a college campus. Many are just afraid that college will be an impersonal, unfriendly place where they will feel excluded. They come to classes, barely speak to anyone and leave immediately after. Think of all the experiences they are missing! College should be a place of new opportunities, a friendly place where people challenge and push you, a place of new resources and goals. There are new interests to be found, new skills to be learned, and new friends to be made. Many different clubs and activities await you. The Campus Activities Board, known as CAB, sponsors numerous activities; lectures, various types of musical programs, trips, dances, and more! We try to offer something for every taste. CAB is here for you and because of you. Without you these events cannot happen. Without your support we cannot continue to bring in quality programming for our campus. We realize that every one on this campus is busy. With college classes, families, and outside jobs, sometimes we don't feel there is any time for social activities. Remember, college is to be a time for new experiences, diversities, and pursuing new interests. Do yourself a favor. The next time you are on campus, look around, read the posters of upcoming events, attend one of our meetings, and become involved. VENANGO CAMPUS AND YOU WILL BE BETTER FOR IT!! *CAB Meetings are held Wednesdays at 2:00 pm in Rhoades meeting room.*

Psych. Club Sez..

Self talk traps hurt!

When you catch yourself saying these things-think twice!

1. All-Or-Nothing Thinking: You see things in black or white categories. If a situation is anything less than perfect, you see it as a total failure.
2. Overgeneralization: You see a single event as a never ending pattern of defeat by using the words always or never when you think about it.
3. Mental Filter: You pick out a single negative detail and dwell on it exclusively. One word of criticism erases all the praise you've received.
4. Discounting The Positive: You reject positive experiences by insisting they "don't count." If you do a good job, you tell yourself that anyone could have done as well.
5. Jumping To Conclusions: You interpret things negatively when there are no facts to support your conclusion. (adapted from THE GOOD FEELING HANDBOOK, copyright © 1989 by David Burns, M.D. Reprinted by permission of William Morrow & Co. Inc.)

Falling autumn leaves are beautiful to look at, but falling grades are not! If you are experiencing academic difficulty, we can help. We offer free tutoring in a wide array of subjects at convenient times. (See schedules below.) Our Learning Center has a broad selection of videos and computer software to help you explore specific subjects like accounting and math, or you can update your study techniques with self-help videos such as "College Success" or "Where There's a Will, There is an A." If you prefer one-on-one assistance in study skills, call Darlene at Ext. 283 or stop by 208 M to make an appointment. Play it smart, pick up some skills before your grades fall with the leaves.

Study Groups Anyone?

ALO would like to know if you are interested in being a part of a study group. Anyone interested in joining a group should sign up at Rhoades desk or contact Aaron Davis. Specific classes will be targeted according to demand.

The new flu: A/Beijing H3N2

The word "new" might be a winner in the advertising game, but when it comes to a strain of influenza, "new" is a bad word.

Most North Americans have not been exposed to the new flu variant A/Beijing H3N2. Except for some areas of the East Coast where it appeared briefly in the 1992-93 season, there is little natural immunity to this variant, according to Dr. W. Paul Glezen of the Influenza Research Center at Baylor College of Medicine in Houston.

High-risk groups, and anyone who can't afford to miss work, should be immunized as soon as possible if they haven't already had a flu shot. It takes just a few minutes and could save a week of misery in weeks to come.

People in high-risk groups include the elderly, people with immune system disorders and heart and lung disease including asthma and bronchitis. Other high risk people are those with diabetes, kidney disease and anemia, sickle cell disease and health-care workers.

It could be a hard flu season. Be sure you are protected.

Put parking lot falls on ice

Did you know that more than half of all winter falls occur in parking lots?

Icy conditions and snow accumulation turn the lots into a place that takes care and thought. If you stride briskly through the lot in a preoccupied way, you are walking into danger.

Designated walkways are more likely to get ice treatment and are your safest course, even then it takes some attention. Smart walking includes an awareness that ice can still be found in patches.

Winter footwear helps because those rubber-soled shoes or over-shoes are less likely to slip. They increase your traction.

When entering your home, or your workplace, be sure to knock the snow off of your shoes. Otherwise it will melt inside the door, leaving a wet surface for someone else to slip on.

Total elimination of the slippery-footing hazard is impossible in winter. But staying in walkways, paying attention, and wearing non-slip footwear will help you stay on your feet.

Thanksgiving is a Time for Sharing

Project Overcoat **Coats for the Needy**

The weather is turning colder and for the area homeless it can be life-threatening. Please, go though your closets and save a life!!

Donations may be placed in the boxes in the lobby of each building.

We currently have an outstanding student who is homeless with a family of four children, because her rental home was sold. She must wait for government red tape to relocate. Donations could pay her first months rent and utilities so she can have a home now. Donations will be collected at Frame Office.
- Thanks for giving!

FINALS ARE ON THE WAY

All final examinations will be administered during the week of December 13 - 17, 1993. Exams will no be given at times other than time indicated on the schedule unless one of these conditions exist:

1. Students with three or more exams on the same day may reschedule one of the tests by consulting with the appropriate instructors or Mr. Schlecht.
2. If a mutually convenient time cannot be agreed upon, Friday, December 17, should be used as the alternate test date.

Students should report to the classroom listed on the Final Exam Schedule. The schedules are posted in Frame Hall, Suhr, Rhoades Center, and Montgomery Hall. Check the schedule for correct classroom and time.

PTK regrets that the flu shots scheduled to be given Nov. 10 & 11 had to be cancelled due to the unavailability of the vaccine.

The media publicity given to the upcoming flu season has created a demand for the vaccine that exceeded the expectations of the drug companies, which depleted their supplies.

We wish to thank everyone who expressed an interest and supported our club in this endeavor.

Creative Artisans

Creative Artisans will meet on Thursday, November 18 at 2:00 in Rhoades Center. The activity planned for this meeting is creating seasonal cards. Everyone is welcome!

Outdoor Club

The Outdoor Club will meet on Tuesday, November 16 at 1:30 in Rhoades Center. We will be scheduling events for next semester. Please come and bring your ideas.

Just as the Steelers came out on top last Sunday against the Bengals, you can come out on top with your career choice! You just need to "kick it off" at the Career Developmental Center. The Center, located in room 211 MH, has resources that can help you choose the right major, plan your career and find jobs in the location you'd like to be after graduation. Stop in today! Sheila-Rae is available Mon., 8:30-2, Tues. 8-2:30, and Thurs., 8:30-2:30 to assist you. If you received a Student Retention Plan Referral Form, it is vital that you make an appointment to meet with the Learning Skills Assistant, 208 Montgomery, M & R 10-3 or T & W 10. Call Darlene at 676-6591 ext 238 to make an appointment. Don't ignore this offer of a helping hand when your academic success is at stake.

CONGRATULATIONS

1. Congratulations to Kevin Weisenfluh, winner of the Open House drawing. Thanks to 4-year-old Christopher Krepp for drawing the winning ticket.
2. You still have time to take English 270, 1 credit, "Training for Writing Center Tutors" next term. Class has a limit of 10, and a permission slip from Dr. Huber is required.
Ask a Writing Consultant. We meet 1 hour/week that fits all our schedules, and each person serves 2 hours weekly, also to fit his/her schedule. Come see us and decide. We're not mini-English teachers; we're peers who listen and ask questions. _____ cont.

3. Final papers looming? Come to 105 Frame for a helpful ear, the first step toward many A's.

REASON TO SMILE

I've noticed that this semester has been a rough one for quite a few people, and when the stress builds up it is easy to get caught up with what's wrong with the world and to forget what's right with the world. (I've been guilty of this myself) During my shift at Rhoades desk on Tuesday, Nov. 9, I asked several people to tell me one good thing about the world and about life today. They came up with some good answers, which are listed below. To the nice man who came up with #4--I don't know your name, but thanks! Thank you to everyone who answered my questions!

1. Increased awareness of health issues, such as the dangers of smoking.
2. "Everyday is an opportunity, a clean slate."
3. Grandchildren
4. Compassion during time of need, such as when you lose a loved one.
5. "The efforts of society to combat the racial tension in the world."
6. The right to choose your way of life in our free country.
7. Being alive.
8. Kids, all the food we have in the U.S. to eat, the simple things like the flowers blooming.
9. "Friends and beautiful sunny days."
10. "Health care plan and NAFTA."
11. "The semester is more than half over."
12. Higher education. "We are in an institution of higher learning."
13. "There are less Americans at war than there was when I was in college."

Probably one of the most popular answers that I got was, "The beautiful weather that we are having today." Some of the ones I thought of are:

1. Nature walks
2. Family
3. The support of friends and colleagues (Who do more for us than we realize.)
4. Music
5. Hobbies and activities
6. Our country is still the best place to live in the world and has the most opportunities. We have our problems, but we also have answers. The keys are love and education.

JOB SEARCHING??

If you are in the process of locating part-time, full-time or summer employment or an internship you should be checking the job boards in Frame hallway, Rhoades lobby and outside of rooms 206 and 211 in Montgomery. New information is added to these boards as soon as it is received. It's not too early to be searching for your job if you are graduating in June of 94. The job boards may give you an idea of where you might apply. In the meantime attend one of the Job Skills Work Shops and learn about effective resume writing and interviewing. Workshops for this semester will be held Friday's. Nov. 19 and Dec. 3, 9- Noon in room 115 MH. All are welcome. Bring a notebook and pencil. If you need to make an individual appointment concerning any aspect of job searching, contact Angel Muschweck, RM 206 MH or call 676-6591.

If you missed the fight between Evander Holyfield & Riddick BOWE last Saturday, you missed a great fight, complete with a parachutist and the only knockdown made by Holyfield's trainer, Emanuel Steward, as he tackled his fighter at the end of the fight when the two fighters at the end of the event were hitting each other after the bell. Aside from it being a great fight, it was good to see the way the Champions respected each other afterwards. Boxing, in general, is looked upon negatively because of the type of sport it is and corruption. I was really pleased to hear Holyfield say, God gave him the inspiration and that he walks with his faith and not sight. He said the victory was his even before the fight. It goes to show you can do with a little faith. Very often, I will tell my students that this "STUFF" is not hard. I know that may frustrate some students. I hope they don't think that I am that far removed from their plight, to not understand what they are going through. I say it for the effect of getting them to believe that the material is not so insurmountable, and in fact many will say afterward that, "Yes it was not so hard." Although they did not realize it at the time, the victory was already theirs!

Venango Voice is Your Forum

Another World, by; Jad Aoun

The sound of bombs broke the midnight peace as streaks of fire ruled the skies. April 13, 1975. Lebanon was split into two sections: east and west. The east side, also referred to as the paradise of the country, became a war zone. Gangs were kicking citizens out of their homes and taking over their cars and businesses.

Born in Beirut, Lebanon I was one year of age when the war began. The building, where my family owned an apartment, is located in the inner city of Beirut, where the fighting took place. The building consists of fourteen apartments and stood seven stories tall. My family lived on the third floor. The street includes other apartment buildings which are distinct. The building adjacent from ours contains an underground shelter, where people would hide when the bombing began.

After weeks of intense fighting, suddenly the situation was calm. My family and I decided to leave the shelter and head up to our apartment, where we could catch up on our rest. As soon as we arrived there, we ate and rested. When it started getting late, we all decided to go to bed.

Laying in my bed, staring at the ceiling, I heard explosions outside the city. They sounded like a firecracker because they were so far out. I began to feel my heart pound faster as I became more and more scared. The rest of my family slept as if it was peaceful for the past few days. I quickly crawled under the covers and hoped the frightening sounds would die off. As I laid there curled up in a ball, holding my hands tightly against my ears, the explosion got closer and closer. Instead of sounding like firecrackers, they began to sound like dynamite. By now my heart was pounding 100 miles a minute. Suddenly, I heard a whistle in the sky, I thought "Oh no," and before I knew it, the roof of our apartment building was hit. It felt like a huge earthquake. The vibrations were so powerful, that the

walls were cracking and windows were shattering. With no electrical power available, I was in a state of panic. I felt like my life was coming to an end. I crawled under the bed and gave up hope. Minutes later, I heard my father screaming my name so I came out from underneath my bed. Feeling my way through the darkness, I luckily ran into him. He picked me up and said "Are you alright?" At that moment I couldn't reply because I was in total shock. All I could do was cry. He took me, along with the rest of my family and headed for the shelter in the building across the street. We had to go down at least five flights of stairs to get to the bottom of the building. On the way down, there were people crying and screaming. Large amounts of debris and dust filled the air so it was hard to breath without coughing. When we got outside the building, I looked at the top of it and saw fire and smoke. We finally made it down to the shelter which was three stories underground. There were about 50-100 people occupying it. It was claustrophobic. As I looked around, I could see fear in everyones's eyes. Babies were crying, women were screaming, and the injured were suffering. Luckily no one in my family was seriously injured, except for minor ear pain as a result of the pressure.

This is one of the incidents that had the greatest effect on me. It made me look upon life in a more mature way and make better decisions. The most important of all, it gave me the confidence to stand strong and face the most difficult problems.

Thank you Jad, for sharing with us and reminding all of us that it doesn't have to be Thanksgiving Day to recognize how fortunate we all are.

PTK

The PTK will be meeting December 2, 1993 at 8:00 am in room 228 MH. Please try to attend.

Student Senate Wants you to Voice Your Opinion

The following are current issues being discussed:

1. **Adopt a highway**-The Senate is looking into being a part of the Adopt-A-Highway Project. We do have a possible site here.
2. **Day Care**- Many talks have been held about starting a Day Care Program here. If you want to help or are interested in more information contact Lynn McDonald.
3. **Condom Machines**- We are considering installing condom machines in the restrooms in Rhoades. Please put your opinion in the box at Rhoades Hall.
4. **Parking Problems**- We are still looking into parking space. You will be finding 20 additional spaces very soon.
5. How to get you to attend the meetings that make decisions for you-please remember the Senate meetings are open for you to voice your opinions! **Senate meets on Monday at 4:30 pm in Rhoades.** We have placed a suggestion box at the desk in Rhoades for your convenience! All ideas and concerns are welcome.

❖❖❖ Attention Poets!! ❖❖❖

The National Library of Poetry has announced that \$12,000 in prizes will be awarded this year to over 250 poets in the North American Open Poetry Contest. The deadline for the contest is December 31, 1993. The contest is open to everyone and entry is FREE!

Any poet, whether previously published or not, can be a winner. Every poem entered has a chance to be published in a deluxe, hardbound anthology. To enter, send ONE original poem, any subject and any style, to:

The National Library of Poetry
11419 Cronridge Dr.
P.O. Box 704-ZT
Owings Mills, MD 21117

The poet's name and address should appear on the top of the page. The poem should be no more than 20 lines long.

❖❖❖ Call For Papers ❖❖❖

Have you written an essay this semester that you would like to submit for publication in the 1994 Clarion Voices-English 105?

The English Department invites you to submit your essay for review. Approximately 20-25 essays will be selected for the Harper-Collins Publication, so submit one or several essays.

Ask your professor for publication release and autobiography forms. Attach these to a clean copy of your essay. Submit the completed forms and essay to your professor, the English Department secretary, or the Director of Writing, Dr. Fink.

Deadline: Dec. 17, 1993

❖❖❖ REMEMBER!! ❖❖❖

Don't file those essay papers you wrote in English this semester, yet! Submit them to the Oil City Review Literary Journal!!

We are looking for fiction, non-fiction and poetry for the third edition of this fabulous publication. This year we will be accepting submissions from any talented people in Venango County. So tell your literary friends and family that they are eligible to submit too.

Simply drop off your piece (typed, with the author's name and phone number) to Dr. Phil Terman's mailbox in Frame Office, or in the "journal" mailbox in Rhoades.

Deadline for submissions is Feb. 15, 1994.

❖❖❖ Dime Shop ❖❖❖

In this day of economic hardship for many individuals on Venango Campus, Student Services would like to offer a bit of relief. They will be sponsoring a **Holiday Dime Shop on Tuesday, December 7, 1993.**

The purpose of the shop is to enable students, faculty and staff to buy some of their holiday gifts for under \$1.00. **This will also be a social time with cookies, punch, and holiday music.**

Any students, staff or faculty wishing to donate items to be sold, must do so before Dec. 7th by dropping them off in Rm 213 MH. These could be clothing, toys, household items, knick knacks....

Professional Haircuts will be offered for \$2.00. Tickets must be purchased in advance in Rm 213, MH, you will schedule an appointment at this time.

Male or Female

Are you going to Clarion Main Campus next semester and still in need of dormitory housing? For more information, please call (814) 226-2928. Ask for Chris Kemmerer or Jeff.

Needed

Caring, intelligent people who want to share their knowledge with others through tutoring. We have a couple of openings for work-study tutors for the spring semester. If you are interested, stop by 208 MH for an application.

If you have used the Center and have not been satisfied with the resources or could not find a specific topic--Please stop by and talk to Sheila, RM 211 MH, Ext. 272. If Sheila is not at the Center when you stop by, just leave your suggestion with any Student Service staff member.

All suggestions are appreciated! Thank You for your input--it really helps!

Wants You to Voice Your Opinion

The following are current issues that are being discussed:

1. **Adopt-A-Highway**--The Senate is looking into being a part of this project. We do have a possible site here.
 2. **Day Care**--Many talks have been held about starting a Day Care program on campus. If you want to help or are interested in more information--Contact Lynn McDonald.
 3. **Condom Machines**--We are considering the installation of condom machines in the restrooms in Rhoades. Please put your opinion in the box in Rhoades.
 4. **Parking Problems**--We are still looking into parking space. You will find 20 additional spaces very soon.
 5. **How to get you to attend meetings** that make decisions for you--please remember that the Senate meetings are held for you to voice your opinions! Senate meets on Monday at 4:30 In Rhoades. There is a suggestion box at the desk in Rhoades, all ideas are welcome.

STUDENT VOICES

HEALTHFUL HINTS

Dear Editor:

Clarion University's main campus has a football team because it is an attraction to the majority of its freshman students who are between the ages of 17 and 20. At CUP's Venango Campus where the returning adult is 71% of the student body and average enrollment age is 35, a campus child care center is the biggest attraction or could be if it had one.

The issue of child care at Venango Campus has been kicked around long enough. It's time for something to be done. If you think we, the students, are limited in what we can do, please think again.

You may think this to be a non-traditional, returning adult student problem. It's not. Look at these facts. If Venango offers child care, more students would enroll for classes: this would benefit all of CUP. The more applications received, the more the need for additional classes and class-times would have to be provided. This would benefit you. Plus for those who could use the center for field study, you would be able to do it right here and possibly gain a few dollars too.

There's no question: child care is needed at Venango. The problem is how and who will start it. The answer is YOU! Every student of CUP will benefit when Venango Campus has a child care center. Now is the time to have your voice heard. Pick your advisor, support personnel, student senate member to leave your options/suggestions with or leave them at the Rhoades desk. State why you would like to see this service offered. Leave your mark at CUP. Support child care at Venango Campus.

Clarion University of Pa*****Welcome Back!!***

It is 1994 and we are back. We are full of new hope, high expectations and looking forward to this semester. Whether you are a returning student or an incoming Freshman, we anticipate your need for valuable information concerning your college career. The Venango Voice is your link to the Administration, Student Senate, Student Services, Clubs, and the main campus. However, first and foremost, it is a forum for student voices. Anyone that wishes to give us a submission can do so by placing it in the Bulletin mailbox in Frame Office. Forms are available in every building at Venango Campus. You will find our office schedule and submission deadline in the next edition.

The Venango Voice provides important dates for upcoming events that you won't want to miss. Mark your monthly calendars that are located on the back page of every edition. This is our way of keeping you informed of all the activities that Clarion University has to offer. CUP is not only dedicated to assisting you in academic success, they provide cultural enrichment through the University and community. They recognize the student's need to just have a good time and host some fun events.

Don't forget that we are here for you. You will notice many changes in the Bulletin issues for the upcoming semester. This is due to the seminar that we attended before break. We learned many new ideas and skills, realizing that we were doing some things right, that was rewarding. Here's to a great 1994!

Campus Parking

Parking permits are required to park on Venango Campus. The permits cost \$2. Permits issued in the Fall are still valid for Spring semester. They will be on sale January 24th. Vehicles without permits may receive violation tickets beginning January 31st. Please follow the simple parking regulations: No backing into spaces, no parking along curbs of driveways, use only student lots and display university parking permit. Unauthorized use of visitor/guest spaces and handicapped spaces will result in a violation ticket. Removing a permit and using these spaces is unauthorized.

PARKING REGULATIONS ARE IN EFFECT MONDAY-FRIDAY, 8:00 AM TO 6:00 PM.

Drop/Add

Begins at Noon, Thursday, January 19th through Monday, January 24th. Drop/Add can be processed through Telephone Registration or in person in Frame Office.

Reminder

Do not just quit going to class. If you decide to withdraw, it must be done on an official "Class Withdrawal Form."

Student Profile

Being a full-time student at Venango Campus is not the only thing that fills up days for student, Harrietta Anderson. She is active in the Psych Club, of which she is treasurer, plus she is team coordinator and treasurer for the Venango County Jail Ministry. In the past, Mrs. Anderson has been a counselor for the Women's Services of Meadville, and a tutor for the Venango County Jail. For eight years she worked for the VNA.

After earning her degree in Social Science, she plans to continue as a teacher in prison and operate a half-way house called "First Step".

*Tips
from the
Learning
Skills
Center*

Does the TEST send shivers up and down your spine? It doesn't need to! There are some very specific things that you can be doing right now that can help ease the anxiety that sometimes occurs during a testing situation. Learning what to do NOW really helps for that big WHEN of taking a test. At the Learning Center, we offer one-on-one study and test taking assistance. We also have a large selection of video materials for the individuals who want to learn on their own, at their own pace. Drop by 208 MH and see Darlene. Her hours are: M&R 10:00-3:00, or T & W 10:00-2:00. This will help to take the chill off of studying and test taking. You can also call her at Ext. 283 to set up an appointment.

Career Development Center

Now that everyone has thawed out....Let's get back into the swing of things! Don't let that undecided major or career decision go one day longer. Stop in and see Sheila, Coordinator of the Career Development Center.

Plan on joining us for a much deserved and needed evening of relaxation!

Chinese New Year

As a part of the celebration of Chinese New Year, a display of Chinese culture will be featured in the Library foyer during the month of February. The Psychology Club will be offering a Chinese lunch in Rhoades from 11:45-12:45 on Weds. February 9, 1994. There will be a sign-up sheet at the desk in Rhoades and you may place your order here. The deadline for orders is Tuesday, February 8, 1994, at Noon.

Chinese New Year is on Feb. 10th this year. It is celebrated differently by the more than 50 nationalities within China and the many communities across Asia, the United States and other countries. Many Chinese still practice designed to pay homage to gods and kings and to observe customs such as settling old accounts. They bid farewell to the old year and welcome the arrival of the new.

New Year's Eve is a special night during the celebrations. Many traditional Chinese believe that during this night, deities return to Earth and the spirits of their ancestors come back for a family reunion. As a result, New Year's Eve is viewed as sacred and whatever one thinks or does can cause serious consequences for the New Year.

Longevity, happiness, and prosperity are the New Year wishes. Oranges and fish are often given as gifts. During the celebration, many shops, restaurants, and homes hang a red piece of paper with the word "Fu," which means happiness, blessings or good fortune.

That Nasty Habit

By: Cathy Bennett

Smoking in public places is a major issue throughout the United States. More businesses and social gathering spots are following the airlines and hospitals by banning smoking altogether. I have come to understand that this issue has been raised here on campus concerning Rhoades Center. Smokers gather at Rhoades puffing away like there is no tomorrow, sucking in that last drag before rushing back to classes. In the meantime, non-smokers wonder how many more tomorrows they will have as the clouds of smoke filter through the air.

Rhoades is the one place that many people converge whether it be to eat, socialize, study, or of course, smoke. We all pay a pretty penny to go to school here. We should have at least one place to go and relax as we see fit. However, the non-smokers cannot seem to relax with the tainted air surrounding them.

Being a smoker myself, I should probably support the other smokers here on campus, but it is not that easy for me. Of course, I want to do this nasty habit whenever and wherever I please, but that is exactly what it is, a nasty habit. Sometimes I feel guilty and wonder why others should suffer because of my dependency. The older I become the more conscious I am of smoking when I am around non-smokers. (Do I smell like smoke? Is the smoke going in their face?)

Rhoades Center has a designated area for smoking. This is a good solution but I do not think it is the best one. Smoke permeates the air and we have all heard about the dangers of second hand smoke. So, what is the solution? If it was up to me, I can bear five minutes outside to enjoy my cigarette in peace. I would also be willing to go to a special room or smokers' lounge. However, the decision is not mine and no matter what the outcome, I am sure not everyone will be happy.

I am certain that my opinion would upset fellow smokers, but I cannot help that I envy the non-smokers and freedom from cigarettes. They smell better, breathe easier, and most likely will live longer. We should all follow in their footsteps.

Should Tonya Harding be allowed to skate in the Olympics?

By: John Greci

Absolutely! What ever happened to "innocent until proven guilty?" I understand that any Olympian has to uphold certain ethical standards. But nothing has been proven. It is not a crime to withhold information. Even if it was, how long is too long? I mean, she did come forward. What if she would have reported it an hour later? Would you fault her for thinking about it too long? Afterall, this is no easy thing to do.

As far as ethics, who sets the standards? What if we would have found out that Nancy Kerrigan hasn't spoken to her family for three weeks because she is quarrelling with them. Do we hold that against her?

Many people are making judgements about Tonya because of her past. Do you know that I ran into a friend last week who actually said: "Because of her track record, Tonya Harding should be 'guilty until proven innocent?'" The only thing (up to this point) that Harding is guilty of is that she is not Nancy Kerrigan.

School Year is Still Available**

Surprised? Are you one of those students who thought you wouldn't need financial aid but in the middle of the semester you find yourself short?

If you have not previously filled out a Free Application for Federal Student Aid (FAFSA) you may still do so and if you qualify, may receive aid for the 1993-94 school year.

If you are uncertain whether you have previously applied or need the form to apply call Angel Muschweck at 676-6591 ext. 278 or visit RM 206 or 213 Montgomery to pick up a form. There is a deadline. Get the info A.S.A.P.!

Venango Campus Scholarships

- * Will you be attending Venango Campus for Fall 1994?**
- * Can you read?**
- * Can you write?**
- * Are you breathing?**

If you can answer yes to all these questions and would appreciate some help paying your tuition bill, then you have until February 22, 1994 to do something about it.

**APPLY FOR THE VENANGO CAMPUS
SCHOLARSHIPS BY FILLING OUT ONE
FORM**

Get the yellow, front page packet at Frame Office or Montgomery Rm 213. Fill in the information and return it to Frame by February 22, 1994. We can't give you money if we don't know your need.

For Your Information

New Students

If you do not know who your Mentor is, please check the "Red Wall" in Frame. It is important that you meet with your mentor at least three times this semester. If you have any questions, please see Kim Price, 209 MH or Barb Reagle 212 MH.

Have an Idea?

Students interested in selecting the programs and events for next year, the Campus Activities Board (CAB) meets every Thursday at 1:30 pm in the Rhoades meeting room. Everyone is welcome!

If you are unable to attend, write your ideas down and drop them off at the CAB Office 203MH or Kim Price's office 209MH. Selections for Fall '94 will be made by March 4 and general themes and ideas for Spring '95 will be tabled.

Get your ideas heard!

Notice

Day Care Questionnaire

Is campus day care a concern for you? Watch for a questionnaire in the mail, and take a few minutes to fill it out and return it. After years in the forming the ball it is now rolling. The louder the voice the quicker the response will be.

Spring Advisors

Spring 1994 Advisor assignments have been posted on the "Red Wall" outside Frame Office. If you have any questions, please see Penny in the Administration Office.

BE PUBLISHED!

This year will be the third edition of the Venango Campus' literary journal, The Oil City Review. The submission date has been extended to March 1, so there is time left for students, faculty and staff to get their favorite piece of original poetry, short story, or essay to Dr. Phil Terman's mailbox in Frame, or the Journal Box in Rhoades.

This will be the first year we are accepting submissions from residents of Venango and Clarion County. If you know someone that writes, encourage them to send us a piece of their work along with their name, address and a contact phone number.

The Oil City Review will be hot off the press sometime in April, ready for the Coffee House that will feature published Review writers and local musicians. Dates and times will be here in the Voice.

Tell Us

Your Secrets!

...Recipe that is! The ALO is printing a cookbook, Venango Vittles. It will be comprised of recipes submitted by students, staff and faculty. ALO is requesting your submissions by March 1. Take a minute of your time and write down your favorite recipe(s) and give it to any ALO member. If you have any questions, see Ann Speth or Lou Adleson.

All About A.L.O

What is it?

-The Adult Learner's Org.
-A nationwide organization
-Adult Learner's, Returning Students, Older Students, Non-Traditional Students, these are all names given to non-contemporary aged people attending a campus.
-Adult Learners have unique problems and questions
-Adult Learners have homes to maintain, children, jobs, and many other responsibilities.
-Adult Learners make up the greater % of students at Venango Campus.
-A.L.O is the second largest club at Venango Campus.
-A.L.O plans many fun, inexpensive, family-oriented get-togethers.
-A.L.O meets in Rhoades every Thursday at 12:30. Look for Lou Adelson, Aaron Davis, or Paula Vath.

From A.L.O's TIME to TALK Problem:

My children seem to want more attention at the same I sit down to do school work.

Solution:

Involve the children in ways that they can manage. Have them do little tasks that make them feel important. Ask them to go to a certain page, or get you a book. Ask them for a new sheet of paper. Older children may feel good about reading you lesson to you while you do the dishes or ironing. **Include them in every way you possibly can!!**

Showcasing '92 Edition of the Oil City Review-Out of the Shadows

Fishing

By: Rhonda Barnett- Editor '94 Oil City Review

With mouths stretched wide
they anxiously watch
and eagerly wait
for my passive familiarity
tenaciously they throw out the line
expecting the alluring ring to be answered
Prepared to pull out my heart
one sweet word at a time
through controlled lines of love
ending in contrived fish hooks and surgery bait,
they wait. Once bitten, they suck my life out
in the ancient tradition of bloodletting gone amuck
using innocent words tested and rehearsed before;

"How's the weather? How are the animals How's the job? How's school?

We love you

I haven't heard from your son. He doesn't write

We miss you

The dresses will be too expensive. Carol never calls, she's a real bitch. Shannon is selfish.

Why don't you drop us a line once in a while?"

The tension weakens.

Leaving no time for response, they pull at the bait

"Doctor says there's nothing wrong with our liver. We got new windows. We're on the patch."

Like a list of tabloid headlines, the hypnotic pace

draws shutters of my mind

Sensing the closure

the chase quickens

becomes more focused on the kill

they tug harder

confidently sure the hook will set

"You have to come for Christmas! What if it snows? We're too old to travel."

A slow death is the only outcome they will accept.

Their pursuit

to satisfy their endless hunger

has been unrelenting

through all of my seasons.

The taut, frayed line snaps

under the restrictive pressure

of years.

Their prey will be victim no longer.

Like a metal splinter

Slowly working it's way

to the surface of the skin

The emotional hooks

and confused tangle of lines

are deliberately dislodged

from the scarred, delicate tissue

deep within the canal

leading to my heart.

Salty ocean water rushes in

and around my memories

The icy cold of stark reality

painfully cleanses the wounds that would not heal.

Alone, escaping into an open sea

a dolphin swims freely

in small, carefully chosen schools.

Student Senate and the Campus Activities Board will be holding elections in April. Applications are available in RM 209 MH. Get an early start!

Clubs and Organizations

Your advisor and mailbox in Rhoades have received preliminary budget for next year '94-'95. Please review your budget. If you are not satisfied with your budget, please sign up for a hearing date and time. Sign up sheets will be on the door of the Senate Office in Rhoades and 209 MH. Hearings will be held March 23 & 30. Even if your budget is satisfactory, be aware it could change slightly by final approval. There is only so much money available and Senate is working very hard to make the process fair for everyone.

Live Performance**of****101 Dalmations**

This performance will be held Friday, March 25th at 7:00pm at the Drake Theatre in Oil City. Tickets are available at the bookstore, Venango Students and children under 12 are only \$3, general public only \$5.

Business Club sponsors Easter Drive

April 4th is Easter, a holiday celebrating springtime, hope, and a fresh start. Not everyone is able to share in this hope, however. There are many people and families in our area who are disadvantaged and don't have the resources to provide their children and themselves with the traditional trimmings associated with the holiday.

For the third year, the Venango Campus Business Club is sponsoring a collection of nonperishable food items, candy, and other things associated with Easter (jellybeans, small stuffed animals and toys) to assemble into little baskets. The baskets will be distributed through a local service organization.

Watch for the boxes in the lobbies of all the buildings on campus and help make Easter a little brighter for some area children!

Coming Soon To The Rhoades Center Near You

Plans are in the making for the Career/Employment Day at Venango Campus. The date has been set for Wednesday, April 20th, beginning at 9:30 am with a presentation by the Small Business Administration of Clarion. The process and issues concerning the setting up of a small business, especially a home business, will be addressed. Area businesses and organizations have been invited to take part in an open gym area, from 11:30 -3:00 pm. They will be available to students to have any questions answered concerning the employment possibilities within the profession or with the actual company represented. During this time students will also be able to participate in mock interviews which will be done by volunteers from the Oil City Rotary Club. Students interested in having a mock interview this day are asked to submit a resume, and if possible, a cover letter by April 5th to Angel Muschweck in RM 206 MH.

This project is a coordination of the Career Center and the Placement Services of Venango Campus. Plans are still in the preliminary stages. We invite your comments and suggestions to make this the best program possible for you, the student. The community at large will also be invited to participate in this program. Your support will be greatly appreciated and you will benefit from this day of activity.

For more information, or to give information and comments, contact Angel Muschweck or Sheila Rossi at 676-6592 ext. 272 or 278. More information will be published in the weekly Venango Voice as the plans become definite!

Sound Familiar? Has it been a while since you have listened to some good music?

A NIGHT full of friends, a spectacular light show, and all the CLASSIC tunes bridging the 50's-90's is coming to Rhoades. We have already proven multigenerations can learn and study together.....at the Saint Patrick's Day Dance Thursday, March 17th. Let's dance together and sit back and enjoy some classic rock-n-roll.

The event is FREE and you are welcome to bring a friend or your significant other. Wear your green, or better yet dress in style to your favorite rock era. Dig out that poodle skirt and leather jacket, go to your attic and pull on a pair of bell bottoms and a tie dyed t-shirt, wear your favorite concert or album T-shirt, even a polyester John Travolta or a Frank Zappa look a like would be cool... sorry NO RAP!! Remember it's March 17, 8pm-midnight in Rhoades. Music and light show by The Hip Hop DJ's. This is another C.A.B. sponsored event!

Feeling healthy is a phone call away!

Don't get caught up in the vicious cycle of , "I can't afford to go to the doctors; I can't get to class because I am not well; I know I could have done better on that test had I felt better." There are Medical Services available to all C.U.P. students. The Health Center in Clarion is partially funded through your tuition fees; and it's there for you to use! Diagnostic visits are free, prescribed meds and tests are services offered at a reduced rate with your student I.D. Don't let poor health get in your way of achieving academic sucess!

Health Center Hours; by appointment

Monday-Fridays from 8am-8pm

Saturdays and Sundays from 1pm-5pm

**They have specific emergency walk-in times
Need a flu shot? Pregnancy testing? Diagnostic testing needed? Need a quarter? You've got the number!!**

That's Not All!

Free Diagnosic Emergency care is available to all V.C. Student's with a valid I.D.at Franklin and Oil City Hospital Emergency Rooms, until funding is depleted. This service DOES NOT cover the cost of test, x-rays, etc. just the doctor's fee. However, don't knock it! It will still add up to savings and better health care for you!!

Beware

The parking police are looking for illegally parked vehicles. Please be considerate to others and abide the parking regulations!

Myrtle Beach S.C.

Imagine the smell of the salty ocean, the feel of the hot sun on your face and warm sand on your feet. Don't procrastinate and miss out on the end of the year trip to Myrtle Beach -Get your deposit down on a good time and well deserved trip!

Deposits are due to reserve your space on the bus by March 31st. This amount is a minimum of \$50.00.

We are staying at the Caravelle Resort in Oceanfront Executive Suites; six people per room; full kitchen and living room.

The bus will depart at 12:01 am on Monday, May 16th. Complete itineraries will be available in the bookstore on April 11th. we will be home on Friday, May 20th around midnight.

One night will be a progressive dinner. Each room will be responsible for one part of the meal. The catch is each course must be an authentic dish from a country your group selects. No two can be from the same country. More details will be on the complete itinerary. If you have any questions or ideas about the trip, see Kim Price.

Write-Inn News

Pat Silvis was the winner of the open house door prize from the Write-Inn. Pat won a gift certificate for the Bookstore. Have you been to the Write Inn Center? They now have more computers and plenty of consultants there to help you with your papers. Stuck? Can't find a topic? Go to the

Write-Inn!!!

If picking out what is important in your textbooks is as difficult as spotting a zebra in a striped room; you may need some basic study skills assistance. Drop by 208 MH or call Darlene at Ext. 283 to set up an appointment. Darlene's hours are M&R, 10am-3pm, T&W, 10am-2pm.

A Wonderful Opportunity For Next Year

Are you a caring person who likes to help others?

Would you like a recommendation which will truly strengthen your resume?

Do you have high grades in a particular area?

If you can answer "yes" to the three questions above, consider being a Tutor next year. The research on student success indicates that students that work a moderate number of hours (10-15 hrs./week) actually do better academically than those who do not work. Also, career development specialists tell us that a successful work history is just as important as good grades. If you think tutoring might be for you, explore the possibility with Darlene Hartman (RM208 MH); M&R, 10-3, or T&W 10-2, or see Karen Bingham, T&R 9-12. You can also phone them at ext. 283.

Career Development News

Do you realize there is less than 2 months left in this semester?

May graduates-what are your plans for June? Undecided majors-what are you going to schedule for fall semester?

Stop in and talk with Sheila about your concerns. Sheila's office hours are Mondays 11-4.30, Tuesdays 8:30-4, Wednesdays 11-4.

Students who used the Career Development Center Last Semester

Please fill out and return the evaluation Sheila sent you in the mail. If you didn't receive one or misplaced the one you did receive, stop by Student Services and pick one up. These evaluations are important to the continued growth of the Career Development Center!

Eligible for work study for the 94-95 school year?

Would you like to be more involved with your campus?

Interested in learning Page Maker?

Do you have creative ideas on how your school paper could be improved? Are you a Comm Major? **Would you enjoy being the Editor of the Venango Voice?** If you are interested in the open position(s) for the fall, **please contact Kim Price or see Stevette Wood or Loni Burchfield.**

The Editor's Question Box

MARCH

Preservation of the Earth and
the environment are among the
hottest topics of today. Everyone
should be involved in saving re-
sources, reducing waste going to
landfills, and protecting nature.

Our question this month is:
*What have you done in the
last year to protect the Earth
and its environment?*

Maybe you helped to beautify a
park, or were careful about dis-
carding toxic materials. What you
did to conserve energy, or water,
or encourage wildlife could give
others an idea about something
similar. So please let us hear from
you.

These tests are a university requirement for all students! These tests will be given on April 12 in RM208 Frame, the English test will be given at 6:30 pm and the Math at 7:45 pm.

Yearbook Pictures-Not to Late!

Drop off a color-wallet size photo of yourself along with a list of the activities you have been involved in and any awards you received. A short quote, fondest memory or outlook on life may be submitted (30 words or less). Please have these submissions to Rhoades by April 11. Sorry for any inconvenience.

...But Seriously Folks...

Habitat for Humanity Challenges You!!

To all students, faculty and employees of Clarion University; join the Hike for Habitat on Saturday, April 16, 1994 at Noon. The hike will cover about five miles around Clarion, starting at Gemmell Complex. All participants must pre-register by stopping at the UCM office at 267, Gemmell or call Lynn Haraldson at Ext. 2711. Registration will be provided by Alpha Phi Omega at 11:30 on Saturday, April 16th. A drink station will be provided by the Returning Adult Commuter Students (RACS). Rain date is April 23, 1994.

What is Habitat for Humanity?

This organization provides various services within the Clarion area. They want people to be aware of the homeless situation and do something about it. They also help people that are physically challenged or underprivileged. In the past, they have built access ramps, porches, they have repaired plumbing, flooring, painting, insulation, and much more. With campus and community involvement, more projects can be completed by our over 70 volunteers.

My Opinion by John Greci

I have one thing to say to the critics of Michael Jordan's attempt to play major league baseball.

LIGHTEN UP!!

So what if he hasn't played baseball since high school. So what if he was taking the roster spot of someone else at spring training. So what if it was done for publicity. Who really cared about spring training before this year?

I think it is great that he is trying this new endeavor. Ralph Waldo Emerson once said: "Neither you nor the world knows what you can do until you've tried." I think it is great that Michael Jordan is not afraid to fail. I think that there is a message in that for all of us. I remember Matt Williams, third baseman for the Giants, after having a terrible 92 season and a great 93 season, saying: "You haven't lived until you have failed." No one wants to fail but that is what makes success so sweet. I was never a big fan of Jordan's because his ego might even be bigger than mine. However, I will root for him to get a hit every time!!

Take Back the Night

Family Service & Children's Aid Society Rape Crisis/Domestic Violence Center is sponsoring a Take Back the Night March and Rally on April 14, 1994, beginning at 6:30 pm. We will meet in the parking lot of Family Service, 716 East 2nd Street, Oil City, and proceed to Justus Park. At the park there will be several speakers who will address issues and concerns with sexual assault.

April is Sexual Assault Awareness Month and is recognized as such across the country. The theme this year is: "Enough is Enough: Forever United, Safe and Strong." Join us on April 14th!! For more information, please call 677-7273.

Do You Fit the Profile?

What does it take to be a successful student? According to recent research on the learning and thinking strategies of successful learners, here are four strategies:

- *Ask questions of new material presented in lectures or books—thinking about which question the material answers and which it does not.

- *Break up large tasks and complex ideas into manageable parts

- *Direct your studies to meet the goals of the instructor (objectives)

- *Take feedback, testing yourself informally to see how much you are learning

- *This article can be found in Success in College & Beyond, Marcia Heiman and Joshua Slomianko.

You can learn these strategies and increase your potential for being a successful student. Call Darlene, Ext. 283 or stop by RM 208, MH to find out how you can shape your profile into that of a successful, active student.

Step away from walkway danger

Walking is one activity that involves virtually everyone, regardless of job or work location. Because everyone does it every day, it's not surprising that falls and bumps are among the most common types of workplace injuries.

It doesn't matter that you are strong and well-coordinated. You could trip and fall. Even if you are slower-moving, older and more dignified, your dignity can be quashed in a moment by a fall that leaves you sprawling and injured on the floor.

When involved in the most-common activity of walking, consider these points that will help you step away from hazards:

1. Walk in the right places. Skip shortcuts through the office or plant. Don't cut through rows of cars in the parking lot.

2. Watch where you are going, especially when turning corners. You could avoid a painful collision.

3. Take personal responsibility for all walkways. If there is liquid on the floor, wipe it up yourself or be sure someone else does it. Push any protruding carton or object back out of the common walking path.

4. Don't be in such a rush. Allow enough time to get where you are going so you don't have to rush. People in a great hurry may not take the right precautions (see 1 through 3 above).

5. Be careful on the stairs. Don't go up or down more than one step at a time. Use the handrail, and pay attention to what you are doing.

All the king's horses and all the king's men couldn't put Humpty-Dumpty together after his great fall. With modern medical help we could probably put you back together again, but it wouldn't be a pleasant experience.

Walk with care.

SPRING SOFTBALL

If you are interested in spring softball, please leave your name and number in the coach's office in Rhoades.

ATTENTION ALL MAY GRADUATES

Something new has been added. We are going to bestow PHT Degrees at the Spring Dinner-Dance. What is a PHT Degree? PHT stands for putting him or her through. The Graduate chooses the "significant other" who has helped put him or her through. The significant other is given a certificate that officially bestows the honorary PHT Degree standing. Does this sound interesting to you? Would you like to thank & honor the spouse, child, prof, friend, parent, etc. that has helped to "put you through?" Call Kim Price, ext. 273 or Darlene, ext. 283 for more information or to register your significant other for their PHT Degree.

1994-1995 Session Want Ads Student Services is looking for a few good people to be Student Mentors.

Applications and job descriptions are available in Rhoades, Frame Office, and the Student Services Office, MH. Applications are due by April 22 to Frame Office. Dr. Barb Reagle is available to answer any questions and can be reached at ext. 270. This is a five hour a week paid position that is a significant addition to your resume down the road. It is also a great way to meet the new incoming Freshman!

**Are you a caring person who
likes to help others?**

**Would you like a recommen-
dation which will truly
strengthen your resume?**

**Do you have high grades in a
particular area?**

If you can answer "yes" to the three questions above, consider being a Tutor next year. The research on student success indicates that students that work a moderate number of hours (10-15 hrs./week) actually do better academically than those who do not work. Also, career development specialists tell us that a successful work history is just as important as good grades. If you think tutoring might be for you, explore the possibility with Darlene Hartman (RM208 MH); M&R, 10-3, or T&W 10-2, or see Karen Bingham, T&R 9-12. You can also phone them at ext. 283.

TAKE NOTE!!

The following Tutor Schedule is valid only until Friday, May 6, 1994. This is to ensure your Tutor's have ample time to prepare for finals too! Don't wait until the last minute to get the help you need.

EVENTS YOU'LL REMEMBER

Surviving the Mental Health Care System

Art Leibowitz, executive director of the Southwest Mental Health Consumers Association, will be speaking on "Surviving the Mental Health Care System" on April 21, 7:30 pm at Rhoades Center. His talk is part of the Medical Ethics Lecture Series, sponsored by the CAB and Psychology Club. His talk is free of charge and open to the public.

Mr. Leibowitz is a resident of Pittsburgh and has been involved in the mental health system for the past thirty years. In addition to his work with the Southwest Mental Health Consumers Association, he is currently the Director of the Well Spring Drop-In Center, and the Regional Coordinator of Support Coalition International. He is also a past President of the Pa. Mental Health Consumers Association, and a published poet.

His lecture will provide a wealth of information about the mental health system, including a discussion of the mental health care survivors' movement, its history, and present status both nationally and locally. He will also tell of his personal history with the mental health care system in the form of a poem.

Mr. Leibowitz is currently working with the mental health system survivors by encouraging them to use their creative abilities. He is in the process of forming groups in Pittsburgh called Artists Against Stigma and Artists for Recovery.

Transition Planning Workshop

sponsored by CEC

A learning experience you won't want to miss! The Venango Campus Council For Exceptional Children will be bringing you this important educational workshop on Friday, April 29 in Rhoades Auditorium. Ms. Lisa Turner, a doctoral student at Kent State University, will be presenting valuable information on the complex process of transition planning. With over 15 years experience in teaching and developing programs for persons with disabilities, Ms. Turner will describe this process by utilizing a format to make transition easily understandable for parents, teachers, and adult service providers. Those participating will learn how this transition planning model is implemented through a collaboration of families, schools, adult service providers, and employers, with an emphasis on family participation. This workshop is recommended and especially appropriate for professionals, paraprofessionals, administrators, parents, and students majoring in Human Services.

Registration is from 8:30 am to 8:45 am. The cost of registration is \$3.00 payable on the day of the workshop. Clarion University Students will be addmitted free! See you there.

The BULLETIN is published periodically by Venango Campus, 1801 West First Street, Oil City. Articles within the publication reflect the philosophy of Venango Campus Student Association and do not necessarily represent the official position of Clarion University. Clarion University is committed to equal opportunities and affirmative action for all persons in its education program activities and employment practices. Final Tips from Dr. Forden

- 1) Law of Frequency-A good way to transfer the info into long-term memory is to rehearse.
- 2) Law of Recency-Review all of your notes right before the test.
- 3) Distributed Practice- Unlike cramming, spread your studying out over a period of a week.
- 4) Organize and Give Meaning To-Giving meaning to what you study will improve your memory. If you recall info verbally and use a picture, it will stay in long-term memory. Mnemonics are great way to remember.
- 5) Law of Distinctiveness-Unusual things stand out therefore, find a different way to make it stand out in your mind.
- 6) Replicate Your Environment-Attempt to make your study atmosphere the same as your test atmosphere. Did you know that wearing the same cologne while you studied and during the exam will be helpful?
- 7) Know What Kind of Exam You are Taking
- 8) Motivation-Even if you hate your class, find a way to make it motivational factor. Its proven that students who want to learn-do learn more!

Good Luck!!

ATTENTION ALL MAY GRADUATES

Something new has been added. We are going to bestow PHT Degrees at the Spring Dinner-Dance. What is a PHT Degree? PHT stands for putting him or her through. The Graduate chooses the "significant other" who has helped put him or her through. The significant other is given a certificate that officially bestows the honorary PHT Degree standing. Does this sound interesting to you? Would you like to thank & honor the spouse, child, prof, friend, parent, etc. that has helped to "put you through?" Call Kim Price, ext. 273 or Darlene, ext. 283 for more information or to register your significant other for their PHT Degree.

Orders for the 1994 Venango Campus Pathfinder are being taken from April 18th - 21st at the Rhoades desk. The yearbooks will be sent to your home for only \$3.00 which includes postage and handling. Payments are expected when you place your order. Save your Venango Campus memories with a yearbook. Questions or additional orders, please contact the Student Service Secretaries Office.

1994-1995 Session Want Ads Student Services is looking for a few good people to be Student Mentors.

Applications and job descriptions are available in Rhoades, Frame Office, and the Student Services Office, MH. Applications are due by April 22 to Frame Office. Dr. Barb Reagle is available to answer any questions and can be reached at ext. 270. This is a five hour a week paid position that is a significant addition to your resume down the road. It is also a great way to meet the new incoming Freshman!

**Are you a caring person who
likes to help others?**

**Would you like a recommen-
dation which will truly
strengthen your resume?**

**Do you have high grades in a
particular area?**

If you can answer "yes" to the three questions above, consider being a Tutor next year. The research on student success indicates that students that work a moderate number of hours (10-15 hrs./week) actually do better academically than those who do not work. Also, career development specialists tell us that a successful work history is just as important as good grades. If you think tutoring might be for you, explore the possibility with Darlene Hartman (RM208 MH); M&R, 10-3, or T&W 10-2, or see Karen Bingham, T&R 9-12. You can also phone them at ext. 283.

From Sharon

Since high school was 20 some years ago, my goal starting college was just to graduate. After getting into the groove I set a goal to make the Dean's List which I finally accomplished last semester. Never in my wildest dreams did I see myself as the "Outstanding Student in Business". It is an honor which I will always cherish and I thank you for this honor- whoever is responsible.

Sharon Shreffler

THANKS

Thanks from the Box Turtles

Those of you who contributed to the fund-raiser for the Box Turtle recovery project during last Fall's plant sale will probably be happy to hear that all four turtles from the first year's phase of this project survived the bitter cold winter. Because we were able to electronically track each to its hibernation site, we were able to protect each turtle's hibernaculum and provide extra insulation of hay and leaves (which is important for turtles to survive 30-below nights in a new habitat where they lack the years of experience necessary to know the location of the softest and deepest soil needed for good hibernation sites). So thanks again for your interest and donations to that effort.

Bill Belzar

Memorial Day,
1994
Lest we Forget

THANKS

Well, here it is just a couple short weeks from the end of another semester. For many of us, including me, it will be the last at Venango Campus. Although I will be back in the Fall as a tutor, my days as a student here will be officially over. It is so hard to believe that three years ago I was a kid right out of high school who thought I knew everything, but had no clue that I hadn't seen anything yet. Now I realize that we never do know anything; we never do "arrive", but that education is a lifelong ride and we need to enjoy it. (OK, I admit that sounds quite a bit like Dr. Blake, but I agree with him.) We've all come here to Venango from different lives and backgrounds, but we can put financial, social, and age differences behind us and be each other's second family. Through the good times, our friends are there to laugh with us; through the tough times, they are there to listen and help; and of course through the studying, they are there to commiserate. I would like to thank my friends (You know who you are!) for all your support, especially this past year since it's really been rough; also all the professors I've had the opportunity to learn from, both about their subject areas and about life; the office, Student Mentors, Student Services, The Business Club, PTK, The Write-Inn Consultants, CAB, and all the advisors and supervisors, for all the opportunities.

To my proteges and everyone else who's coming back next fall: Good luck, work hard, and don't forget to have some fun!

To absolutely everyone: Be strong, keep the faith and never stop learning!

Susan Harry

....More Thanks....

The Oil City Review (*Staff*) wishes to extend their gratitude to all who submitted to this years edition. We recieved over 250 submissions and regret that we will be unable to publish them all. Each person will recieve a notification. Thank you for the tremendous response and keep writing because, we look forward to reading your submissions next year! We hope to see all of you at the Review's Coffee House on May, 6th.

As the semester draws to a close, I would like to take this opportunity to thank the students, faculty, and staff for their patronage. If you are graduating, I wish you much luck and success in your future endeavors. If you are returning in the fall, I look forward to seeing you. It has been a pleasure to work with all of you and I hope everyone has a great summer!

Registration packets will be available in Frame Office on May 9, 1994. They must be completed and returned by May 13th!

If you need Physical Science 111 this summer - sign up now!

Physical Science 11: Chemistry is being offered first summer session, June 13 - July 15, from 10:00 A.M. - 11:50 A.M. MTWR. Some need this class for entry into nursing or for elementary education. Others can use it for a general education science and math course. It is being taught by Dr. William Sharpe, who brings a fresh insight and a Sharpe wit to the course. The problem is it is contingent on sufficient enrollment and as of April 28 there were only 8 enrolled. If you want this course be sure you preregister soon or it could be dropped for insufficient enrollment.

ATTENTION ALL CLUBS

Kim Price needs your list of officers and three-ring binders turned in by 5/26. All bills and UPR's must be turned in for payment by this date unless other arrangements are made before school ends on 5/12. If not submitted the bills will be paid from your 94 - 95 year budget!

The 1994 - 1995 Student Calendar Needs You!

Student Services is working on the Fall '94 Student Calendar and Handbook. Only a few dates for events and programs have been submitted. We would hate to leave your groups important information out due to the lack of submissions on your part. Please turn any information in to Kim Price via her mailbox in Frame, or in RM, 209M.

GRADUATES!

Remember! Commencement rehearsal is on Friday May 13th from noon - 1:00 P.M. Don't forget to pick up your cap and gown in Rhoades!

IT'S FINALS TIME!

So, how do you survive & still have family, and co-workers left?

1) Make a study plan. Be specific: ex. Mon. - Read & Study Chapters 24-27 for History Tues. - Complete all Computer assignments and review Accounting vocabulary.

2) Do short (no more than 30 min.), intensive study sessions with a 10 min. break in between.

3) Study in a group of no more than 5. Quiz yourselves. Make it fun. A quick round of Jeopardy using your notes from A&P is much more fun than reading those same notes to yourself seven times.

4) See a tutor for more specific one-on-one help. (210 MH)

5) Schedule some sort of physical exercise to help reduce stress.

6) Smile! At least it isn't 20-below and snowing any more!

ADIOS

In every language it means the same thing, goodbye. However, simply signing off, wouldn't seem right. It has been a great pleasure working as Editors for the Voice. Despite blunders we learned a great deal of information that we will carry with us for the rest of our life. We took the responsibility of being YOUR voice very seriously. We attempted to lighten your reading with fiction and facts. We would like to extend our thanks to everyone who read the Voice, submitted articles and gave us guidance. We wish all of you a summer that is full of warmth, magic, fun, and continuing intellectual enrichment! Next fall two "fresh" Editors will take over the job of bringing you the Voice. Please give them a warm Venango Campus welcome, respect for their deadlines and guidance. We thought you might enjoy giving them ideas now on which type of information already being printed you'd like to keep seeing, as well which ones you'd rather see eliminated and any new literary concepts you'd like them to bring you. Please take the time to fill out the questionnaire below and leave it at Rhoades desk.

To the Graduates, we wish you luck. You symbolize for us a light at the end of a sometimes dark tunnel. To Dr. Terman, thank you for your patience, guidance and the spirit of believing in newspapers being more than ads and deadlines. To Kim Price, you've got patience we'd like to patent, you guided and supported us every step of the way, you even jumped in and battled with us! To Barb Reagle, your unconditional support is one that can't be measured. To Bill Adams, your a great Prof and a good friend. Don't worry guys this will eventually end.

Thanks to everyone for your support!

*With Friendship,
Your Editors
